

Yorkshire Building Society

(Incorporated in England under the Building Societies Act 1986)

£5,000,000,000

Note Programme

for the issue of Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes with a minimum maturity of one month

On 28 July 1993 Yorkshire Building Society (the "**Issuer**" or the "**Society**") entered into a £500,000,000 Note Programme (the "**Programme**") and issued a prospectus on that date describing the Programme. On 25 May 2005, the aggregate nominal amount of Euro Medium Term Notes which may be issued under the Programme was increased to £5,000,000,000. This Prospectus supersedes all previous prospectuses. Any Notes (as defined below) to be issued under the Programme, on or after the date of this Prospectus, are issued subject to the provisions described herein. This does not affect any Notes issued before the date of this Prospectus.

Pursuant to the Programme, the Issuer (which expression and the expression "**Society**" shall include any successor or substitute (see Condition 14)) may from time to time issue in one or more Tranches (as defined herein) Notes (the "**Notes**", which expression shall include Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes (each as defined in the Trust Deed (as defined herein))). The maximum aggregate nominal amount of all Notes from time to time outstanding under the Programme will not exceed £5,000,000,000 (or its equivalent in other currencies calculated as described in the Programme Agreement described herein), subject to increase as described herein. The Senior Preferred Notes and any relative Coupons will constitute "ordinary non-preferential debt" for the purposes of The Banks and Building Societies (Priorities on Insolvency) Order 2018 (as the same may be amended, supplemented or replaced from time to time, the "**Order**") and any law or regulation applicable to the Issuer which is amended by the Order (together, the "**Ranking Legislation**"). The Senior Non-Preferred Notes and any relative Coupons will constitute "secondary non-preferential debt" for the purposes of the Ranking Legislation. The Subordinated Notes and any relative Coupons will constitute "tertiary non-preferential debt" for the purposes of the Ranking Legislation.

The Notes may be issued from time to time to one or more of the Dealers specified under "*Description of the Programme*" (each a "**Dealer**" and together the "**Dealers**", which expression shall include any additional Dealer appointed under the Programme from time to time).

An investment in Notes issued under the Programme involves certain risks. For a discussion of these risks see "*Risk Factors*".

Application has been made to the Financial Conduct Authority in its capacity as competent authority (the "**UK Listing Authority**") for Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes issued under the Programme up to the expiry of 12 months from the date of this Prospectus to be admitted to the official list of the UK Listing Authority (the "**Official List**") and to the London Stock Exchange plc (the "**London Stock Exchange**") for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market.

References in this Prospectus to Notes being "**listed**" (and all related references) shall mean that such Notes have been admitted to trading on the London Stock Exchange's Regulated Market and have been admitted to the Official List. The London Stock Exchange's Regulated Market is a regulated market for the purposes of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments (as amended, "**MiFID II**").

Notice of the aggregate nominal amount of interest (if any) payable in respect of Notes, the issue price of Notes, and certain other information which is applicable to each Tranche of Notes will be set out in a final terms document (the "**Final Terms**") which will be delivered to the UK Listing Authority and the London Stock Exchange. Copies of Final Terms in relation to Notes to be listed on the London Stock Exchange will also be published on the website of the London Stock Exchange through a regulatory information service.

The Notes of each Tranche will initially be represented by a Temporary Global Note which will be exchangeable for a Permanent Global Note or Notes in definitive form (as indicated in the applicable Final Terms) in each case, upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury Regulations. As further described in "*Form of the Notes*" below, the applicable Final Terms will specify that a Permanent Global Note is exchangeable (in whole but not in part) for definitive Notes upon the occurrence of an Exchange Event (as defined on page 44).

The Issuer has a long-term/subordinated debt rating of A3/Baa1 by Moody's Investors Service Limited ("**Moody's**") and A-/BBB+ by Fitch Ratings Ltd. ("**Fitch**"). Each of Moody's and Fitch is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). As such each of Moody's and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with the CRA Regulation. Notes issued under the Programme may be rated or unrated by either of the rating agencies referred to above. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Issuer by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

This Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive. When used in this Prospectus, Prospectus Directive means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU, or superseded), and includes any implementing measure in a relevant Member State of the European Economic Area (“EEA”).

The Issuer accepts responsibility for the information contained in this Prospectus and the Final Terms for each tranche of Notes issued under the Programme. To the best of the knowledge of the Issuer (which has taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see “*Documents Incorporated by Reference*” on page 42). This Prospectus shall be read and construed on the basis that such documents are incorporated in and form part of this Prospectus.

Neither the Dealers nor the Trustee (as defined below) have separately verified the information contained in this Prospectus. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Dealers or the Trustee as to the accuracy or completeness of the information contained or incorporated in this Prospectus, or any other financial statements or any further information provided by the Issuer in connection with the Programme. No Dealer or the Trustee accepts any liability in relation to the information contained or incorporated by reference in this Prospectus or any other financial statements or further information provided by the Issuer in connection with the Programme.

No person is or has been authorised by the Issuer or the Trustee to give any information or to make any representation not contained in or not consistent with this Prospectus or any other financial statements or further information supplied in connection with the Programme or the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, any of the Dealers or the Trustee.

None of this Prospectus or any other financial statements or any further information supplied in connection with the Programme or any Notes (a) is intended to provide the basis of any credit or other evaluation or (b) should be considered as a recommendation by the Issuer, any of the Dealers or the Trustee that any recipient of this Prospectus or any other financial statements or any further information supplied in connection with the Programme or any Notes should purchase any Notes. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other financial statements or further information supplied in connection with the Programme or the issue of any Notes constitutes an offer or invitation by or on behalf of the Issuer, any of the Dealers or the Trustee to any person to subscribe for or to purchase any Notes.

Neither the delivery of this Prospectus nor the offering, sale or delivery of any Notes shall at any time imply that the information contained herein concerning the Issuer is correct at any time subsequent to the date hereof or that any other financial statements or any further information supplied in connection with the Programme is correct as of any time subsequent to the date indicated in the document containing the same. The Dealers and the Trustee expressly do not undertake to review the financial condition or affairs of the Issuer and its subsidiaries during the life of the Programme or to advise any investor in the Notes of any information coming to their attention. Investors should review, *inter alia*, the most recently published documents incorporated by reference into this Prospectus when deciding whether or not to purchase any Notes.

IMPORTANT – EEA RETAIL INVESTORS – If the Final Terms in respect of any Notes includes a legend entitled “Prohibition of Sales to EEA Retail Investors”, the Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, “IMD”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “MiFID Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

BENCHMARKS REGULATION – Amounts payable under the Notes may be calculated by reference to the Euro Interbank Offered Rate (“EURIBOR”), the London Interbank Offered Rate (“LIBOR”) or the Sterling Overnight Index Average (“SONIA”) which are provided by the European Money Markets Institute (“EMMI”), the ICE Benchmark Administration Limited (“ICE”) and the Bank of England, respectively. As at the date of this Prospectus, ICE appears in the European Securities and Markets Authority (“ESMA”)’s register of administrators under Article 36 of Regulation (EU) No. 2016/1011 (the “Benchmarks Regulation”). As at the date of this Prospectus EMMI and SONIA do not appear in ESMA’s register of administrators under the Benchmarks Regulation. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that EMMI is not currently required to obtain authorisation or registration and SONIA does not fall within the scope of the Benchmarks Regulation by virtue of Article 2 of the Benchmarks Regulation.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus and the offer, distribution or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Dealers and the Trustee do not represent that this document may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Dealers or the Trustee which is intended to permit a public offering of any Notes or distribution of this document in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations and the Dealers have represented that all offers and sales by them will be made on the same

terms. Persons into whose possession this Prospectus or any Notes come must inform themselves about, and observe, any such restrictions on the distribution of this Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Prospectus and the offer or sale of Notes in the United States, the EEA, the United Kingdom, Singapore and Japan (see “*Subscription and Sale*” on pages 112 – 114).

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of the investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisers, whether it:

- (i) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (iii) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understands thoroughly the terms of the Notes and is familiar with the behaviour of financial markets; and
- (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Legal investment considerations may restrict certain investments. The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) Notes can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

The Notes have not been and will not be registered under the United States Securities Act of 1933, as amended, (the Securities Act) and are subject to U.S. tax law requirements. Subject to certain exceptions, Notes may not be offered, sold or delivered, within the United States or to, or for the account or benefit of, U.S. persons as defined in Regulation S (see “*Subscription and Sale*” on pages 112 – 114).

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “SFA”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “CMP Regulations 2018”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

In this Prospectus, all references to “£” and “Sterling” are to pounds sterling, references to “U.S.\$” and “U.S. Dollars” are to United States dollars, references to “Yen” are to Japanese Yen, and references to

euro are to the currency introduced at the third stage of European economic and monetary union pursuant to the Treaty on the Functioning of the European Union, as amended.

In connection with the issue of any Tranche of Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes, the Dealer or Dealers (if any) acting as the Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail. However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant Tranche of Notes and 60 days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or persons acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

DESCRIPTION OF THE PROGRAMME

The following description does not purport to be complete and is taken from, and is qualified in its entirety by, the remainder of this Prospectus and, in relation to the terms and conditions of any particular Tranche of Notes, the applicable Final Terms. The Issuer and any relevant Dealer may agree that Notes shall be issued in a form other than that contemplated in the Terms and Conditions, in which event, in the case of listed Notes only a new Prospectus or a drawdown prospectus will be published.

This description constitutes a general description of the Programme for the purposes of Article 22.5(3) of Commission Regulation (EC) No 809/2004 (as amended) implementing the Prospectus Directive.

Words and expressions defined in “Form of the Notes” and “Terms and Conditions of the Notes” below shall have the same meanings in this description.

Issuer	Yorkshire Building Society
Issuer Legal Entity Identifier (LEI)	WXD0EHQRPI7HKN3I5T57
Arranger	HSBC Bank plc
Dealers	Barclays Bank PLC BNP Paribas HSBC Bank plc J.P. Morgan Securities plc NatWest Markets Plc UBS AG, London Branch and any other Dealers appointed in accordance with the Programme Agreement.
Certain Restrictions	Each issue of Notes denominated in a currency in respect of which particular laws, guidelines, regulations, restrictions or reporting requirements apply will only be issued in circumstances which comply with such laws, guidelines, regulations, restrictions or reporting requirements from time to time (see “ <i>Subscription and Sale</i> ”).
Distribution	Notes may be distributed by way of private or public placement and in each case on a syndicated or non-syndicated basis.
Trustee	The Law Debenture Trust Corporation p.l.c.
Issuing and Principal Paying Agent and Agent Bank	HSBC Bank plc
Amount	Up to £5,000,000,000 outstanding at any time or its equivalent in other currencies as described herein. The Issuer may increase the amount of the Programme in accordance with the terms of the Programme Agreement.
Currencies	Subject to any applicable legal or regulatory restrictions, Notes may be denominated in euro, Sterling, U.S. Dollars, Yen or such other currency or currencies as may be agreed from time to time by the Issuer, the relevant Dealer(s) and the Trustee.
Maturities	Subject to the below, the Notes may have any maturities as may be agreed between the Issuer and the relevant Dealer(s) and as

indicated in the applicable Final Terms. At the date of this Prospectus, the maturity of all Notes is subject to a minimum maturity of one month, save that (i) in the case of Subordinated Notes, the minimum maturity will be five years and (ii) in the case of Senior Non-Preferred Notes, the minimum maturity will be one year, and in any case subject to such other minimum or maximum maturity as may be required from time to time by the relevant monetary authority (or equivalent body) or any laws or regulations applicable to the relevant currency.

Issue Price

Notes will be issued on a fully-paid basis and may be issued at par or at a discount to, or premium over, par.

Form

The Notes will be issued in bearer form. Each Tranche of Notes will initially be represented by a Temporary Global Note which will be exchangeable as described therein either for a Permanent Global Note or definitive Notes (as indicated in the applicable Final Terms) in each case not earlier than 40 days after the Issue Date upon certification as to non-U.S. beneficial ownership as required by U.S. Treasury Regulations. As described in “*Form of the Notes*” below, the applicable Final Terms will specify that a Permanent Global Note is exchangeable (in whole but not in part) for definitive Notes upon the occurrence of an Exchange Event. Any interest in a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg and/or any other agreed clearing system, as appropriate.

Notes to be issued under the Programme will be Senior Preferred Notes, Senior Non-Preferred Notes or Subordinated Notes. The Issuer may issue Notes in new global note (“NGN”) form or in classic global note form.

Reset Notes

Interest will be payable in arrear on the dates specified in the Final Terms at the initial rate specified in the Final Terms, and thereafter the rate may be reset with respect to a specified time period by reference to the Reset Reference Rate. The rate of interest may be reset on more than one occasion.

Fixed Rate Notes

Fixed interest will be payable in arrear on such date or dates as shall be agreed between the Issuer and the relevant Dealer(s) (as indicated in the applicable Final Terms) and on redemption, and will be calculated on the basis of such Day Count Fraction as may be agreed between the Issuer and the relevant Dealer(s).

Floating Rate Notes

Floating Rate Notes will bear interest at a rate determined:

- (a) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions (as published by the International Swaps and Derivatives Association, Inc., and as amended and

updated as at the Issue Date of the first Tranche of the Notes of the relevant Series); or

- (b) on the basis of the reference rate set out in the applicable Final Terms.

The margin (if any) relating to such floating rate will be agreed between the Issuer and the relevant Dealer(s) for each issue of Floating Rate Notes.

Floating Rate Notes may also have a maximum rate of interest, a minimum rate of interest or both (as indicated in the applicable Final Terms).

Interest on Floating Rate Notes in respect of each Interest Period, as agreed prior to issue by the Issuer and the relevant Dealer(s), will be payable on such Interest Payment Dates, and will be calculated on the basis of such Day Count Fraction, as may be agreed between the Issuer and the relevant Dealer(s).

Interest Periods for Floating Rate Notes

Such period(s) as the Issuer and the relevant Dealer(s) may agree (as indicated in the applicable Final Terms).

Zero Coupon Notes

Zero Coupon Notes will be offered and sold at a discount to their nominal amount and will not bear interest.

Benchmark discontinuation

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the applicable Final Terms, then the Issuer may (subject to certain conditions) be permitted to substitute such benchmark and/or screen rate (as applicable) with a successor, replacement or alternative benchmark and/or screen rate (with consequent amendment to the terms of the relevant Series of Notes and, potentially, the application of an adjustment spread (which could be positive or negative)). See Condition 4(d) for further information.

Redemption

The Final Terms relating to each Tranche of Notes will indicate either that the relevant Notes cannot be redeemed prior to their stated maturity (other than following the occurrence of a Tax Event, a Regulatory Event (in the case of Subordinated Notes only), a Loss Absorption Disqualification Event (in the case of Senior Non-Preferred Notes where “*Senior Non-Preferred Notes: Loss Absorption Disqualification Event Redemption*” is expressed to be “Applicable” in the applicable Final Terms), or following an Event of Default) or that such Notes will be redeemable at the option of the Issuer and/or the Noteholders upon giving notice to the Noteholders or the Issuer, as the case may be, on a date or dates specified prior to such stated maturity and at a price or prices and other terms as may be agreed between the Issuer and the relevant Dealer(s).

Substitution and Variation in respect of Senior Non-Preferred Notes

If so specified in the applicable Final Terms for a Series of Senior Non-Preferred Notes, upon the occurrence of a Loss Absorption Disqualification Event, the Issuer may, subject to certain conditions and without the consent of the Noteholders, either substitute all (but not some only) of the relevant Series of Senior Non-Preferred Notes for, or vary the terms of such Series of Senior Non-Preferred Notes so that they remain or become, Loss Absorption Compliant Notes.

Denominations of Notes

The Notes will be issued in such denominations as may be agreed between the Issuer and the relevant Dealer(s) save that (i) the minimum denomination of each Note will be such amount as may be allowed or required from time to time by the relevant monetary authority or any laws or regulations applicable to the relevant currency and (ii) the minimum denomination of each Note will be €100,000 (or its equivalent in any other currency).

Taxation

All payments in respect of the Notes will be made without withholding of, or deduction for, or on account of United Kingdom taxes, unless the withholding or deduction is required by law. In that event, the Issuer will pay such additional amounts:

- (i) in the case of (A) all Senior Preferred Notes and (B) each Series of Senior Non-Preferred Notes unless the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, in respect of interest or principal; or
- (ii) in the case of (A) all Subordinated Notes and each Series of Senior Non-Preferred Notes for which the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, in respect of interest only, as may be necessary so that the Noteholders receive the amount they would have received in the absence of such withholding or deduction, subject to certain exceptions as are described in Condition 9.

For the avoidance of doubt, in the case of (A) all Subordinated Notes and (B) each Series of Senior Non-Preferred Notes for which the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, the Issuer will not pay any additional amounts in respect of principal.

Status of the Senior Preferred Notes

The Senior Preferred Notes and any relative Coupons will be direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and (subject to the provisions of Condition 3) constitute ordinary non-preferential debt for the purposes of The Banks and Building Societies (Priorities on Insolvency) Order 2018 (as the same may

be amended, supplemented or replaced from time to time, the “**Order**”) and any law or regulation applicable to the Issuer which is amended by the Order (together, the “**Ranking Legislation**”). The Senior Preferred Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Senior Preferred Note or any beneficial interest therein, each holder of a Senior Preferred Note and related Couponholder acknowledge and agree that (subject to the provisions of Condition 3) the Senior Preferred Notes and any relative Coupons rank *pari passu* with all other present and future outstanding unsecured and unsubordinated obligations (other than Senior Non-Preferred Notes and other obligations which rank or are expressed to rank junior to the Senior Preferred Notes) of the Issuer in respect of deposits and loans (except as provided by law), save only where the Ranking Legislation provides otherwise for ordinary non-preferential debt generally, in which case such claims (subject to the provisions of Condition 3) will rank as the Ranking Legislation provides for ordinary non-preferential debt generally.

Status of the Senior Non-Preferred Notes

The Senior Non-Preferred Notes and any relative Coupons are direct and unsecured obligations of the Issuer and constitute secondary non-preferential debt for the purposes of the Ranking Legislation. Subject to the Ranking Legislation, the Senior Non-Preferred Notes and any relative Coupons rank junior to the Senior Preferred Notes and any relative Coupons. The Senior Non-Preferred Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Senior Non-Preferred Note or any beneficial interest therein, each holder of a Senior Non-Preferred Note and related Couponholder acknowledge and agree that the claims in respect of principal, interest and any other amount (including, without limitation, any damages awarded for breach of the Issuer’s obligations) in respect of the Senior Non-Preferred Notes and any relative Coupons will, in the event of the winding-up or dissolution of the Issuer (other than an Excluded Dissolution), rank in the manner provided in the Trust Deed and as specified in Condition 2(b), save only where the Ranking Legislation provides otherwise for secondary non-preferential debt generally, in which case such claims will rank as the Ranking Legislation provides for secondary non-preferential debt generally (whether or not the Senior Non-Preferred Notes and any relative Coupons then constitute secondary non-preferential debt of the Issuer for the purposes of the Ranking Legislation).

Status of the Subordinated Notes

The Subordinated Notes and any relative Coupons will be direct and unsecured obligations of the Issuer and constitute tertiary

non-preferential debt for the purposes of the Ranking Legislation. Subject to the Ranking Legislation, the Subordinated Notes and any relative Coupons rank junior to the Senior Non-Preferred Notes and any relative Coupons. The Subordinated Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Subordinated Note or any beneficial interest therein, each holder of a Subordinated Note and related Couponholder acknowledge and agree that the claims in respect of principal, interest and any other amount (including, without limitation, any damages awarded for breach of the Issuer's obligations) in respect of the Subordinated Notes (and any relative Coupons) will, in the event of the winding-up or dissolution of the Issuer (other than an Excluded Dissolution) be subordinated in the manner provided in the Trust Deed and as specified in Condition 2(c), save only where the Ranking Legislation provides otherwise for tertiary non-preferential debt generally, in which case such claims will rank as the Ranking Legislation provides for tertiary non-preferential debt generally (whether or not the Subordinated Notes and any relative Coupons then constitute tertiary non-preferential debt of the Issuer for the purposes of the Ranking Legislation).

Cross Acceleration

The Senior Preferred Notes and Unrestricted Default Senior Non-Preferred Notes will contain a cross acceleration clause in respect of present or future indebtedness of, or guaranteed by, the Issuer or any Principal Subsidiary (other than any guarantee given in the ordinary course of its business) having an outstanding aggregate principal amount of at least £10,000,000 (or its equivalent in any other currency) as more fully described in Condition 10.

Negative Pledge

The Senior Preferred Notes will contain a negative pledge provision as more fully described in Condition 3.

Rating

The Issuer has a long-term/subordinated debt rating of A3/Baal by Moody's and A-/BBB+ by Fitch. Series of Notes issued under the Programme may be rated or unrated. Where a Series of Notes is rated, such rating will be disclosed in the applicable Final Terms and will not necessarily be the same as the ratings assigned to the Issuer. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Listing

Application has been made for Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes issued under the Programme to be listed on the London Stock Exchange's Regulated Market.

Governing Law

The Notes and any non-contractual obligations arising out of or in connection with the Notes will be governed by, and shall be construed in accordance with, English law.

Selling Restrictions

There are selling restrictions in relation to the United States, the European Economic Area, the United Kingdom, Singapore and Japan and such other restrictions as may be required in connection with the offering and sale of a particular issue of Notes (see “*Subscription and Sale*”).

Category 2 selling restrictions will apply for the purposes of Regulation S under the Securities Act.

The Notes will be issued in compliance with U.S. Treasury Regulations §1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the U.S. Internal Revenue Code of 1986) (“**TEFRA D**”) unless the Notes are issued in circumstances in which the Notes will not constitute “registration required obligations” under the United States Tax Equity and Fiscal Responsibility Act of 1982 (“**TEFRA**”), which circumstances will be referred to in the applicable Final Terms of such Notes as a transaction to which TEFRA is not applicable.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.

In purchasing Notes, investors assume the risk that the Issuer may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control. The Issuer has identified in this Prospectus a number of factors which could materially adversely affect its business and ability to make payments due under the Notes.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The UK Banking Act 2009 confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK deposit-taking institutions which are considered to be at risk of failing. The exercise of any of these actions in relation to the Issuer or any Notes could materially adversely affect the value of any Notes and/or the rights of Noteholders

Under the UK Banking Act 2009 as amended (the “**Banking Act**”), substantial powers are granted to HM Treasury, the Bank of England acting as the Prudential Regulation Authority through its Prudential Regulation Committee (the “**PRA**”), the Financial Conduct Authority (the “**FCA**”) and the Bank of England (together, the “**Authorities**”) as part of a special resolution regime (the “**SRR**”). These powers enable the Authorities to deal with, amongst other entities, a UK bank or building society (each a “**relevant entity**”) in circumstances in which the Authorities consider that the resolution conditions are satisfied, through a series of stabilisation options.

The stabilisation options which may be commenced by the Authorities are: (i) private sector transfer of all or part of the business of the relevant entity; (ii) transfer of all or part of the business of the relevant entity to a “bridge bank” established by the Bank of England; (iii) transfer to an asset management vehicle; (iv) temporary public ownership (nationalisation) of the relevant entity as well as powers to convert a building society into a company in connection with a bail-in; and (v) a bail-in tool which permits the Bank of England to (a) cancel, modify or convert the form of a liability owed by a relevant entity or provide that a contract under which, amongst others, a relevant entity has a liability is to have effect as if a specified right had been exercised under it or (b) transfer securities issued by a relevant entity to a bail-in administrator.

In each case, the Authorities have wide powers under the Banking Act including powers to modify contractual arrangements in certain circumstances and powers for HM Treasury to disapply or modify laws (with possible retrospective effect) to enable the powers under the Banking Act to be used effectively.

The EU Bank Recovery and Resolution Directive (Directive 2014/59/EU) (the “**BRRD**”) also provides that a Member State as a last resort, after having assessed and used the above resolution tools to the maximum extent

practicable whilst maintaining financial stability, and where certain other mandatory conditions of the BRRD have been satisfied, may provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

In addition, the Banking Act contains a separate power, often referred to as the “capital write-down tool”, enabling the Authorities to cancel or transfer common equity tier 1 instruments away from the original owners, or write down (including to nil) an institution’s Additional Tier 1 and Tier 2 capital instruments, or to convert them into common equity tier 1 instruments (which, in the case of the Issuer, could be core capital deferred shares), if the Authorities consider that the institution or the group is at the “point of non-viability” and certain other conditions are met. The capital write-down tool must be applied before any of the stabilisation options provided for in the SRR may be used and may be used whether or not the institution subsequently enters into resolution. Subordinated Notes issued under the Programme may be Tier 2 capital instruments, and any such Subordinated Notes would be subject to the capital write-down tool.

Accordingly, the use of any stabilisation powers in respect of the Issuer may have an adverse effect on the Issuer’s ability to perform its obligations in respect of Notes issued under the Programme, and the use (or perceived risk of use) of any stabilisation powers and/or (in the case of Subordinated Notes) the capital write-down tool in respect of Notes themselves may impact the market price of the Notes and/or may adversely affect the rights of Noteholders in respect of their Notes. These risks are discussed further in the following paragraphs.

The SRR and/or capital write-down tool may be triggered prior to insolvency of the Issuer

The purpose of the stabilisation options and the capital write-down tool is to address the situation where all or part of a business of a relevant entity has encountered, or is likely to encounter, financial difficulties, giving rise to wider public interest concerns. Accordingly, the stabilisation options may be exercised if (i) the relevant Authority is satisfied that a relevant entity (such as the Issuer) is failing or is likely to fail, (ii) having regard to timing and other relevant circumstances, the relevant Authority determines that it is not reasonably likely that (ignoring the stabilisation options) action will be taken that will enable the relevant entity to satisfy those conditions, (iii) the relevant Authority considers the exercise of the stabilisation options to be necessary, having regard to certain public interest considerations (such as the stability of the UK financial system, public confidence in the UK banking system and the protection of depositors) and (iv) the relevant Authority considers that the specific resolution objectives would not be met to the same extent by the winding up of the relevant entity. For further information with respect to the exercise of the capital write-down tool, see “*Mandatory write-down and conversion of capital instruments may affect the Subordinated Notes*”.

It is therefore possible that one or more of the stabilisation options could be applied prior to the point at which any insolvency proceedings with respect to the relevant entity could be initiated.

On 6 August 2015, the European Banking Authority (the “EBA”) published guidelines on the circumstances in which an institution shall be deemed as “failing or likely to fail” by supervisors and resolution authorities. These have applied since 1 January 2016. The guidelines set out the objective criteria which should apply when supervisors and Authorities make such a determination.

Although the Banking Act provides for conditions to the exercise of any resolution powers and the EBA guidelines set out the objective elements for determining whether an institution is failing or likely to fail, it is uncertain how the Authorities would assess such conditions in any particular situation. The relevant Authorities are also not required to provide any advance notice to Noteholders of their decision to exercise any resolution power. Therefore, Noteholders may not be able to anticipate a potential exercise of any such powers nor the potential effect of any exercise of such powers on the Issuer or the Notes.

Regulatory changes and tax reforms

As part of the Autumn 2018 Budget the United Kingdom government announced that the Taxation of Regulatory Capital Securities Regulations 2013 (“**RCS Regulations**”) will be revoked and replaced with new tax rules for, *inter alia*, hybrid capital instruments, generally with effect for accounting periods beginning on or after 1 January 2019 (or for that part of any accounting period falling after 1 January 2019). The new rules are intended to preserve coupon deductibility for hybrid capital instruments which are genuine debt instruments. However, the legislation providing for the new rules has not yet been enacted and could therefore be subject to change as part of the legislative process. Unless the drafting of the legislation changes materially, the Issuer intends to make an irrevocable election for the new rules to apply to Subordinated Notes and other existing hybrid capital instruments for which the election is available and where it is appropriate in the circumstances to do so. Transitional provisions will apply to those instruments issued by the Issuer which were regulatory capital instruments for the purposes of the RCS Regulations immediately before 1 January 2019.

Various actions may be taken under the SRR in relation to the Notes without the consent of the Noteholders

If the Issuer were made subject to the SRR, HM Treasury or the Bank of England may exercise extensive share transfer powers (applying to a wide range of securities) and property transfer powers (including powers for partial transfers of property, rights and liabilities) in respect of the Issuer and/or its securities (subject to certain protections).

Exercise of these powers could involve taking various actions in relation to any securities issued by the Issuer (including any Notes issued under the Programme) without the consent of the Noteholders, including (among other things):

- transferring the Notes out of the hands of the holders;
- delisting the Notes;
- writing down (which may be to nil) the Notes or converting the Notes into another form or class of securities; and/or
- modifying or disapplying certain terms of the Notes, which could include modifications to (without limitation) the maturity date (which may be to extend the maturity date), the interest provisions (including reducing the amount of interest payable, the manner in which interest is calculated and/or the scheduled interest payment dates, including by suspending payment for a temporary period), and/or the redemption provisions (including the timing of any redemption options and/or the amount payable upon redemption), and may result in the disapplication of acceleration rights or events of default under the terms of the Notes or the effect thereof.

The relevant Authorities may exercise the bail-in tool under the Banking Act to recapitalise a relevant entity in resolution by allocating losses to (amongst others) its capital providers and unsecured creditors (which would include Noteholders) in a manner that (i) ought to respect the hierarchy of claims in an ordinary insolvency and (ii) is consistent with shareholders and creditors not receiving a less favourable treatment than they would have received in ordinary insolvency proceedings of the relevant entity (known as the “no creditor worse off” safeguard). Accordingly, the ranking of Notes in insolvency can be expected to have a direct impact on the relative losses imposed on Noteholders in a resolution. For further information with respect to the ranking of Notes, see “*The Senior Non-Preferred Notes and the Subordinated Notes rank junior to most of the Issuer’s liabilities*” and “*Certain liabilities of the Issuer will by law rank in priority to the Senior Preferred Notes in the event of a winding up of the Issuer*” below.

The bail-in tool includes the power to cancel a liability or modify the terms of contracts for the purposes of reducing or deferring the liabilities of the relevant entity under resolution and the power to convert a liability

from one form or class to another. There is also the power to convert a building society into a company in connection with a bail-in. The exercise of such powers may result in the cancellation of all, or a portion, of the principal amount of, interest on, or any other amounts payable on, the Notes and/or the conversion of all or a portion of the principal amount of, interest on, or any other amounts payable on, the Notes into equity securities or other securities or other obligations of the Issuer or another person, including by means of a variation to the terms of the Notes.

The taking of any such actions could materially adversely affect the rights of Noteholders, the price or value of their investment in the Notes, the liquidity and/or volatility of any market in the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes. In such circumstances, Noteholders may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act. However, such compensation will be limited to the return the Noteholder might otherwise have received on an insolvency of the Issuer (less the value already received through resolution), and there can be no assurance that Noteholders will have such a claim or, if they do, that they would thereby recover compensation promptly or equal to any loss actually incurred.

In addition, if the market perceives or anticipates that any action may be taken under the Banking Act in respect of the Issuer or any of its securities (including any Notes issued under the Programme), this may have a significant adverse effect on the market price of the Notes and/or the liquidity and/or volatility of any market in the Notes, whether or not such powers are ultimately exercised. In such case, investors may experience difficulty in selling their Notes, or may only be able to sell their Notes at a loss.

Mandatory write-down and conversion of capital instruments may affect the Subordinated Notes

As noted above, in addition to the stabilisation options which may be used in a resolution of an institution, the Banking Act contains a capital write-down tool which enables (and, if the institution enters into resolution, requires) the relevant Authorities permanently to write-down, or convert into common equity tier 1 instruments (which, in the case of the Issuer, could be core capital deferred shares), any Tier 1 capital instruments and Tier 2 capital instruments (including Subordinated Notes issued under the Programme) at the point of non-viability of the relevant entity and before or together with the exercise of any stabilisation power.

For the purposes of the application of such mandatory write-down and conversion power, the point of non-viability is the point at which (i) the relevant Authority determines that the relevant entity meets the conditions for resolution (but no resolution action has yet been taken), (ii) that the relevant Authority determines that the relevant entity or its group will no longer be viable unless the relevant capital instruments are written-down or converted or (iii) extraordinary public financial support is required by the relevant entity other than, where the entity is an institution, for the purposes of remedying a serious disturbance in the economy of an EEA member state and to preserve financial stability.

Subordinated Notes issued under the Programme may therefore be subject to write-down or conversion into equity on application of such powers (without requiring the consent of the holders thereof), which may result in the holders losing some or all of their investment. The “no creditor worse off” safeguard would not apply in relation to an application of such powers in circumstances where resolution powers are not also exercised.

The exercise of such mandatory write-down and conversion power under the Banking Act could, therefore, materially adversely affect the rights of holders of Subordinated Notes, and such exercise (or the perception that such exercise may occur) could materially adversely affect the price or value of their investment in Subordinated Notes and/or the ability of the Issuer to satisfy its obligations under the Notes, and/or may adversely affect liquidity and/or volatility in any market for such Subordinated Notes.

A partial transfer of the Issuer's business may result in a deterioration of its creditworthiness

If the Issuer were made subject to the SRR and a partial transfer of its business to another entity were effected, the quality of the assets and the quantum of the liabilities not transferred and remaining with the Issuer (which may include the Notes) may result in a deterioration in the creditworthiness of the Issuer and, as a result, increase the risk that it may be unable to meet its obligations in respect of the Notes and/or eventually become subject to administration or insolvency proceedings pursuant to the Banking Act. In such circumstances, Noteholders may have a claim for compensation under one of the compensation schemes existing under, or contemplated by, the Banking Act. However, such compensation will be limited to the return the Noteholder might otherwise have received on an insolvency of the Issuer (less the value already received through resolution), and there can be no assurance that Noteholders will have such a claim or, if they do, that they would thereby recover compensation promptly or equal to any loss actually incurred.

As at the date of this Prospectus, the Authorities have not made an instrument or order under the Banking Act in respect of the Issuer or any of its securities and there has been no indication that they will make any such instrument or order. However, there can be no assurance that this will not change and/or that Noteholders will not be adversely affected by any such order or instrument if made.

The circumstances under which the relevant Authorities would exercise resolution powers are uncertain, which may affect the value of the Notes

Beyond the goals of addressing banking crises pre-emptively and minimising taxpayers' exposure to losses (for example, by writing down relevant capital instruments before the injection of public funds into a financial institution), there is considerable uncertainty regarding the specific factors which the relevant Authorities would consider in deciding whether to exercise the Banking Act resolution powers with respect to the relevant financial institution and/or securities, such as the Notes, issued by that institution. While the Banking Act provides some guidance as to how and when the resolution powers may be utilised by the relevant Authorities, the Banking Act and the BRRD (which has been transposed into English law by amendments to the Banking Act) allow for discretion and there is no certainty as to how the relevant Authorities will exercise any resolution powers with respect to a financial institution and/or securities issued by that institution. As there may be many factors, including factors outside of the Issuer's control or not directly related to it, which could result in such a determination, holders of the Notes may not be able to refer to publicly available criteria in order to anticipate a potential exercise of any such resolution powers.

Accordingly, the threat of resolution powers being used may affect trading behaviour, including prices and volatility, and, as a result, the Notes are not necessarily expected to follow the trading behaviour associated with other types of securities.

Certain liabilities of the Issuer will by law rank in priority to the Senior Preferred Notes in the event of a winding up of the Issuer

Prior to 1 January 2015, the claims of holders in respect of Senior Preferred Notes and other unsubordinated creditors of the Issuer would, in an insolvency of the Issuer, have ranked ahead of retail member share accounts (which, in turn, ranked ahead of subordinated liabilities) in the creditor hierarchy of the Issuer.

As a result of changes to the United Kingdom building societies legislation (as described briefly below), from 1 January 2015 holders of Senior Preferred Notes and the claims of other unsubordinated creditors of the Issuer rank, in an insolvency of the Issuer, junior to member share accounts which are given preferential status (as described below). Senior Non-Preferred Notes and Subordinated Notes will rank junior to all such members and creditors, as well as ranking junior to Senior Preferred Notes.

Section 90B of the Building Societies Act 1986, as amended (the "Act") (which was inserted by the Building Societies (Funding) and Mutual Societies (Transfers) Act 2007) was brought into force with effect from 20

November 2014. HM Treasury exercised the power which was granted to it under Section 90B and powers conferred on it by section 2(2) of the European Communities Act 1972 by making the Banks and Building Societies (Depositor Preference and Priorities) Order 2014 (the “**Depositor Preference Order**”), which entered into force on 1 January 2015. As a result of these changes, provision has been made by HM Treasury for the purpose of ensuring that, on the winding-up, or dissolution by consent, of a building society, any assets available for satisfying the society’s liabilities to creditors (other than liabilities in respect of subordinated deposits; liabilities in respect of preferential debts; or any other category of liability which HM Treasury specifies in the order for these purposes) or to member share account holders (other than liabilities in respect of preferential debts and deferred shares) are applied in satisfying those liabilities *pari passu*.

The Depositor Preference Order (i) extended the scope of preferential debts in respect of deposits and (ii) further aligned creditor hierarchy in United Kingdom building societies with the depositor preference requirements introduced in consequence of the BRRD to ensure that any sums due to building society members in relation to their shareholding in respect of deposits that do not benefit from the depositor preference requirements will nevertheless rank *pari passu* with all other (non-preferred) senior unsecured creditors.

These changes also have the effect of granting:

- (i) a first-ranking preference to those deposits and share accounts (or a relevant part thereof) of natural persons and micro, small and medium enterprises, which are actually protected by the Financial Services Compensation Scheme (the “**FSCS**”) (i.e. are eligible for protection and do not exceed the FSCS coverage limit (being, as at the date of this Prospectus, £85,000), which will rank equally with all other preferential debts; and
- (ii) a second-ranking preference to deposits and share accounts (or a relevant part thereof) of natural persons and micro, small and medium enterprises, which would be eligible for FSCS protection but for the fact that they either (a) exceed the coverage limit (being, as at the date of this Prospectus, £85,000) of the FSCS or (b) were made through a branch outside the EU. Such deposits and share accounts (or the relevant part thereof) will rank after the preferential debts referred to in paragraph (i) above but in priority to the claims of ordinary (i.e. non-preferred) unsecured creditors in the event of an insolvency.

The claims of the holders of Senior Preferred Notes (as well as claims in respect of Senior Non-Preferred Notes and Subordinated Notes) therefore rank junior to the claims in respect of liabilities afforded preferential status under (i) or (ii) above and, accordingly, in the event of insolvency or resolution of the Issuer, Senior Preferred Notes would be available to absorb losses ahead of liabilities which benefit from such first-ranking or second-ranking preference (and Subordinated Notes would be available to absorb losses ahead of Senior Non-Preferred Notes, which in turn would be available to absorb losses ahead of Senior Preferred Notes).

As a result, in the event of insolvency or winding up of the Issuer:

- (i) the assets of the Issuer would be applied first to satisfying in full all claims in respect of those deposits and share accounts which enjoy preferential status (as described above) before any recovery would be made on claims in respect of Senior Preferred Notes (and the claims in respect of Senior Preferred Notes would rank *pari passu* with those deposits and share accounts which are not afforded preferential status);
- (ii) no recovery would be made on claims in respect of Senior Non-Preferred Notes unless and until the claims in respect of all deposit and share accounts, as well as claims in respect of Senior Preferred Notes and any other unsubordinated liabilities ranking *pari passu* with or in priority to Senior Preferred Notes, have first been satisfied in full; and
- (iii) no recovery would be made on claims in respect of Subordinated Notes unless and until the claims in respect of all Senior Non-Preferred Notes, any other Senior Non-Preferred Claims and any more senior-ranking Subordinated Claims (if any) have first been satisfied in full.

It is further expected that this ranking would be respected in the event that resolution action were to be taken in respect of the Issuer pursuant to the Banking Act (as further described above under “*The UK Banking Act 2009 confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK deposit-taking institutions which are considered to be at risk of failing. The exercise of any of these actions in relation to the Issuer or any Notes could materially adversely affect the value of any Notes and/or the rights of Noteholders*”).

Therefore, in the event of an insolvency, winding up or resolution of the Issuer, there is a real risk that investors in Senior Preferred Notes, Senior Non-Preferred Notes and/or Subordinated Notes would lose some or the entire amount of their investment. Furthermore, the market price of Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes can be expected to be materially adversely affected if the Issuer’s financial condition deteriorates such that the market anticipates the insolvency, winding up or resolution of the Issuer.

Faltering United Kingdom Economic Recovery

During the half-year ended 30 June 2018, 86 per cent. of the Issuer’s income was derived from United Kingdom residential mortgages. The United Kingdom residential mortgage market is closely correlated to the United Kingdom economic cycle. GDP growth looks to have slowed in 2018, whilst consumer price growth is likely to stay above the 2% target for another 12 months. Uncertainty caused by the United Kingdom’s vote to leave the European Union may be undermining both business and consumer confidence and thereby hampering stronger economic growth. This may all impact on the United Kingdom residential housing market, threatening affordability and mortgage customers’ ability to pay, which in turn may impact on the Issuer’s profitability and growth plans.

United Kingdom Residential Housing Market Slow-Down Set to Continue

Activity in the UK housing market in terms of lending for purchases and completed sales has been subdued for the past three years. A strong jobs market and improvements in household finances are supporting lending to an extent, but prices are at an elevated level and the prospect of higher interest rates may be holding off buyers. At a national level, house price growth has slowed, in London prices are falling, but in the Midlands and the Northern regions they are rising. After strong growth since the financial crisis until 2015, the number of Buy-to-Let (“**BTL**”) mortgages for house purchases has dropped over the last two years. Both the wider slowdown in the housing market as well as a number of government interventions have had an impact on the sector. The main changes were threefold: (i) changes in mortgage tax relief, (ii) changes in stamp duty on second homes and (iii) tightening of underwriting standards for BTL mortgages. Any risk to the United Kingdom economy of falling house prices may have an adverse impact on the Issuer’s operating results, financial condition and prospects.

Political uncertainty

On 23 June 2016 the UK held a referendum on whether the UK should remain a member of the European Union. The UK voted to leave the European Union and the UK Government invoked article 50 of the Lisbon Treaty relating to withdrawal on 29 March 2017. Under article 50, the Treaty on the European Union and the Treaty on the Functioning of the European Union cease to apply in the relevant state from the date of entry into force of a withdrawal agreement or, failing that, two years after the notification of intention to withdraw, although this period may be extended.

There are a number of uncertainties in connection with the future of the UK and its relationship with the European Union. Until the terms and timing of the UK’s exit from the European Union are confirmed and until the nature of the new relationship between the UK and the European Union is known, it is not possible to determine the impact that the UK’s departure from the European Union and/or any related matters may have on general economic conditions in the UK (including on the performance of the UK housing market) and/or on the business of the Issuer.

In addition, future UK political developments, including but not limited to the UK departure from the EU and/or any changes in government structure and policies, could affect the fiscal, monetary and regulatory landscape to which the Issuer is subject and therefore its financing availability and terms. Consequently no assurance can be given that the Issuer's operating results, financial condition and prospects would not be adversely impacted as a result.

No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value or liquidity of the Notes.

The Issuer could be negatively affected by a deterioration in the soundness or a perceived deterioration in the soundness of other financial institutions

Given the high level of interdependence between financial institutions, the Issuer is and will continue to be subject to the risk of deterioration of the commercial and financial soundness, or perceived soundness, of other financial services institutions. Within the financial services industry, the default of any one institution could lead to defaults by other institutions. Concerns about, or a default by, one institution could lead to significant liquidity problems, losses or defaults by other institutions, as was the case after the bankruptcy of Lehman Brothers in 2008, because the commercial and financial soundness of many financial institutions may be closely related as a result of their credit, trading, clearing or other relationships. Even the perceived lack of creditworthiness of, or questions about, a counterparty may lead to market-wide liquidity problems and losses or defaults by the Issuer or by other institutions. This risk is sometimes referred to as "systemic risk" and may adversely affect financial intermediaries, such as clearing agencies, clearing houses, banks, securities firms and exchanges with whom the Issuer interacts on a daily basis. Systemic risk could have a material adverse effect on the Issuer's ability to raise new funding and on its business, financial condition, results of operations, liquidity and/or prospects.

Competition in the United Kingdom personal financial services markets may adversely affect the Issuer's operations

Developments in the Issuer's industry and increased competition could have a material adverse effect on its operations. The Issuer operates in an increasingly competitive United Kingdom personal financial services market. The Issuer competes mainly with other providers of personal finance services, including banks, building societies and insurance companies.

Increased competition may result in downward pressure on the industry's spread between deposit and loan rates and this, in turn, may negatively affect the Issuer's income.

Operational Risk

The Issuer has an Enterprise Risk Management Framework in place that sets out a summary of the Group's risk management activities to be undertaken across all business areas within the Group. This framework defines Operational Risk as the risk of direct or indirect loss resulting from inadequate or failed internal processes, people, systems, and from external events. These include but are not limited to business continuity risk, IT risk, information security risk, change risk, payments risk, people risk and third party risk. This framework puts in place the approach through which the Issuer will comply with its obligations as a society with securities admitted to the Official List or as a supervised firm dual-regulated by the FCA and the PRA.

Market and Liquidity Risk

The most significant market risks the Issuer faces are interest rate and bond price risks. Changes in interest rate levels, yield curves and spreads may affect the interest rate margin realised between lending and borrowing costs. In particular, the United Kingdom is experiencing a period of historically low interest rates which has reduced margins on mortgage loans.

The performance of financial markets may cause changes in the value of the Issuer's liquidity investment portfolio. The Issuer has implemented risk management methods to mitigate and control these and other market risks to which the Issuer is exposed and exposures are constantly measured and monitored. However, it is difficult to predict with accuracy changes in economic or market conditions and to anticipate the effects that such changes could have on the Issuer's financial performance and business operations.

The Issuer is exposed to liquidity risk as a result of mismatches in cash flows from balance sheet assets and liabilities and off-balance sheet financial instruments.

Volatility in the wholesale funding markets may have an adverse effect on the Issuer

Whilst various governments and central banks, including the United Kingdom government and the Bank of England, have taken substantial measures to provide liquidity following the disruption seen since 2007, there can be no assurance that these measures will succeed in materially improving the liquidity position of major United Kingdom banks and building societies in the long term. In addition, the availability and the terms on which any such measures will continue to be made available in the longer term are uncertain.

On 1 August 2012, the Bank of England's Funding for Lending Scheme (the "FLS") became operational. The aim of the FLS was to boost the incentive for banks and building societies to lend to United Kingdom households and non-financial companies. The FLS was designed to reduce funding costs for participating institutions so that they could make loans cheaper and more easily available. Access to the FLS was directly linked to how much each institution lends to the real economy. Those that increased lending were able to borrow more in the FLS and at a lower cost than those that scaled back their loans. Under the FLS as originally announced, participating financial institutions were, for a period of 18 months to the end of January 2014, able to borrow funds with a maturity of up to four years. This availability period was initially extended to allow drawdowns up to the end of January 2015, was later extended to allow drawdowns up to the end of January 2016 and was subsequently extended further to allow drawdowns up to the end of January 2018. The FLS is now no longer open for drawdowns. The Bank of England introduced the Term Funding Scheme (the "TFS") which became operational on 19 September 2016. The TFS was designed to reinforce the transmission of bank rate cuts to those interest rates actually faced by households and businesses by providing term funding to banks and building societies (that are participants in the Bank of England's Sterling Monetary Framework and signed up to the Bank of England's Discount Window Facility) at rates close to bank rate. In addition to its primary monetary policy objective, the TFS provided participants with a cost effective source of funding in the form of central bank reserves to support additional lending to the real economy. The TFS allowed participants to borrow central bank reserves in exchange for eligible collateral. The drawdown period expired on 28 February 2018.

The availability of government support for United Kingdom financial institutions, to the extent that it provides access to cheaper and more attractive funding than other sources, reduces the need for those institutions to fund themselves in the retail or wholesale markets. The Issuer has participated in the FLS and TFS schemes and as at the date of this Prospectus, the Issuer had drawn £1.1 billion of United Kingdom treasury bills from the FLS scheme and had also drawn down £2.9 billion from the TFS scheme. By participating, the Issuer reduces the need to fund itself in the wholesale markets and there is a risk that if it ceases to remain sufficiently active in those markets its access to them could be prejudiced in the future. Financial institutions who have relied on government support to meet their funding needs will need to find alternative sources of funding when that funding needs to be refinanced. The Issuer expects to face increased competition for funding, particularly retail funding on which it is reliant, in the future. This competition could further increase its funding costs and so adversely impact its results of operations and financial position.

Ratings of the Issuer

The Issuer is rated by Moody's and by Fitch with a stable outlook from both agencies. However, any downgrade in the rating of the Issuer by a credit rating agency is likely to have a negative impact on the ratings of Notes issued under the Programme.

Building Societies (Financial Assistance) Order 2010

On 7 April 2010, the Building Societies (Financial Assistance) Order 2010 (the "**Financial Assistance Order**") came into force in exercise of certain powers under the Banking Act for the purpose of modifying the application of the Act in specified circumstances to facilitate the provision of relevant financial assistance (including the giving of guarantees or indemnities or any other kind of financial assistance (actual or contingent)) by certain 'qualifying institutions'. Qualifying institutions for this purpose include HM Treasury, the Bank of England, another central bank of a Member State of the European Economic Area, the European Central Bank, or any person acting for or on behalf of any of such institution or providing financial assistance to a building society on the basis of financial assistance from such an institution. Most significantly, the Financial Assistance Order would permit any qualifying institution to provide such assistance without it counting for the purpose of the 50 per cent. limit on the Issuer's non-member funding and also modifies the application of the purpose test and the lending limit. The Financial Assistance Order also permits the creation of a floating charge over its assets by the Issuer in favour of a qualifying institution in respect of that assistance. The general restriction on building societies from creating floating charges was removed by the Banking Reform Act with effect from 26 March 2015.

Risk of an increase in levies on the Issuer to fund payments under the Financial Services Compensation Scheme

The Financial Services and Markets Act 2000 (the "**FSMA**") established the FSCS, which pays compensation to eligible customers of authorised financial services firms which are unable, or are likely to be unable, to pay claims against them. An institution's FSCS levy is linked to its share of the United Kingdom deposit market. The FSCS levy may have a material impact on the profits of the Issuer. As at the time of this Prospectus, a number of claims against the FSCS have been triggered. Claims on the FSCS are funded by levies on firms authorised by the PRA and the FCA. The attention of Noteholders is drawn to note 28 of the audited consolidated accounts of the Issuer and its subsidiaries for the year ended 31 December 2017. In certain circumstances, regulated United Kingdom deposit takers may further be required to fund, by way of a further increase in the FSCS levy, the capital repayment to the Bank of England of such loans.

In April 2014 the EU directive on deposit guarantee schemes (the "**DGSD**") was adopted and EU Member States had until 3 July 2015 to implement it into national law. The DGSD introduced financing requirements targeting ex ante deposit guarantee scheme funds of 0.8 per cent. of covered deposits to be collected from deposit-taking entities over a ten year period (the United Kingdom currently operates an ex post financing where fees are required after a payment to depositors has occurred). In case of insufficient ex ante funds, the deposit guarantee scheme will collect immediate ex post contributions from the banking sector, and, as a last resort, they will have access to alternative funding arrangements such as loans from public or private third parties. The PRA published final rules on 1 April 2015 and published revisions on 3 July 2015 on the United Kingdom implementation of the DGSD. These rules proposed, amongst other things, that the ex-ante contributions are met by funds already collected under the UK bank levy (with the ability, in the case of insufficient funds, to collect immediate ex-post contributions) and changes to the UK FSCS which introduced temporary high balance deposit protection, up to £1 million for up to six months for certain limited types of deposits. It is possible, as a result of these rules, that future FSCS levies on the Issuer may differ from those at present, and such reforms could result in the Issuer incurring additional costs and liabilities, which may adversely affect its business, financial conditions and/or results of operations. From 30 January 2017, the deposit compensation limit increased from £75,000 to £85,000.

There can also be no assurance that there will be no actions taken under the Banking Act that may lead to further claims against the FSCS, and concomitant increased FSCS levies payable by the Issuer (and other regulated United Kingdom deposit takers).

Regulatory and conduct risks faced by the Issuer

United Kingdom authorised firms are subject to ongoing regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies, voluntary codes of practice and interpretations thereof in the United Kingdom and the European Union. This is particularly the case in the current market environment, which is witnessing increased levels of government and regulatory intervention in the banking and building society sector, which the Issuer expects to continue for the foreseeable future. The United Kingdom government, the PRA, the FCA and other regulators in the United Kingdom or the European Union may intervene further in relation to areas of industry risk already identified, or in new areas, each of which could adversely affect the Issuer. The effects that such regulation may have on the Issuer include, without limitation, the imposition of additional costs on the Issuer or the limitation or restriction on the manner in which the Issuer conducts elements of its business. The Issuer continues to work closely with regulatory authorities and industry associations to ensure that it is able to identify and respond to proposed regulatory changes and mitigate the risks posed, although future changes are difficult to predict and could materially adversely affect the business of the Issuer.

The Issuer is exposed to various forms of regulatory risk in its operations, including the risk of mis-selling financial products, acting in breach of legal or regulatory principles or requirements, or other claims of alleged misconduct on the part of the Issuer, any of which could have a material adverse effect on its results or its relations with its customers. The Issuer may settle litigation or regulatory proceedings prior to a final judgment or determination of liability in order to avoid the cost, management efforts, negative business, and regulatory or reputational consequences of continuing to contest liability, even when the Issuer believes that it has no liability. The Issuer may also do so when the potential consequences of failing to prevail would be disproportionate to the costs of settlement.

Failure to manage these risks adequately could impact the Issuer adversely and materially, both financially and reputationally.

The financial impact of regulatory risks might be considerable but are difficult to quantify. Amounts eventually paid may exceed the amount of any provisions set aside to cover such risks.

Future legislative, accounting and regulatory changes could impose operational restrictions on the Issuer, require the Issuer to raise further capital, increase the Issuer's expenses and/or otherwise adversely affect its business, results, financial condition or prospects

The Issuer conducts its business subject to ongoing regulation and supervision by the FCA and the PRA. The regulatory regime requires the Issuer to be in compliance across many aspects of activity, including the training, authorisation and supervision of personnel, systems, processes and documentation. If the Issuer fails to comply with any relevant regulations, there is a risk of an adverse impact on its business due to sanctions, fines or other action imposed by the regulatory authorities.

Future changes in regulation, accounting, fiscal or other policies are unpredictable and beyond the Issuer's control and could materially adversely affect its business or operations.

Regulators and other bodies in the United Kingdom, the EU and globally have initiated a range of legislative, accounting and regulatory changes which could impose operational restrictions on the Issuer, causing the Issuer to raise further capital, increase the Issuer's expenses and/or otherwise adversely affect its business results, financial condition or prospects. These include, amongst others:

- Certain measures relating to the ring-fencing of domestic retail banking services of UK banks, contained in the Banking Reform Act, came into force on 1 January 2015, with the full regime coming into effect in 2019. Even though the ring-fencing legislation does not apply to building societies, the Government has the power to amend the UK Building Societies Act to bring building societies legislation in line with the ring-fencing requirements if it considers it necessary at a later date;
- At European Union level, structural reform measures that are similar to some of those contained in the Banking Reform Act are also under consideration, following the report of the European Commission's high level expert group on reforming the structure of the EU Banking Sector (the Liikanen Group). This report's proposals were heavily influenced by the UK experience. The Issuer does not anticipate that the report's proposals will have any impact on UK building societies due to the Banking Reform Act and existing restrictions, provided the UK obtains a derogation under the EU proposals, but there can be no assurance that the proposals will not have an adverse effect on the Issuer's operations, business, results, financial condition or prospects;
- The Mortgage Directive was implemented in the UK on 21 March 2016 by way of the Mortgage Credit Directive Order 2015 (the "**MCD Order**") which contains amendments to legislation including the FSMA, the Consumer Credit Act 1974 and the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001. In outline, the MCD Order (i) puts in place a new regulatory regime for consumer buy-to-let mortgages ("**CBTL mortgages**"); (ii) widens the definition of regulated mortgage contract to include second charge mortgages; and (iii) transfers the regulation of some existing agreements (e.g. second charge mortgages) from the FCA's consumer credit regime to the FCA's mortgage regime. For the most part the UK Government has sought to put in place what it has described as the minimum requirements to meet its legal obligations under the Mortgage Directive in respect of buy-to-let mortgages. The legislation provides that firms do not need to apply the UK Government's appropriate framework for buy-to-let mortgages where a borrower is acting wholly or predominantly for the purposes of a business. HM Treasury has stated that they would expect CBTL activity to represent a small proportion of total buy-to-let transactions; and
- In September 2016, following a consultation by the PRA earlier that year, the PRA published Policy Statement PS28/16 and a final Supervisory Statement SS 13/16 both entitled "Underwriting standards for buy-to-let mortgage contracts". The Policy Statement applies to all PRA regulated firms that undertake buy-to let lending that are not already subject to FCA regulation. The Supervisory Statement does not apply to regulated mortgage contracts, CBTL mortgages, buy-to-let mortgages ("**BTL mortgages**") with corporates or which have a term of 12 months or less or to an application from an existing customer for consent to let. The Supervisory Statement contains the PRA's minimum standards that firms should follow when underwriting BTL mortgages (affordability testing) (including when dealing with portfolio landlords who have four or more buy-to-let properties), clarifies the PRA's expectation regarding the application of the small and medium sized supporting factor on BTL mortgages and details the PRA's expectations regarding adequate risk management and controls. The PRA expects that regulated firms ensure that the standards are followed by other firms undertaking buy-to-lending within their group.
- In December 2017, the Basel Committee on Banking Supervision (the "**Basel Committee**") published its final revisions to the Basel III capital framework. These revisions are intended to enhance the robustness and risk sensitivity of the standardised approaches for credit risk and operational risk, constrain the use of internally modelled approaches, and to complement the risk-weighted capital ratio with a finalised leverage ratio and a revised and robust capital floor. These revisions are scheduled to be effective from 1 January 2022, with the capital floors phased in from 1 January 2022 to 1 January 2027. These revisions could result in requirements which exceed existing capital requirements. In particular,

the revised capital floors will limit the extent of capital requirement reduction and increase in capital ratios that can be expected from the Issuer moving to an Internal Ratings Based (“**IRB**”) modelling approach for credit risk.

- In June 2017, the PRA published a policy statement relating to residential mortgage risk weights, including proposals to align firms’ IRB modelling approaches for residential mortgage risk weighted assets. This sets out a number of modifications to the IRB modelling methodologies for residential mortgages, and sets the expectation for firms to update IRB models by the end of December 2020. This could result in risk based requirements increasing following implementation of new models.
- The International Accounting Standards Board has introduced IFRS 9: “*Financial Instruments*” as a new standard to replace IAS 39: “*Financial Instruments: Recognition and Measurement*”. It will change the classification and measurement of some financial assets, the recognition and the financial impact of impairment and hedge accounting. The Issuer has implemented IFRS 9 for the financial year starting on 1 January 2018. The impact to the Issuer from transition to IFRS 9 is disclosed in the interim management report for the six months ended 30 June 2018. See further “*Changes in the Issuer’s accounting policies or in accounting standards could materially affect its capital ratios, how it reports its financial condition and results of operations*” below.
- The European Union General Data Protection Regulation (“**GDPR**”) has had direct effect in all European Union Member States since 25 May 2018 and has replaced previous European Union data privacy laws. Although a number of basic existing principles remain the same, the GDPR introduced new obligations on data controllers and rights for data subjects. The GDPR also introduced new fines and penalties for a breach of requirements, including fines for serious breaches of up to the higher of 4% of annual worldwide turnover or €20 million and fines of up to the higher of 2 per cent. of annual worldwide turnover or €10 million for other specified infringements. The GDPR identifies a list of points to consider when imposing fines (including the nature, gravity and duration of the infringement).

The implementation of the GDPR has required substantial amendments to the Issuer’s procedures and policies. The changes could adversely impact the Issuer’s business by increasing its operational and compliance costs. Further, there is a risk that the measures will not be implemented correctly or that individuals within the Issuer will not be fully compliant with the new procedures. If there are breaches of these measures, the Issuer could face significant administrative and monetary sanctions as well as reputational damage which may have a material adverse effect on the Issuer’s operations, financial condition and prospects.

As at the date of this Prospectus, it is impossible to predict the effect that any of the proposed or recent changes will have on the Issuer’s operations, business and prospects or how any of the proposals discussed above will be implemented in light of the fundamental changes to the regulatory environment proposed by the Government and/or the European Commission. Depending on the specific nature of the requirements and how they are enforced, such changes could have a significant impact on the Issuer’s operations, structure, costs and/or capital requirements. Accordingly, the Issuer cannot assure investors that the implementation of any of the foregoing matters or any other regulatory or legislative changes that may be proposed will not have a material adverse effect on its operations, business, results, financial condition or prospects.

Senior Managers and Certification Regime

The Senior Managers and Certification Regime (the “**SM&CR**”) is intended to govern the conduct of senior persons within UK banks, building societies, credit unions, PRA-designated investment firms and branches of foreign banks operating in the UK. The SM&CR came into force for dual regulated firms on 7 March 2016.

On 19 June 2013, the Parliamentary Commission on Banking Standards (the “PCBS”) published its final report (“Changing Banking for Good”). This was followed by the publication of the government’s response on 8 July 2013, accepting the overall conclusions of the final report and all of its principal recommendations. Among other things, this included proposals for: (i) a new senior persons regime governing the conduct of bank staff, (ii) the introduction of a criminal offence for reckless misconduct by senior bank staff and (iii) steps to improve competition in the banking sector. On 18 December 2013, the Banking Reform Act, which includes provisions to address certain of the PCBS’s recommendations, received royal assent.

The FCA and the PRA have now published the majority of their rules and guidance on the SM&CR. Amongst other things, from 7 March 2017 the SM&CR has introduced a criminal offence for reckless misconduct by senior bank staff.

The PRA has published its policy statement on the extension of the SM&CR to PRA solo regulated firms bringing them into scope of the regime from 9 December 2018. The FCA has published its near final rules for the expansion of the SM&CR to FCA solo regulated firms commencing on 9 December 2019 bringing FCA solo regulated firms into scope.

The SM&CR has had, and will continue to have a substantial impact on banks and building societies in the UK generally, including the Issuer, and when the extended SM&CR comes into force, any of the Issuer’s subsidiaries which are FSMA authorised persons at that time.

Payment Protection Insurance

In August 2010, the Financial Conduct Authority (formerly the Financial Services Authority) (the “FCA”) published a Policy Statement (PS10/12) on “The Assessment and Redress of Payment Protection Insurance Complaints” (the “Statement”). The Statement applies to all types of Payment Protection Insurance (“PPI”) policies which, in the Group’s case, relate to secured lending PPI products.

The Statement followed the Consultation Paper (CP10/06) and the FCA pressed forward with their measures stated in the Consultation Paper (CP10/12). Following publication of the Statement, the British Bankers Association (“BBA”) and others requested a judicial review of the FCA’s proposed approach to the assessment and redress of complaints in respect of sales of PPI.

On 20 April 2011, the High Court ruled in favour of the FCA in concluding that banks and building societies which had sold PPI would be required to review all past PPI sales including sales to customers who had not made complaints. The BBA chose not to appeal this ruling.

In November 2014, the UK Supreme Court ruled in *Plevin v. Paragon Personal Finance Ltd* [2014] UKSC 61 (“Plevin”) that a failure to disclose to a client a large commission payment on a single premium PPI policy made the relationship between a lender and the borrower unfair under section 140A of the Consumer Credit Act 1974. As a result, the FCA announced on 27 May 2015 that it was considering whether additional rules or guidance on PPI complaints are required subsequent to the Plevin decision. On 2 October 2015, the FCA announced that it was proposing to consult, by the end of 2015, on the introduction of a deadline by which consumers would need to make their PPI complaints or else lose their rights to have them assessed by the Financial Ombudsman Service (“FOS”). In November 2015, the FCA published its Consultation Paper CP 15/39 entitled “Rules and guidance on payment protection insurance complaints”. On 2 August 2016, the FCA published feedback to CP 15/39, together with a further consultation paper, Consultation Paper CP 16/20, on changes to the proposed rules and guidance concerning the handling of PPI complaints in light of Plevin. The results of the consultation and the final rules and guidance, Policy Statement PS 17/3, were published on 3 March 2017 and have resulted in an increase in the volume of ‘Plevin-based’ unfair relationship claims brought against the lenders who failed to disclose significant PPI commissions when entering into credit agreements. A key aspect of the FCA’s final rules is a PPI complaints deadline falling two years from 29 August 2017 when

the proposed rules come into force – hence PPI consumers have until 29 August 2019 to complain to the firm or to the FOS.

The likely outcome and the impact of the Statement on the Group or the need to offer wider redress cannot be reliably estimated or quantified. There can be no assurance of any liability the Issuer may face in respect of PPI policies.

Impact of Basel Committee reforms on the Issuer

On 16 December 2010, 13 January 2011, 12 January 2014 and in December 2017, the Basel Committee issued guidance on a number of fundamental reforms to the regulatory capital framework (such reforms being commonly referred to as “**Basel III**”), including additional capital requirements, higher capital ratios, more stringent eligibility requirements for capital instruments, a new leverage ratio and liquidity requirements. The Basel III reform package was implemented in the European Economic Area (the “**EEA**”) through a regulation (the Capital Requirements Regulation (the “**CRR**”)) and an associated directive (the Capital Requirements Directive (the “**CRD**”)) (together, “**CRD IV**”), which were published in the Official Journal of the European Union on 27 June 2013. The regulation established a single set of harmonised prudential rules which apply directly to all credit institutions in the EEA, with the directive containing less prescriptive provisions to be transposed into national law. The regulation gives express recognition for Common Equity Tier 1 capital instruments for mutual and co-operative entities and permits the use of a cap or restriction to safeguard the interests of members and reserves. Full implementation began from 1 January 2014, with particular elements being phased in over a period of time, to be fully effective by 2022.

The Issuer’s capital is reported as a ratio of risk-adjusted assets expressed as a percentage in different measures: Common Equity Tier 1 capital, Tier 1 capital and total capital.

The risk-based capital requirements under CRD IV provide for ‘Pillar 1’ minimum capital requirements plus the potential for ‘Pillar 2’ capital add-ons which may be imposed on an institution by its regulator.

The Pillar 1 requirements include a minimum capital requirement (“**MCR**”) equal to 8 per cent. of risk-weighted assets (of which at least 4.5 per cent. must comprise Common Equity Tier 1 capital and at least 6.0 per cent. must comprise Tier 1 capital) plus a number of capital buffers to provide further capital cushions for additional risks that financial institutions may be subject to. These buffers will be fully phased in by 1 January 2019 and may comprise: (i) a capital conservation buffer; (ii) a time-varying countercyclical capital buffer; (iii) buffers applicable to global systemically important banks (“**G-SIBs**”); (iv) buffers applicable to other systemically important banks; and (v) a systemic risk buffer (“**SRB**”). All buffers must be met with Common Equity Tier 1 capital.

Not all buffers apply to all institutions. The buffers applicable to the Issuer include the capital conservation buffer and the countercyclical buffer. The capital conservation buffer will, once fully phased in in 2019, be fixed at 2.5 per cent. of risk-weighted assets. The countercyclical buffer represents a weighted average of the countercyclical buffer rates set by European authorities from time to time for exposures to assets in their jurisdiction. Given that the Issuer’s exposures are predominantly in the United Kingdom, the Issuer is permitted to treat its exposures as being exclusively in the United Kingdom for the purposes of applying the countercyclical buffer. On 22 November 2017, the Financial Policy Committee (“**FPC**”) of the Bank of England announced that it was raising the countercyclical buffer rate for exposures in the United Kingdom from 0.5 per cent. to 1.0 per cent. with binding effect from 28 November 2018.

If the Issuer fails, or is perceived to be likely to fail, to meet its minimum regulatory capital requirements, this may result in administrative actions or regulatory sanctions.

Effective management of its capital is critical to the Issuer’s ability to operate and grow its business and to pursue its strategy. Any change that limits the Issuer’s ability to manage effectively its balance sheet and capital

resources (including, for example, reductions in profits and retained earnings as a result of credit losses, write-downs or otherwise, increases in risk-weighted assets (which are pro-cyclical under the CRR, resulting in risk weighting increasing in economic downturns), delays in the disposal of certain assets or the inability to raise capital or funding through wholesale markets as a result of market conditions or otherwise) could have a material adverse impact on the Issuer's business, financial condition, results of operations, liquidity and/or prospects.

In addition to the Pillar 1 capital requirements, the Issuer is subject to Pillar 2 requirements imposed by the PRA. In December 2013 the PRA published its policy statement PS7/13 "Strengthening capital standards: implementing CRD IV, feedback and final rules" on the UK rules, as applicable to the Issuer, which implement certain permitted national discretions in CRD IV. This included accelerating implementation of CRD IV deductions, with most applying in full from 2014. The PRA also changed the treatment of Pillar 2A from 1 January 2015, where firms are required to meet Pillar 2A with at least 56 per cent. in Common Equity Tier 1 capital, no more than 44 per cent. in Additional Tier 1 capital and at most 25 per cent. in Tier 2 capital.

On 29 July 2015, the PRA published its feedback statement, supervisory statement and statement of policy alongside the changes to its Pillar 2 framework for implementation on 1 January 2016. It outlined methodologies for calculating Pillar 2A capital requirements, introduced new governance and risk management capital buffer requirements, and renamed the Capital Planning Buffer as the PRA buffer. Where the PRA assesses a firm's risk management and governance to be significantly weak, it may also set the PRA buffer to cover the risk posed by those weaknesses until they are addressed. Accordingly, there is a risk that the Issuer will be required to hold higher levels of or higher quality capital than is currently anticipated or planned for. If and to the extent that the PRA adopts capital or other requirements which exceed existing capital requirements, this may adversely impact on the competitiveness of the Issuer relative to any banks and financial institutions subject to less stringent requirements.

CRD IV also introduced a leverage ratio requirement. The leverage ratio is a non-risk based measure that is designed to act as a supplement to risk based capital requirements. The leverage calculation determines a ratio based on the relationship between tier 1 capital and total exposure (total exposure is the sum of on-balance sheet exposures, derivative exposures, securities financing transaction exposures and off-balance sheet items).

The UK has implemented leverage ratio requirements in advance of the EU-wide implementation under CRD IV. In April 2015, secondary legislation was enacted writing the FPC Leverage recommendations (published on 31 October 2014) into law. This grants the FPC powers of direction over the leverage ratio and introduced requirements to which the Issuer is subject. These requirements include: a minimum leverage ratio of 3.0 per cent. as at the date of this Prospectus (this is at the same level as the EBA leverage ratio recommendation, but in the future, any changes to the proposed level of the EU-wide leverage ratio may also impact the Issuer); a countercyclical leverage ratio buffer; and, from 2019, a supplementary leverage ratio buffer. There are also requirements for leverage ratio reporting and disclosure. On 4 August 2016 the PRA announced that it would be implementing changes to the leverage ratio calibration suggested by the FPC in advance of a planned review of the leverage ratio framework in 2017. In July 2016, the FPC excluded central bank reserves from the measure of banks' exposures used to assess their leverage. This change was designed to avoid the FPC's leverage standards impeding the transmission of monetary policy. At that time, the FPC noted that it intended to introduce an off-setting adjustment to ensure that the resilience standard of the leverage requirements was maintained. On 20 September 2017, the FPC increased the minimum leverage ratio from 3.0 per cent. to 3.25 per cent. of exposures (excluding central bank reserve exposures), to reflect the removal of central bank deposits from the leverage exposure measure.

As at the date of this Prospectus, the United Kingdom leverage requirements apply only to financial institutions with retail deposits of £50 billion or more and does not currently apply to the Issuer as at the date of this Prospectus. However, these requirements could be extended to all United Kingdom financial institutions, or a

broader range of financial institutions, in the future. It is therefore unclear what effects any future changes to the leverage ratio calibration could have on the financial condition and prospects of the Issuer. Any institution that fails, or is perceived likely to fail, to meet applicable leverage requirements may become subject to administrative actions or regulatory sanctions.

To support the effectiveness of bail-in and other resolution tools, the BRRD requires that all institutions must meet an individual minimum requirement for eligible liabilities (known as “MREL”) which may be bailed-in, calculated as a percentage of total liabilities and own funds and set by the relevant resolution authorities. Items eligible for inclusion in MREL will include an institution’s own funds, along with “eligible liabilities”.

In November 2016, the Bank of England published a Statement of Policy entitled “The Bank of England’s approach to setting a minimum requirement for own funds and eligible liabilities – Responses to Consultation and Statement of Policy”. The paper sets out the Bank of England’s policy for exercising its power to direct institutions to maintain a minimum requirement for MREL under section 3A(4) of the Banking Act. Although the provisions of the BRRD transposed into UK law relating to MREL took effect from 1 January 2016, the Bank of England has confirmed that it intends to make use of the transition period allowed by the BRRD and the EBA regulatory technical standards on the criteria for determining MREL and proposes in most cases that an institution’s MREL requirement will be set equal to the applicable minimum capital requirement until 1 January 2020. The Issuer will be subject to an MREL requirement set at 18 per cent. of its risk weighted assets from 1 January 2020 and 2 times the higher of Pillar 1 plus Pillar 2A capital requirements or leverage requirements from 1 January 2022. Capital used to meet regulatory buffer requirements may not be used to also meet an institution’s MREL requirement.

The Issuer is subject to regulatory capital requirements that are subject to change and may result in additional capital requirements for the Issuer

The Issuer is subject to capital requirements that could have an impact on its operations. Changes to the capital requirements under which the Issuer operates could hinder growth by prescribing more stringent requirements than those with which it currently complies. UK regulators and international policymakers are reviewing a number of areas of the regulatory capital framework, with a view to making changes as appropriate. These areas include minimum requirements for firms’ loss-absorbing capacity, capital requirements for residential mortgages (including buy-to-let), use of the standardised approach for credit risk, and review of the Internal Ratings Based (IRB) model framework, including associated capital floors.

A perceived or actual reduction in capital surplus could result in actions or sanctions, which may have a material adverse effect on the Issuer’s business, including its operating results, financial condition and its prospects. This, in turn, may affect the Issuer’s capacity to continue its business operations or pursue strategic opportunities and may have an impact on future growth potential.

The circumstances which could give rise to a reduction in capital surplus could include the following:

- (i) The Issuer may experience a depletion of its capital resources through increased costs or liabilities incurred as a result of the crystallisation of any of the other risk factors described elsewhere in this section.
- (ii) The Issuer may experience an increased demand for capital. For example, the Issuer is subject to extensive regulation and regulatory supervision in relation to the levels of capital in its business. New or revised minimum and buffer capital requirements could be applied and/or the manner in which existing regulatory requirements are applied to the Issuer could be changed.

The Issuer manages its capital taking account of market and rating agency expectations as well as regulatory requirements. If market and rating agency expectations increase, driven by, for example, the capital levels or

targets amongst peer banks or building societies or through the changing views of rating agencies, then the Issuer may experience pressure to increase its capital ratios.

Changes in the Issuer's accounting policies or in accounting standards could materially affect its capital ratios, how it reports its financial condition and results of operations

From time to time, the International Accounting Standards Board (the "IASB") and/or the European Union change the international financial reporting standards issued by the IASB, as adopted by the European Commission for use in the European Union ("IFRS") that govern the preparation of the Issuer's financial statements. These changes can be difficult to predict and could materially impact how the Issuer records and reports its financial condition and results of operations. In some cases, the Issuer could be required to apply a new or revised standard retroactively, resulting in restating prior period financial statements.

For example, IFRS 9: "Financial Instruments" is the new standard to replace IAS 39: "Financial Instruments: Recognition and Measurement". IFRS 9 changes the classification and measurement of some financial assets, the recognition and the financial impact of impairment and hedge accounting. The Issuer has implemented IFRS 9 for the financial year starting on 1 January 2018. The impact to the Issuer from transition to IFRS 9 is disclosed in the interim management report for the six months ended 30 June 2018.

The IASB may make other changes to financial accounting and reporting standards that govern the preparation of the Issuer's financial statements, which the Issuer may adopt prior to the date on which such changes become mandatory if determined to be appropriate by the Issuer, or which the Issuer may be required to adopt. Any such change in the Issuer's accounting policies or accounting standards could materially affect its reported financial condition and results of operations.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks related to the structure of a particular issue of Notes

A range of Notes may be issued under the Programme. Notes may have features which contain particular risks for potential investors. Set out below is a description of the most common such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect, or is perceived to be able to elect, to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be entitled to redeem Notes at its option (if so specified in the applicable Final Terms) and/or following the occurrence of a Tax Event, a Regulatory Event (in the case of Subordinated Notes) or a Loss Absorption Disqualification Event (in the case of certain Senior Non-Preferred Notes) (each as defined in the Terms and Conditions of the Notes).

It may be commercially rational for the Issuer to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Redemption of Senior Non-Preferred Notes following a Loss Absorption Disqualification Event

If so specified in the applicable Final Terms, the Issuer may redeem the Senior Non-Preferred Notes upon the occurrence of a Loss Absorption Disqualification Event. If such Senior Non-Preferred Notes are to be so redeemed or there is a perception that they may be so redeemed, this may impact the market price of such Notes.

A Loss Absorption Disqualification Event shall be deemed to have occurred in respect of a Series of Senior Non-Preferred Notes if, as a result of any amendment to, or change in, any Loss Absorption Regulations, or any change in the application or official interpretation of any Loss Absorption Regulations, in any such case becoming effective after the issue date of such Series of Senior Non-Preferred Notes, such Senior Non-Preferred Notes are or (in the opinion of the Issuer or the relevant Supervisory Authority (as defined in the Terms and Conditions of the Notes)) are likely to become fully or (if so specified in the applicable Final Terms) partially excluded from the Issuer's (whether on an individual or consolidated basis) minimum requirements for (A) own funds and eligible liabilities and/or (B) loss absorbing capacity instruments, in each case as such minimum requirements are applicable to the Issuer (whether on an individual or consolidated basis) and determined in accordance with, and pursuant to, the relevant Loss Absorption Regulations; provided that a Loss Absorption Disqualification Event shall not occur where the exclusion of the Senior Non-Preferred Notes from the Issuer's minimum requirement(s) is due to the remaining maturity of such Senior Non-Preferred Notes being less than any period prescribed by any applicable eligibility criteria for such minimum requirements under the relevant Loss Absorption Regulations effective with respect to the Issuer on the issue date of such Series of Senior Non-Preferred Notes.

As the implementation of the minimum requirements for eligible liabilities under the BRRD is subject to the adoption of further legislation and implementation, including further legislative proposals in the EU with respect to (amongst other things) the necessary features of eligible liabilities, it is not possible to predict whether the Senior Non-Preferred Notes will be fully or partially excluded from the Issuer's minimum requirements referred to above. If any of the Senior Non-Preferred Notes are to be redeemed as a result of a Loss Absorption Disqualification Event or there is a perception that such Senior Non-Preferred Notes may be so redeemed, this may impact the market price of such Senior Non-Preferred Notes. In addition, there can be no assurance that Noteholders will be able to reinvest the amounts received upon redemption at a rate that will provide the same rate of return as their investment in the Senior Non-Preferred Notes.

Substitution and variation of Senior Non-Preferred Notes following a Loss Absorption Disqualification Event

If so specified in the applicable Final Terms, the Issuer may, following a Loss Absorption Disqualification Event in respect of any Series of Senior Non-Preferred Notes, without the need for any consent of the Noteholders, substitute all (but not some only) of such Series of Senior Non-Preferred Notes for, or vary the terms of such Series so that they remain or become, Loss Absorption Compliant Notes (as defined in the Terms and Conditions of the Notes). Whilst Loss Absorption Compliant Notes are required to have terms not materially less favourable to Noteholders than the terms of the relevant Senior Non-Preferred Notes (as reasonably determined by the Issuer in consultation with an independent adviser of recognised standing), no assurance can be given that any such substitution or variation will not adversely affect any particular holder. In addition, the tax and stamp duty consequences of holding such Loss Absorption Compliant Notes could be different for some categories of Noteholders from the tax and stamp duty consequences for them of holding the Senior Non-Preferred Notes prior to such substitution or variation.

If the Notes include a feature to convert the interest basis from a fixed rate to a floating rate, or vice versa, this may affect the secondary market and the market value of the Notes concerned

Fixed/Floating Rate Notes are Notes which may bear interest at a rate that may convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. Such a feature to effect a conversion, and any conversion of the interest basis, may affect the secondary market and the market value of the Notes as the change of interest basis may result in a lower interest return for Noteholders. Where the Notes convert from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. Where the Notes convert from a floating rate to a fixed rate in such

circumstances, the fixed rate may be lower than then prevailing market rates and could affect the market value of an investment in such Notes. Furthermore, if any Notes are issued upon terms providing for automatic conversion of the interest rate on any Notes from a fixed rate to a floating rate or vice versa, this may also affect the secondary market and the market value of the Notes concerned if the rate or basis to which the interest rate is required to switch is lower than the interest rate prevailing up to such time.

Notes which are issued at a substantial discount or premium may experience price volatility in response to changes in market interest rates

The market values of securities issued at a substantial discount (such as Zero Coupon Notes) or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for more conventional interest-bearing securities. Generally, the longer the remaining term of such securities, the greater the price volatility as compared to more conventional interest-bearing securities with comparable maturities.

The Senior Non-Preferred Notes and the Subordinated Notes rank junior to most of the Issuer's liabilities

Whilst the Issuer's Senior Non-Preferred Notes and Senior Preferred Notes both share the 'senior' designation under the Programme, the Senior Non-Preferred Notes rank junior to the Senior Preferred Notes (which, in turn, rank junior to those of the Issuer's obligations which are by law given priority over its Senior Preferred Notes, including its retail member deposits – see "*Certain liabilities of the Issuer will by law rank in priority to the Senior Preferred Notes in the event of a winding-up of the Issuer*" above) and other unsecured and unsubordinated liabilities. Accordingly, prospective investors in Notes issued under the Programme should note that, in the event of the Issuer's insolvency or resolution, investors in the Senior Non-Preferred Notes would generally be expected to lose their entire investment before losses are imposed on holders of the Senior Preferred Notes. The Subordinated Notes rank junior to the Senior Non-Preferred Notes, and the Issuer may also issue other securities which rank junior to the Senior Non-Preferred Notes and in priority to the Subordinated Notes. Further, investors in the Subordinated Notes and (if so specified in the applicable Final Terms) Senior Non-Preferred Notes will not be entitled to exercise any rights of set-off against the Issuer in respect of such Notes.

If the Issuer is declared insolvent and a winding up is initiated the Issuer will, before it can make any payments on the Subordinated Notes, be required to pay in full the holders of its senior-ranking debt (including in respect of the Senior Preferred Notes and Senior Non-Preferred Notes) and meet its obligations to all of its retail member depositors and other creditors, other than its obligations (i) with respect to its Additional Tier 1 Capital, CET1 Capital or Tier 2 Capital (each as defined in the Terms and Conditions of the Notes) or (ii) which otherwise rank *pari passu* with, or junior to, the claims in respect of the Subordinated Notes. Accordingly, on a winding-up of the Issuer, if the assets of the Issuer are insufficient to enable the Issuer to repay the claims of more senior-ranking creditors in full, the holders of Subordinated Notes will lose their entire investment in such Notes. If there are sufficient assets to enable the Issuer to pay the claims of senior-ranking creditors in full but insufficient assets to enable it to pay claims in respect of its obligations under the Subordinated Notes and all other claims that rank *pari passu* with the Subordinated Notes, holders of Subordinated Notes will lose some (which may be substantially all) of their investment in such Notes.

The ranking of Notes in a winding up or dissolution of the Issuer can also be expected to have a direct impact on the relative losses imposed on Noteholders in a resolution of the Issuer or capital write-down under the Banking Act, as such resolution and capital write-down powers ought to be used in a manner that respects the hierarchy of claims in an ordinary insolvency - see "*The UK Banking Act 2009 confers substantial powers on a number of UK authorities designed to enable them to take a range of actions in relation to UK deposit-taking institutions which are considered to be at risk of failing. The exercise of any of these actions in relation to the*

Issuer or any Notes could materially adversely affect the value of any Notes and/or the rights of Noteholders” above.

On 28 December 2017, Directive (EU) 2017/2399 (the “**Article 108 Amending Directive**”) entered into force, amending Article 108 of BRRD and designed to create a new category of unsecured debt for banks and other credit institutions. Whilst the Commission considers this new category as “still being part of the senior unsecured debt category (only as an un-preferred tier senior debt)”, it nevertheless ranks junior to ordinary unsecured creditors and other senior unsecured and preferred debts. Accordingly, the Article 108 Amending Directive differentiates between a class of ‘ordinary unsecured claims’ and a new, lower-ranking ‘un-preferred’ senior class.

The Banks and Building Societies (Priorities on Insolvency) Order 2018 (as the same may be amended, supplemented or replaced from time to time, the “**Order**”) will come into effect on 19 December 2018 implementing the Article 108 Amending Directive into UK insolvency law. Under the Order, and in relation to insolvency proceedings which are commenced on or after the date on which the Order came into effect, the debts of a relevant institution (which would include the Issuer) which are ‘non-preferential’ debts (i.e. those debts which are not presently given priority over ordinary unsecured claims under UK insolvency law) will no longer be treated as a single *pari passu* class, and instead will be split into three distinct tiers:

- (1) ‘ordinary non-preferential debts’ (broadly equating to ordinary senior unsecured liabilities);
- (2) ‘secondary non-preferential debts’ (which equates to the new un-preferred senior class under the Article 108 Amending Directive); and
- (3) ‘tertiary non-preferential debts’ (which would include liabilities in respect of tier 1 and tier 2 own funds instruments and other subordinated liabilities).

The Order provides that, in an insolvency of a relevant institution, ordinary non-preferential debts will be paid in priority to secondary non-preferential debts, which in turn will be paid in priority to tertiary non-preferential debts.

As further set out at Condition 2 (to which investors will be deemed to acknowledge and agree by acquiring the Notes):

- i. claims in respect of Senior Preferred Notes issued under the Programme and any relative Coupons will constitute part of the class of ‘ordinary non-preferential debts’ (or such other designation as may be attributed to the equivalent class of debts) under the Order, corresponding to the class of ‘ordinary unsecured claims’ under the Article 108 Amending Directive;
- ii. claims in respect of Senior Non-Preferred Notes issued under the Programme and any relative Coupons will constitute part of the class of ‘secondary non-preferential debts’ (or such other designation as may be attributed to the equivalent class of debts) under the Order, corresponding to the new un-preferred senior class under the Article 108 Amending Directive; and
- iii. claims in respect of Subordinated Notes issued under the Programme and any relative Coupons will constitute part of the class of ‘tertiary non-preferential debts’ (or such other designation as may be attributed to the equivalent class of debts) under the Order.

The new class of ‘secondary non-preferential debts’ is designed to contribute towards institutions’ ‘eligible liabilities’ for the purposes of their MREL requirement. MREL is designed to be available to resolution authorities for write-down, write-off or conversion to equity in order to absorb losses and recapitalise a failing institution in the event of resolution action being taken, and before more senior-ranking creditors suffer losses. The amount of MREL the Issuer is required to maintain over time will be based on the expected required capacity to resolve and, if appropriate, recapitalise the Issuer in the event of its failure. Accordingly, if such

calibration is accurate, it may be the case that, in a resolution, investors in Senior Non-Preferred Notes may lose all or substantially all of their investment whilst investors in Senior Preferred Notes suffer lower (or no) losses (although there can be no assurance that investors in Senior Preferred Notes will not also suffer substantial losses). The market value of the Senior Non-Preferred Notes may therefore be more severely adversely affected and/or more volatile if the Issuer's financial condition deteriorates than the market value of the Senior Preferred Notes. Accordingly, holders of Senior Non-Preferred Notes may bear significantly more risk than holders of Senior Preferred Notes (notwithstanding that both share the 'Senior' designation under the Programme).

Investors should ensure they understand the relative ranking of Notes issued under the Programme – including as between Senior Preferred Notes, Senior Non-Preferred Notes and Subordinated Notes - and the risks consequent thereon, before investing in any Notes.

The Subordinated Notes contain and the Senior Non-Preferred Notes may contain limited events of default and the remedies available thereunder are limited.

The only events of default under the Conditions of the Subordinated Notes and any Series of Senior Non-Preferred Notes for which the applicable Final Terms specifies "*Senior Non-Preferred Notes: Restricted Events of Default*" as being "Applicable" are (i) where there is a failure to pay principal or interest for a period of seven days or more, in respect of principal, or 14 days or more, in respect of interest, when it otherwise becomes due and payable or (ii) in the event of the commencement of the winding-up or dissolution of the Issuer (other than an Excluded Dissolution (as defined in the Terms and Conditions of the Notes)).

The sole remedy against the Issuer available to the Trustee for recovery of amounts which have become due in respect of the Subordinated Notes or any such Series of Senior Non-Preferred Notes will be the institution of proceedings for the winding-up of the Issuer. Otherwise, the Trustee and the Noteholders may not take any further or other action to enforce, prove or claim any such payment, including, in the case of a failure to pay interest, any action to accelerate a repayment of the principal amount of the Subordinated Notes or any such Series of Senior Non-Preferred Notes.

In the event of the commencement of the winding up of the Issuer or the commencement of the dissolution of the Issuer (except in any such case an Excluded Dissolution), the Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes then outstanding or so directed by an Extraordinary Resolution of the Noteholders shall (subject to being indemnified to its satisfaction), give notice to the Issuer that the relevant Series of Notes are due and repayable immediately (and the relevant Series of Notes shall thereby become so due and repayable) at their Early Redemption Amount (as described in Condition 5(i)) together with accrued interest (if any).

The rate of interest of Reset Notes will be reset, which may affect the secondary market for and the market value of such Reset Notes

In the case of any Series of Reset Notes, the rate of interest on such Reset Notes will be reset by reference to the Reset Reference Rate, as adjusted for any applicable margin, on the reset dates specified in the relevant Final Terms. This is more particularly described in Condition 4(c). The reset of the rate of interest in accordance with such provisions may affect the secondary market for and the market value of such Reset Notes. Following any such reset of the rate of interest applicable to the Notes, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest on the relevant Reset Notes may be lower than the Initial Rate of Interest, the First Reset Rate of Interest and/or any previous Subsequent Reset Rate of Interest.

Risks related to Notes generally

Set out below is a description of material risks relating to the Notes generally:

The regulation and reform of benchmarks may adversely affect the value of Notes linked to or referencing such “benchmarks”

Reference rates and indices, including interest rate benchmarks such as EURIBOR, LIBOR and SONIA (each as defined below), which are deemed to be “benchmarks” and which may be used to determine the amounts payable under financial instruments or the value of such financial instruments have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past or to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on any Notes linked to or referencing such a benchmark. Regulation (EU) 2016/1011 (the “**Benchmarks Regulation**”) was published in the Official Journal of the EU on 29 June 2016 and was applied as of 1 January 2018. The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EU. It, among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark, in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the benchmark.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a benchmark and complying with any such regulations or requirements. For example, the sustainability of the London interbank offered rate (“**LIBOR**”) has been questioned as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of regulatory reforms) for market participants to continue contributing to such benchmarks. On 27 July 2017, the FCA announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the “**FCA Announcement**”). The FCA Announcement indicated that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. The potential elimination of the LIBOR benchmark or any other benchmark, or changes in the manner of administration of any benchmark, could require an adjustment to the terms and conditions, or result in other consequences, in respect of any Notes linked to such benchmark (including but not limited to floating rate Notes whose interest rates are linked to LIBOR).

In addition, on 29 November 2017, the Bank of England and the FCA announced that, from January 2018, its Working Group on Sterling Risk-Free Rates has been mandated with implementing a broad-based transition to the Sterling Overnight Index Average (“**SONIA**”) over the next four years across sterling bond, loan and derivative markets, so that SONIA is established as the primary sterling interest rate benchmark by the end of 2021 (as further described under “*The market continues to develop in relation to SONIA as a reference rate*” below).

Separate workstreams are also underway in Europe to reform the euro interbank offered rate (“**EURIBOR**”) using a hybrid methodology and to provide a fallback by reference to a euro risk-free rate (based on a euro overnight risk-free rate as adjusted by a methodology to create a term rate).

It is not possible to predict with certainty whether, and to what extent, LIBOR and/or EURIBOR will continue to be supported going forwards. This may cause LIBOR and/or EURIBOR to perform differently than they have done in the past, and may have other consequences which cannot be predicted. The potential transition from LIBOR to SONIA or the elimination of LIBOR, EURIBOR or any other benchmark, or changes in the

manner of administration of any benchmark, could require an adjustment to the Terms and Conditions of the Notes, or result in other consequences, in respect of any Notes referencing such benchmark. Such factors may have (without limitation) the following effects on certain benchmarks: (i) discouraging market participants from continuing to administer or contribute to a benchmark; (ii) triggering changes in the rules or methodologies used in the benchmark and/or (iii) leading to the disappearance of the benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a benchmark.

The Terms and Conditions of the Notes provide for certain fallback arrangements in the event that a published benchmark, including an inter-bank offered rate such as LIBOR, EURIBOR or other relevant reference rates (including, without limitation, mid-swap rates and any page on which such benchmark may be published) becomes unavailable. Where the Rate of Interest is to be determined by reference to the Relevant Screen Page and the Relevant Screen Page is not available or the relevant rate does not appear on the Relevant Screen Page, the Terms and Conditions of the Notes provide for the Rate of Interest to be determined by the Calculation Agent by reference to quotations from banks communicated to the Calculation Agent.

Where such quotations are not available (as may be the case if the relevant banks are not submitting rates for the determination of such Original Reference Rate), the ultimate fallback for the purposes of calculation of interest for a particular Interest Period may result in the rate of interest for the last preceding Interest Period being used. This may result in the effective application of a fixed rate for Floating Rate Notes based on the rate which was last observed on the Relevant Screen Page or, in the case of Fixed Rate Reset Notes, the application of the Reset Rate for a preceding Reset Period or, in the case of Fixed Rate Reset Notes or Fixed-to-Floating Rate Notes, the application of the initial Rate of Interest applicable to such Notes on the Interest Commencement Date. Uncertainty as to the continuation of the Original Reference Rate, the availability of quotes from reference banks, and the rate that would be applicable if the Original Reference Rate is discontinued may adversely affect the value of, and return on, the Notes.

If a Benchmark Event (as defined in Condition 4(d)) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. After consulting with the Independent Adviser, the Issuer shall endeavour to determine a Successor Rate or Alternative Rate to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest will result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Issuer, the Terms and Conditions of the Notes provide that the Issuer may vary the Terms and Conditions of the Notes, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Issuer, the Terms and Conditions of the Notes also provide that an Adjustment Spread may be determined by the Issuer and applied to such Successor Rate or Alternative Rate. The aim of the Adjustment Spread is to reduce or eliminate, to the extent reasonably practicable, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate. However, it may not be possible to determine or apply an Adjustment Spread and even if an Adjustment Spread is applied, such Adjustment Spread may not be effective to reduce or eliminate economic prejudice to Noteholders and Couponholders. If no Adjustment Spread can be determined, a Successor Rate or Alternative Rate may nonetheless be used to determine the Rate of Interest. The use of any Successor Rate or Alternative Rate (including with the application of an Adjustment Spread) will still result in Notes linked to or referencing

the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the Terms and Conditions of the Notes.

Where the Issuer is unable to appoint an Independent Adviser in a timely manner, or is unable to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest.

Where the Issuer has been unable to appoint an Independent Adviser or, has failed to determine a Successor Rate or Alternative Rate in respect of any given Interest Period, it will continue to attempt to appoint an Independent Adviser in a timely manner before the next succeeding Interest Determination Date and/or to determine a Successor Rate or Alternative Rate to apply the next succeeding and any subsequent Interest Periods, as necessary.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event will result in Notes linked to or referencing the relevant benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the floating rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified as the manner in which the Rate of Interest is to be determined, the Terms and Conditions of the Notes provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the 2006 ISDA Definitions. Where the Floating Rate Option specified is an "IBOR" Floating Rate Option, the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may adversely affect the value of, and return on, the Notes.

The market continues to develop in relation to SONIA as a reference rate

Investors should be aware that the market continues to develop in relation to SONIA as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Terms and Conditions as applicable to Notes referencing a SONIA rate that are issued under this Prospectus. Furthermore the Issuer may in future issue Notes referencing SONIA that differ materially in terms of interest determination when compared with any previous SONIA-referenced Notes issued by it under the Programme. The nascent development of Compounded Daily SONIA (as defined in the Terms and Conditions) as an interest reference rate for the Eurobond markets, as well as continued development of SONIA-based rates for such market and the market infrastructure for adopting such rates, could result in

reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA-referenced Notes issued under the Programme from time to time.

Furthermore, interest on Notes which reference Compounded Daily SONIA is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference Compounded Daily SONIA to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which could adversely impact the liquidity of such Notes. Further, in contrast to LIBOR-based Notes, if Notes referencing Compounded Daily SONIA become due and payable as a result of an event of default under Condition 10 or Condition 11 (as applicable), the rate of interest payable for the final Interest Accrual Period in respect of such Notes shall only be determined immediately prior to the date on which the Notes become due and payable and shall not be reset thereafter.

In addition, the manner of adoption or application of SONIA reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing Compounded Daily SONIA.

Investors should consider these matters when making their investment decision with respect to any such relevant Notes.

The conditions of the Notes contain provisions which may permit their modification without the consent of all investors and confer significant discretions on the Trustee which may be exercised without the consent of the Noteholders and without regard to the individual interests of particular Noteholders

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The conditions of the Notes also provide that the Trustee may, without the consent of Noteholders and without regard to the interests of particular Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of the Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer, in the circumstances described in Condition 14.

Limitation on gross-up obligation under the Subordinated Notes and certain Senior Non-Preferred Notes

The Issuer's obligation to pay additional amounts in respect of any withholding or deduction in respect of UK taxes under the terms of (i) each Series of Subordinated Notes and (ii) any Series of Senior Non-Preferred Notes for which the applicable Final Terms specifies "*Senior Non-Preferred Notes: Gross-up of principal*" as "Not Applicable", applies only to payments of interest due and paid under such Notes and not to payments of principal. As such, the Issuer would not be required to pay any additional amounts under the terms of any Series of Subordinated Notes or any such Series of Senior Non-Preferred Notes to the extent any withholding or deduction applied to payments of principal. Accordingly, if any such withholding or deduction were to apply to any payments of principal under any Series of Subordinated Notes or any such Series of Senior Non-Preferred Notes, holders of such Notes would, upon repayment or redemption of such Notes, be entitled to receive only the net amount of such redemption or repayment proceeds after deduction of the amount required to be withheld. Therefore, holders may receive less than the full amount due under such Notes, and the market value of such Notes may be adversely affected as a result.

The value of the Notes could be adversely affected by a change in English law or administrative practice

The conditions of the Notes are based on English law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to English law or administrative practice after the date of this Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Investors who hold less than the minimum Specified Denomination may be unable to sell their Notes and may be adversely affected if definitive Notes are subsequently required to be issued

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system would not be able to sell the remainder of such holding without first purchasing a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination. Further, a holder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes at or in excess of the minimum Specified Denomination such that its holding amounts to a Specified Denomination.

If such Notes in definitive form are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Risks related to the market generally

Set out below is a description of material market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid and may be sensitive to changes in financial markets. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

If an investor holds Notes which are not denominated in the investor's home currency, he will be exposed to movements in exchange rates adversely affecting the value of his holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency equivalent value of the principal payable on the Notes and (iii) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Credit ratings assigned to the Issuer or any Notes may not reflect all the risks associated with an investment in those Notes

One or more independent credit rating agencies may assign credit ratings to the Issuer or the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time. Further, one or more credit rating agencies may from time to time release unsolicited credit ratings reports in relation to the Notes without the consent or knowledge of the Issuer. The Issuer does not have any control over such reports or analyses and any adverse credit rating of the Notes could adversely affect the value of the Notes.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by ESMA on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings is set out on the cover of this Prospectus.

DOCUMENTS INCORPORATED BY REFERENCE

The Independent Auditor's Report and the section titled "*Financial Information*" (which includes the auditor's report and audited consolidated annual accounts of the Issuer and its subsidiaries for the year ended 31 December 2016) as set out on pages 94 to 180 of the Issuer's Annual Report and Accounts 2016, the Independent Auditor's Report and the section titled "*Financial Information*" (which includes the auditor's report and audited consolidated annual accounts of the Issuer and its subsidiaries for the year ended 31 December 2017) as set out on pages 85 to 176 of the Issuer's Annual Report and Accounts 2017 and the Interim Management Report 2018 (which includes the unaudited consolidated interim financial statements of the Issuer and its subsidiaries for the six months ended 30 June 2018 (including the notes thereto) and the auditor's independent review report thereon on pages 13 to 34 and page 36 respectively) (together, the "**Interim Group Accounts 2018**"), which have previously been published or are published simultaneously with this Prospectus and have been filed with the Financial Conduct Authority, shall be incorporated in and form part of this Prospectus.

The Terms and Conditions of the Notes contained in the previous Prospectuses dated 12 October 1998 (pages 18 to 36 (inclusive)), 7 March 2014 (pages 31 to 51 (inclusive)), 6 March 2015 (pages 32 to 52 (inclusive)), 18 December 2015 (pages 34 to 59 (inclusive)) and 28 June 2017 (pages 38 to 63 (inclusive)) prepared by the Issuer in connection with the Programme shall be incorporated in and form part of this Prospectus.

Any statement contained in a document which is incorporated by reference herein shall be modified or superseded for the purpose of this Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

Following the publication of this Prospectus a supplement may be prepared by the Issuer and approved by the UK Listing Authority in accordance with Article 16 of the Prospectus Directive. Statements contained in any such supplement (or contained in any document incorporated by reference therein) shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede statements contained in this Prospectus or in a document which is incorporated by reference in this Prospectus. Any statement so modified or superseded shall not, except as so modified or superseded, constitute a part of this Prospectus.

Copies of documents incorporated by reference in this Prospectus can be obtained from the registered office of the Issuer at Yorkshire Building Society, Yorkshire House, Yorkshire Drive, Bradford, West Yorkshire BD5 8LJ and from the specified offices of the Paying Agents for the time being in London and Luxembourg. In addition, copies of the documents will be available at the website of the Regulatory News Service operated by the London Stock Exchange at www.londonstockexchange.com/exchange/news/market-news/market-news-home.html.

Any documents themselves incorporated by reference in the documents incorporated by reference in this Prospectus shall not form part of this Prospectus.

Any non-incorporated parts of a document referred to herein are either deemed not relevant for an investor or are otherwise covered elsewhere in this Prospectus.

The Issuer will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Prospectus or publish a new Prospectus for use in connection with any subsequent issue of Notes.

FORM OF THE NOTES

Each Tranche of Notes will be in bearer form and will be initially issued in the form of a Temporary Global Note without interest coupons or talons, which will:

- (i) if the Global Notes are intended to be issued in new Global Note (“NGN”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or
- (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg.

Where the Global Notes issued in respect of any Tranche are in NGN form, the applicable Final Terms will also indicate whether or not such Global Notes are intended to be held in a manner which would allow Eurosystem eligibility. Any indication that the Global Notes are to be so held does not necessarily mean that the Notes of the relevant Tranche will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any times during their life as such recognition depends upon satisfaction of the Eurosystem eligibility criteria. The common safekeeper for NGNs will either be Euroclear or Clearstream, Luxembourg or another entity approved by Euroclear and Clearstream, Luxembourg, as indicated in the applicable Final Terms.

Whilst any Note is represented by a Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in such Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury Regulations has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Agent. Any reference in this section “*Form of the Notes*” to Euroclear and/or Clearstream, Luxembourg shall, whenever the context so permits except in relation to Notes issued in NGN form, be deemed to include a reference to any additional or alternative clearing system specified in the applicable Final Terms.

On and after the date (the “**Exchange Date**”) which is 40 days after the date on which the Temporary Global Note is issued, interests in such Temporary Global Note will be exchangeable either for interests in a Permanent Global Note without interest coupons or talons or for definitive Notes (as indicated in the applicable Final Terms) in each case against certification as to non-U.S. beneficial ownership as described in the second sentence of the preceding paragraph required by U.S. Treasury Regulations in accordance with the terms of the Temporary Global Note unless certification has already been given pursuant to the second sentence of the preceding paragraph. The holder of a Temporary Global Note will not be entitled to receive any payment of interest or principal due on or after the Exchange Date. Pursuant to the Agency Agreement the Agent shall arrange that, where a further Tranche of Notes is issued which is intended to form a single Series with an existing Tranche of Notes at a point after the Issue Date of the further Tranche, the Notes of such further Tranche shall be assigned a common code and an ISIN by Euroclear and Clearstream, Luxembourg which are different from the common code and ISIN assigned to Notes of any other Tranche of the same Series until such time as the Tranches are consolidated and form a single Series, which shall not be prior to the expiry of the distribution compliance period (as defined in Regulation S under the Securities Act) applicable to the Notes of such Tranche.

The option for an issue of Notes to be represented on issue by a Temporary Global Note exchangeable for definitive Notes should not be expressed to be applicable in the applicable Final Terms if the Notes are issued

with a minimum Specified Denomination such as €100,000 (or its equivalent in another currency) plus one or more higher integral multiples of another smaller amount such as €1,000 (or its equivalent in another currency).

Payments of principal and interest (if any) on a Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Global Note if the Permanent Global Note is not intended to be issued in NGN form) without any requirement for certification. A Permanent Global Note will be exchangeable, in whole but not in part, for security printed definitive Notes with, where applicable, interest coupons and talons attached upon the occurrence of an Exchange Event. For these purposes, “**Exchange Event**” means (i) in the case of Senior Preferred Notes and Unrestricted Default Senior Non-Preferred Notes, an Event of Default has occurred and is continuing or, in the case of Restricted Default Senior Non-Preferred Notes and Subordinated Notes, a payment default in accordance with Condition 11 has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no alternative clearing system satisfactory to the Trustee is available or (iii) the Issuer has or will become obliged to pay additional amounts as provided for or referred to in Condition 9 which would not be required were the Notes represented by the Permanent Global Note in definitive form. The Issuer will promptly give notice to Noteholders in accordance with Condition 18 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Global Note) may give notice to the Agent requesting exchange and in the event of the occurrence of an Exchange Event as described in (iii) above, the Issuer may also give notice to the Agent requesting exchange. Any such exchange shall occur not later than 30 days after the date of receipt of the first relevant notice by the Agent. Temporary and Permanent Global Notes and definitive Notes will be authenticated (if applicable) and delivered by the Agent on behalf of the Issuer.

The following legend will appear on all Notes (other than Temporary Global Notes), interest coupons and talons relating to such Notes where TEFRA D is specified in the applicable Final Terms:

“Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in sections 165(j) and 1287(a) of the Internal Revenue Code.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Notes or interest coupons and will not be entitled to capital gains treatment in respect of any gain on any sale, disposition or payment of principal in respect of Notes or interest coupons.

No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to proceed, fails so to do within a reasonable period and the failure shall be continuing.

The Issuer may agree with any Dealer and the Trustee that Notes may be issued in a form not contemplated by the Terms and Conditions of the Notes, in which event a new Prospectus will be made available which will describe the effect of the agreement reached in relation to such Notes.

FORM OF FINAL TERMS

Set out below is the form of Final Terms which will be completed for each Tranche of Notes issued under the Programme.

[MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ELIGIBLE COUNTERPARTIES (ECPS) ONLY TARGET MARKET – Solely for the purposes of [the/each] manufacturer’s product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (“**MiFID II**”); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the manufacturer[’s/s’] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[’s/s’] target market assessment) and determining appropriate distribution channels.]

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“**EEA**”). For these purposes, a “**retail investor**” means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) [of Directive 2014/65/EU (“**MiFID II**”)] [of MiFID II]; (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, “**IMD**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the “**Prospectus Directive**”). Consequently no key information document required by Regulation (EU) No 1286/2014 (the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]¹

[In connection with Section 309B of the Securities and Futures Act (Chapter 289) of Singapore (the “**SFA**”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).]

| (iv) If non-syndicated, name of relevant Dealer: | [Not Applicable/[●]] |
| (v) U.S. Selling Restrictions: | [Reg. S Compliance Category 2; TEFRA D/TEFRA not applicable] |
| (vi) Prohibition of Sales to EEA Retail Investors: | [Applicable/Not Applicable] |

TERMS AND CONDITIONS OF THE NOTES

The following are the Terms and Conditions of the Notes which will be incorporated by reference into each Temporary Global Note and Permanent Global Note and which will be endorsed upon (or incorporated by reference into) each definitive Note. The Terms and Conditions shall be incorporated by reference into definitive Notes unless the relevant stock exchange or other relevant authority requires otherwise. The applicable Final Terms in relation to any Tranche (as defined below) of Notes may specify other terms and conditions which shall, to the extent so specified, supplement the following Terms and Conditions for the purpose of such Tranche of Notes. The applicable Final Terms will be endorsed upon, or attached to, each Temporary Global Note, Permanent Global Note and definitive Note. Reference should be made to "Form of the Final Terms" above for the form of Final Terms which will include the definition of certain terms used in the following Terms and Conditions.

This Note is one of a Series of notes (the notes of such Series being hereinafter called the "**Notes**", which expression shall mean (i) in relation to Notes represented by a global note, units of the lowest Specified Denomination in the Specified Currency, (ii) definitive Notes issued in exchange (or part exchange) for a Global Note and (iii) any Global Note) constituted by a Trust Deed (such Trust Deed as amended and/or supplemented and/or restated from time to time, the "**Trust Deed**") dated 28 July 1993 made between Yorkshire Building Society (the "**Issuer**") and The Law Debenture Trust Corporation p.l.c. (the "**Trustee**", which expression shall include any successor as trustee).

Interest bearing definitive Notes have interest coupons ("**Coupons**") and, in the case of Notes which, when issued in definitive form, have more than 27 interest payments remaining, talons for further Coupons ("**Talons**") attached on issue. Any reference in these Terms and Conditions to Coupons or coupons shall, unless the context otherwise requires, be deemed to include a reference to Talons or talons.

Payments in respect of the Notes will be made under an Amended and Restated Agency Agreement (such Agreement as amended and/or supplemented and/or restated from time to time, the "**Agency Agreement**") dated 18 December 2018 made between the Issuer, HSBC Bank plc as issuing agent, principal paying agent and agent bank (the "**Agent**", which expression shall include any successor as agent), the other paying agents named therein (together with the Agent, the "**Paying Agents**", which expression shall include any additional or successor paying agents) and the Trustee.

The final terms for this Note are set out in Part A of the Final Terms attached hereto or endorsed hereon which supplements these Terms and Conditions (the "**Conditions**"). References herein to "**applicable Final Terms**" are to Part A of the Final Terms attached hereto or endorsed hereon.

The Trustee acts for the benefit of the holders of the Notes (the "**Noteholders**", which expression shall, in relation to any Notes represented by a Global Note, be construed as provided below) and the holders of the Coupons (the "**Couponholders**", which expression shall, unless the context otherwise requires, include the holders of the Talons), all in accordance with the provisions of the Trust Deed.

As used herein, "**Tranche**" means Notes which are identical in all respects (including as to listing and admission to trading) and "**Series**" means a Tranche of Notes together with any further Tranche or Tranches of Notes which are (i) expressed to be consolidated and forming a single series and (ii) are identical in all respects (including as to listing and admission to trading) except for their respective Issue Dates, Interest Commencement Dates and/or Issue Prices.

Copies of the Trust Deed and the Agency Agreement are available for inspection during normal business hours at the registered office of the Trustee (being at 18 December 2018 at Fifth Floor, 100 Wood Street, London EC2V 7EX) and at the specified office of each of the Paying Agents. Copies of the applicable Final Terms may be obtained from the Issuer at Yorkshire Building Society, Yorkshire House, Yorkshire Drive, Bradford BD5

8LJ. The Noteholders and the Couponholders are deemed to have notice of, and are entitled to the benefit of, all the provisions of the Trust Deed, the Agency Agreement and the applicable Final Terms, which are binding on them. Words and expressions defined in the Trust Deed or the Agency Agreement or used in the applicable Final Terms shall have the same meanings where used in these Terms and Conditions unless the context otherwise requires or unless otherwise stated and provided that, in the event of inconsistency between the Agency Agreement and the Trust Deed, the Trust Deed will prevail and, in the event of inconsistency between the Agency Agreement or the Trust Deed and the applicable Final Terms, the applicable Final Terms will prevail.

1 Form, Denomination and Title

The Notes are in bearer form and, in the case of definitive Notes, serially numbered, in the currency (the “**Specified Currency**”) and the denominations (the “**Specified Denomination(s)**”) specified in the applicable Final Terms. Notes of one Specified Denomination may not be exchanged for Notes of another Specified Denomination.

The Note may be a Fixed Rate Note, a Reset Note, a Floating Rate Note, a Zero Coupon Note or any appropriate combination thereof depending upon the Interest Basis shown in the applicable Final Terms.

The Note may be a Senior Preferred Note, a Senior Non-Preferred Note or a Subordinated Note, as indicated in the applicable Final Terms.

If this Note is a definitive Note, it is issued with Coupons and, if applicable, Talons attached, unless it is a Zero Coupon Note in which case references to interest, Coupons and Couponholders in these Terms and Conditions are not applicable.

Without prejudice to the provisions relating to Global Notes set out below, title to the Notes and the Coupons will pass by delivery. Except as ordered by a court of competent jurisdiction or as required by law the Issuer, the Trustee, the Agent and any other Paying Agent shall be entitled to (subject as set out below) deem and treat the bearer of any Note or Coupon as the absolute owner thereof (whether or not such Note or Coupon shall be overdue and notwithstanding any notice to the contrary or any notation of ownership or writing thereon or notice of any previous loss or theft thereof) for the purpose of making payment thereon and for all other purposes.

For so long as any of the Notes is represented by a Global Note held by or on behalf of Euroclear Bank SA/NV (“**Euroclear**”) and/or Clearstream Banking, S.A. (“**Clearstream, Luxembourg**”), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg (including any form of statement or printout of electronic records provided by the relevant clearing system (including Euroclear’s EUCLID or Clearstream Luxembourg’s Creation Online system) in accordance with its usual procedures and in which the holder of a particular nominal amount of Notes is clearly identified together with the amount of such holding) as evidence as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Trustee, the Agent and any other Paying Agent as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such Notes, the right to which shall be vested, as against the Issuer, solely in the bearer of the Global Note in accordance with and subject to its terms (or the Trustee in accordance with the Trust Deed) (and the expressions “**Noteholder**”, “**holder of Notes**” and related expressions shall be construed accordingly). Notes which are represented by a Global Note will be transferable only in accordance with the rules and procedures for the time being of Euroclear and/or Clearstream, Luxembourg, as the case may be.

Any reference herein to Euroclear and/or Clearstream, Luxembourg shall be deemed to include a reference to any additional or alternative clearing system specified in Part B of the applicable Final Terms.

2 Status, Ranking and Subordination

(a) *Status of Senior Preferred Notes*

The Senior Preferred Notes and the relative Coupons are direct, unconditional, unsubordinated and (subject to the provisions of Condition 3) unsecured obligations of the Issuer and (subject to the provisions of Condition 3) constitute ordinary non-preferential debt for the purposes of the Ranking Legislation. The Senior Preferred Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Senior Preferred Note or any beneficial interest therein, each holder of a Senior Preferred Note and related Couponholder acknowledge and agree that (subject to the provisions of Condition 3) the Senior Preferred Notes and any relative Coupons rank *pari passu* with all other present and future outstanding unsecured and unsubordinated obligations (other than Senior Non-Preferred Notes and other obligations which rank or are expressed to rank junior to the Senior Preferred Notes) of the Issuer in respect of deposits and loans (except as provided by law), save only where the Ranking Legislation provides otherwise for ordinary non-preferential debt generally, in which case such claims will (subject to the provisions of Condition 3) rank as the Ranking Legislation provides for ordinary non-preferential debt generally.

(b) *Status and Ranking of Senior Non-Preferred Notes*

(i) *Status and Ranking*

The Senior Non-Preferred Notes and any relative Coupons are direct and unsecured obligations of the Issuer and constitute secondary non-preferential debt for the purposes of the Ranking Legislation. Subject to the Ranking Legislation, the Senior Non-Preferred Notes and any relative Coupons rank junior to the Senior Preferred Notes and any relative Coupons. The Senior Non-Preferred Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Senior Non-Preferred Note or any beneficial interest therein, each holder of a Senior Non-Preferred Note and related Couponholder acknowledge and agree that the claims in respect of principal, interest and any other amount (including, without limitation, any damages awarded for breach of the Issuer's obligations) in respect of the Senior Non-Preferred Notes and any relative Coupons will, in the event of the winding up or dissolution of the Issuer (other than an Excluded Dissolution), rank:

- (A) junior in right of payment in the manner provided in the Trust Deed to all Senior Claims;
- (B) *pari passu* with all other Senior Non-Preferred Claims; and
- (C) in priority to all Subordinated Claims,

save only where the Ranking Legislation provides otherwise for secondary non-preferential debt generally, in which case such claims will rank as the Ranking Legislation provides for secondary non-preferential debt generally (whether or not the Senior Non-Preferred Notes and any relative Coupons then constitute secondary non-preferential debt of the Issuer for the purposes of the Ranking Legislation).

(ii) *No Set-off*

This Condition 2(b)(ii) applies unless “*Senior Non-Preferred Notes: No Set-off*” is expressly specified to be “Not Applicable” in the applicable Final Terms.

Subject to applicable law, no Noteholder or Couponholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Senior Non-Preferred Notes or any relative Coupons and each Noteholder and Couponholder shall, by virtue of being the holder of any Senior Non-Preferred Notes or any relative Coupon (as the case may be) be deemed to have waived all such rights of set-off, compensation or retention.

Notwithstanding the provisions of the foregoing sentence, if any amounts owed to a Noteholder or Couponholder by the Issuer arising under or in connection with any Senior Non-Preferred Notes or any relative Coupon is discharged by set-off, compensation or retention, such Noteholder or Couponholder will immediately pay an amount equal to the amount of such discharge to the Issuer or, in the event of the winding up or administration of the Issuer, the liquidator or (as the case may be) administrator or other insolvency official of the Issuer (and until such payment is made shall hold an amount equal thereto on trust for the Issuer or, as the case may be, the liquidator, administrator or other insolvency official) and accordingly such discharge will be deemed not to have taken place.

(c) Status and Subordination of Subordinated Notes

(i) Status and Subordination

The Subordinated Notes and any relative Coupons are direct and unsecured obligations of the Issuer and constitute tertiary non-preferential debt for the purposes of the Ranking Legislation. Subject to the Ranking Legislation, the Subordinated Notes and any relative Coupons rank junior to the Senior Non-Preferred Notes and any relative Coupons. The Subordinated Notes and any relative Coupons rank *pari passu* without any preference among themselves. The Issuer and, by virtue of its holding of any Subordinated Note or any beneficial interest therein, each holder of a Subordinated Note and related Couponholder acknowledge and agree that the claims in respect of principal, interest and any other amount (including, without limitation, any damages awarded for breach of the Issuer's obligations) in respect of the Subordinated Notes (and any relative Coupons) will, in the event of the winding up or dissolution of the Issuer (other than an Excluded Dissolution):

- (A) be subordinated in right of payment in the manner provided in the Trust Deed to (I) all Senior Claims and (II) all Senior Non-Preferred Claims and (III) all Subordinated Claims (if any) which rank, or are expressed to rank, in priority to claims in respect of the Subordinated Notes;
- (B) rank at least *pari passu* with claims in respect of obligations of the Issuer which constitute, or would but for any applicable limitation on the amount of such capital constitute, Tier 2 Capital; and
- (C) rank in priority to claims in respect of obligations of the Issuer which constitute, or would but for any applicable limitation on the amount of such capital constitute, Additional Tier 1 Capital (including, without limitation, the Issuer's permanent interest bearing shares (if any)) or CET1 Capital (including the Issuer's core capital deferred shares (if any)) and in priority to any other claims ranking, or expressed to rank, junior in right of payment to the Subordinated Notes,

save only where the Ranking Legislation provides otherwise for tertiary non-preferential debt generally, in which case such claims will rank as the Ranking Legislation provides for tertiary non-preferential debt generally (whether or not the Subordinated Notes and any relative Coupons

then constitute tertiary non-preferential debt of the Issuer for the purposes of the Ranking Legislation).

(ii) *No Set-off*

Subject to applicable law, no Noteholder or Couponholder may exercise, claim or plead any right of set-off, compensation or retention in respect of any amount owed to it by the Issuer arising under or in connection with the Subordinated Notes or any relative Coupons and each Noteholder and Couponholder shall, by virtue of being the holder of any Subordinated Note or any relative Coupon (as the case may be) be deemed to have waived all such rights of set-off, compensation or retention.

Notwithstanding the provisions of the foregoing sentence, if any amounts owed to a Noteholder or Couponholder by the Issuer arising under or in connection with any Subordinated Notes or any relative Coupon is discharged by set-off, compensation or retention, such Noteholder or Couponholder will immediately pay an amount equal to the amount of such discharge to the Issuer or, in the event of the winding up or administration of the Issuer, the liquidator or (as the case may be) administrator or other insolvency official of the Issuer (and until such payment is made shall hold an amount equal thereto on trust for the Issuer or, as the case may be, the liquidator, administrator or other insolvency official) and accordingly such discharge will be deemed not to have taken place.

(d) ***Certain Definitions***

As used in these Conditions:

“**Act**” means the Building Societies Act 1986 (as amended) (including, where applicable, any statutory modification thereof or re-enactment thereof or any statutory instrument, order or regulations made thereunder or under any such statutory modification or re-enactment);

“**CET1 Capital**”, “**Additional Tier 1 Capital**” and “**Tier 2 Capital**” have the respective meanings given thereto (or to a successor or equivalent term) in the Regulatory Capital Requirements;

“**Deferred Shares**” means deferred shares within the meaning of the Act;

“**Excluded Dissolution**” means each of (i) a winding up or dissolution of the Issuer for the purpose of a reconstruction or amalgamation or the substitution in place of the Issuer of a Successor in Business (as defined in the Trust Deed) the terms of which have previously been approved in writing by the Trustee or by an Extraordinary Resolution of the Noteholders, and (ii) a dissolution of the Issuer by virtue of the amalgamation and transfer provisions set out in sections 93, 94 and 97 of the Act, or by virtue of a transfer pursuant to an order made under section 3 of the Building Societies (Funding) and Mutual Societies (Transfers) Act 2007, as amended (or any successor provisions thereto);

“**Order**” means The Banks and Building Societies (Priorities on Insolvency) Order 2018, as the same may be amended, supplemented or replaced from time to time;

“**Ranking Legislation**” means the Order and any law or regulation applicable to the Issuer which is amended by the Order;

“**Regulatory Capital Requirements**” means, at any time, any requirement contained in the law, regulations, requirements, guidelines and policies then in effect relating to capital adequacy and prudential supervision and applicable to the Issuer, including (without limitation to the generality of the foregoing) those applicable laws, regulations, requirements, guidelines and policies relating to capital adequacy and prudential supervision then in effect of the United Kingdom or the relevant Supervisory

Authority and/or any applicable regulation, directive or other binding rules, standards or decisions adopted by the institutions of the European Union;

“**Senior Non-Preferred Claims**” means the aggregate amount of all claims admitted in the winding up or dissolution of the Issuer which are claims of creditors in respect of obligations (including, without limitation, Senior Non-Preferred Notes and any other secondary non-preferential debt under the Order) which rank or are expressed to rank junior to (or have or are expressed to have a lower priority ranking compared to) claims in respect of the Senior Preferred Notes and all other Senior Claims of the Issuer, other than Subordinated Claims;

“**Senior Claims**” means the aggregate amount of all claims admitted in the winding up or dissolution of the Issuer which are:

- (i) claims of depositors and other creditors of the Issuer (including persons who become holders of deposits pursuant to Section 100 of the Act if the Issuer transfers its business to a successor pursuant to Section 97 of the Act), but not including creditors (if any) whose claims rank or are expressed to rank *pari passu* with or junior to the claims of the Senior Non-Preferred Noteholders and the related Couponholders (whether only in the event of a winding up of the Issuer or otherwise);
- (ii) (only in respect of a winding up while the Issuer remains a building society) claims of all members holding shares in the Issuer as regards the principal of their shares in the Issuer and any interest due in respect of those shares (other than members holding Deferred Shares whose claims rank or are expressed to rank *pari passu* with or junior to the claims of the Senior Non-Preferred Noteholders and the related Couponholders (whether only in the event of a winding up of the Issuer or otherwise));
- (iii) claims of creditors in respect of unsubordinated obligations (including, without limitation, Senior Preferred Notes and other ordinary non-preferential debt under the Order) of the Issuer (excluding Senior Non-Preferred Claims);

“**Subordinated Claims**” means the aggregate amount of all claims admitted in the winding up or dissolution of the Issuer which rank, or are expressed to rank, junior to claims in respect of the Senior Non-Preferred Notes or other Senior Non-Preferred Claims, including (without limitation) claims of creditors in respect of the Subordinated Notes, the obligations of the Issuer which constitute, or would but for any applicable limitation on the amount of such capital constitute, Tier 2 Capital, Additional Tier 1 Capital (including, without limitation, the Issuer’s permanent interest bearing shares (if any)) or CET1 Capital (including the Issuer’s core capital deferred shares (if any)); and

“**Supervisory Authority**” means, from time to time, the Bank of England acting as the Prudential Regulation Authority through its Prudential Regulation Committee or such other authority having, for the time being, primary supervisory authority and/or responsibility with respect to prudential or resolution matters concerning the Issuer and/or its group, as may be relevant in the context.

3 Negative Pledge

This Condition 3 does not apply to Senior Non-Preferred Notes or Subordinated Notes.

As long as any of the Senior Preferred Notes remains outstanding (as defined in the Trust Deed) the Issuer will not create or have outstanding any mortgage, lien (other than arising by operation of law), pledge, charge or other security interest (other than a Permitted Security Interest (as defined herein)) upon, or with respect to, any of its present or future assets or revenues to secure any Loan Stock (as defined herein) or any guarantee of any Loan Stock, unless in any such case the Issuer shall simultaneously with, or prior to, the creation of such security

interest, take any and all action necessary to procure that all amounts payable by it under the Senior Preferred Notes or, as the case may be, the related Coupons and the Trust Deed are secured equally and rateably with the Loan Stock or guarantee secured by such security interest to the satisfaction of the Trustee or such other security is provided as the Trustee shall in its absolute discretion deem not materially less beneficial to the interests of the holders of the Senior Preferred Notes or as shall be approved by an Extraordinary Resolution of the holders of the Senior Preferred Notes.

“**Government Entities**” means any body, agency, ministry, department, authority, statutory corporation or other entity of or pertaining to the United Kingdom or a member state of the European Economic Area or the government thereof or any political subdivision, municipality or local government thereof (whether autonomous or not);

“**Loan Stock**” means any indebtedness (as defined in the Trust Deed) in the form of, or represented by, notes, bonds, debentures or other securities which are or are intended by the Issuer to be quoted, listed or ordinarily dealt in or traded on any stock exchange, over-the-counter or other recognised securities market (whether or not initially distributed by way of private placing), but excluding any such indebtedness which has a stated maturity not exceeding one year; and

“**Permitted Security Interest**” means any security interest created by the Issuer over the whole or any part of its present or future assets or revenues where such assets or revenues are comprised of the following (or are otherwise qualifying collateral for issues of covered bonds pursuant to any relevant contractual arrangements and/or specific provisions of the laws of England and Wales relating to covered bonds):

- (a) mortgage receivables;
- (b) receivables against Government Entities (as defined herein);
- (c) asset-backed securities backed by any of the assets under paragraph (a) or (b) above; or
- (d) any other assets permitted by English law to collateralise covered bonds, in each case provided that the creation of such security interest is pursuant to the relevant contractual arrangements or, as the case may be, specific provisions of the laws of England and Wales relating to covered bonds applicable at the time of creation of such security interest.

Any reference in these Conditions to a guarantee shall be deemed to include a reference to an indemnity.

4 Interest

(a) *Interest on Fixed Rate Notes*

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date.

If the Notes are in definitive form, except as provided in the applicable Final Terms, the amount of interest payable on each Interest Payment Date in respect of the Fixed Interest Period ending on (but excluding) such date will amount to the Fixed Coupon Amount. Payments of interest on any Interest Payment Date will, if so specified in the applicable Final Terms, amount to the Broken Amount so specified.

Except in the case of Notes in definitive form where an applicable Fixed Coupon Amount or Broken Amount is specified in the applicable Final Terms, interest shall be calculated in respect of any period by applying the Rate of Interest to:

- (i) in the case of Fixed Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note; or
- (ii) in the case of Fixed Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Specified Denomination of a Fixed Rate Note in definitive form is a multiple of the Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

In these Conditions, “**Fixed Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date.

(b) Interest on Floating Rate Notes

(i) *Interest Payment Dates*

Each Floating Rate Note bears interest from (and including) the Interest Commencement Date and such interest will be payable in arrear on either:

- (A) the Specified Interest Payment Date(s) in each year specified in the applicable Final Terms; or
- (B) if no Specified Interest Payment Date(s) is/are specified in the applicable Final Terms, each date (each such date, together with each Specified Interest Payment Date, an “**Interest Payment Date**”) which falls the number of months or other period specified as the Specified Period in the applicable Final Terms after the preceding Interest Payment Date or, in the case of the first Interest Payment Date, after the Interest Commencement Date.

Such interest will be payable in respect of each Interest Period (in these Conditions, “**Interest Period**” means the period from (and including) an Interest Payment Date (or the Interest Commencement Date) to (but excluding) the next (or first) Interest Payment Date).

If a Business Day Convention is specified in the applicable Final Terms and (x) if there is no numerically corresponding day in the calendar month in which an Interest Payment Date should occur or (y) if any Interest Payment Date would otherwise fall on a day which is not a Business Day, then, if the Business Day Convention specified is:

- (I) in any case where Specified Periods are specified in accordance with Condition 4(b)(i)(B), the Floating Rate Convention, such Interest Payment Date (i) in the case of (x) above, shall be the last day that is a Business Day in the relevant month and the provisions of (B) below shall apply *mutatis mutandis* or (ii) in the case of (y) above, shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event (A) such Interest Payment Date shall be brought forward to the immediately preceding Business Day and (B) each subsequent Interest Payment Date shall be the last Business Day in the month which falls in the Specified Period after the preceding applicable Interest Payment Date occurred;
- (II) the Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day;

- (III) the Modified Following Business Day Convention, such Interest Payment Date shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month, in which event such Interest Payment Date shall be brought forward to the immediately preceding Business Day;
- (IV) the Preceding Business Day Convention, such Interest Payment Date shall be brought forward to the immediately preceding Business Day.

In these Terms and Conditions, “**Business Day**” means:

- (1) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in London and any Additional Business Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (2) if TARGET2 System is specified as an Additional Business Centre in the applicable Final Terms, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (TARGET2) System (the “**TARGET2 System**”) is open; and
- (3) either (1) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency and which, if the Specified Currency is Australian dollars or New Zealand dollars, shall be Sydney and Auckland, respectively or (2) in relation to Notes denominated or payable in euro, a day on which the TARGET2 System is open.

(ii) *Rate of Interest*

The Rate of Interest payable from time to time in respect of Floating Rate Notes will be determined in the manner specified in the applicable Final Terms.

(iii) *ISDA Determination for Floating Rate Notes*

Where ISDA Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the applicable Final Terms) the Margin (if any). For the purposes of this Condition 4(b)(iii), “**ISDA Rate**” for an Interest Period means a rate equal to the Floating Rate that would be determined by the Agent under an interest rate swap transaction if the Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions (as amended and updated as at the Issue Date of the first Tranche of the Notes and as published by the International Swaps and Derivatives Association, Inc. (the “**ISDA Definitions**”)) and under which:

- (A) the Floating Rate Option is as specified in the applicable Final Terms;
- (B) the Designated Maturity is a period equal to that Interest Period; and
- (C) the relevant Reset Date is the day specified in the applicable Final Terms.

For the purpose of this Condition 4(b)(iii), “**Floating Rate**”, “**Calculation Agent**”, “**Floating Rate Option**”, “**Designated Maturity**” and “**Reset Date**” have the meanings given to those terms in the ISDA Definitions.

If no Minimum Rate of Interest is specified in the applicable Final Terms the Minimum Rate of Interest shall be deemed to be zero.

When this Condition 4(b)(iii) applies, in respect of each relevant Interest Period the Agent will be deemed to have discharged its obligations under Condition 4(b)(vii) in respect of the determination of the Rate of Interest if it has determined the Rate of Interest in respect of such Interest Period in the manner provided in this Condition 4(b)(iii).

(iv) *Screen Rate Determination for Floating Rate Notes not referencing SONIA*

(A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined, and unless the Reference Rate in respect of the relevant Series of Floating Rate Notes is specified in the applicable Final Terms as being “SONIA”, the Rate of Interest for each Interest Period will, subject to Condition 4(d) and as provided below, be either:

(I) the offered quotation (if there is only one quotation on the Relevant Screen Page);
or

(II) the arithmetic mean (rounded if necessary to the fourth decimal place, with 0.000005 being rounded upwards) of the offered quotations,

(expressed as a percentage rate per annum) for the Reference Rate (being either LIBOR or EURIBOR, as specified in the applicable Final Terms) which appears or appear, as the case may be, on the Relevant Screen Page (or such replacement page on that service which displays the information) as at 11.00 a.m. (London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date in question plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent or other party responsible for the calculation of the Rate of Interest as specified in the applicable Final Terms (and references in this Condition 4(b)(iv) to “Agent” shall be construed accordingly). If five or more such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such offered quotations.

(B) If the Relevant Screen Page is not available or if Condition 4(b)(iv)(A)(I) applies and no such offered quotation appears on the Relevant Screen Page or if Condition 4(b)(iv)(A)(II) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, the Agent shall, if applicable, request each of the Reference Banks to provide the Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate as at approximately 11.00 a.m. (London time, if the Reference Rate is LIBOR, or Brussels time, if the Reference Rate is EURIBOR) or (if otherwise specified) the Specified Time in the Relevant Financial Centre (each as indicated in the applicable Final Terms) on the Interest Determination Date (or, if such date is not a Business Day, on the immediately preceding Business Day) in question. If two or more of the Reference Banks provide the Agent with such offered quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded as provided above) of such offered quotations (excluding, if four or more of the Reference Banks provide the Agent with such quotations and the offered quotations of all such Reference Banks are not the same, the highest and lowest quotations and, if the

highest quotation and/or the lowest quotation applies in respect of more than one such Reference Bank, excluding such highest and/or lowest quotation in respect of one such Reference Bank) plus or minus (as indicated in the applicable Final Terms) the Margin (if any), all as determined by the Agent.

(C) If on any Interest Determination Date one only or none of the Reference Banks provides the Agent with such an offered quotation as provided in Condition 4(b)(iv)(B), the Rate of Interest for the relevant Interest Period shall be the rate per annum which the Agent determines as being either:

(I) the arithmetic mean (rounded as provided above) of the rates, as communicated to (and at the request of) the Agent by the Reference Banks or any two or more of them, which such banks were offered, at approximately 11.00 a.m. (London time, if the Reference Rate is LIBOR, or Brussels time, if the Reference Rate is EURIBOR) or (if otherwise specified) the Specified Time in the Relevant Financial Centre (each as indicated in the applicable Final Terms) on the relevant Interest Determination Date (or, if such date is not a Business Day, on the immediately preceding Business Day), deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or otherwise the inter-bank market of the Relevant Financial Centre for the relevant Reference Rate, in each case plus or minus (as indicated in the applicable Final Terms) the Margin (if any); or

(II) in the event that the Agent can determine no such arithmetic mean, the lowest lending rate for lending amounts in the Specified Currency for a period equal to that which would have been used for the Reference Rate at which at approximately 11.00 a.m. (London time, if the Reference Rate is LIBOR, or Brussels time, if the Reference Rate is EURIBOR) or (if otherwise specified) the Specified Time in the Relevant Financial Centre (each as indicated in the applicable Final Terms) on the relevant Interest Determination Date (or, if such date is not a Business Day, on the immediately preceding Business Day), any one or more banks (which bank or banks is or are in the opinion of the Issuer suitable for such purpose) informs the Agent it is quoting to leading banks in the London inter-bank market (if the Reference Rate is LIBOR) or the Euro-zone inter-bank market (if the Reference Rate is EURIBOR) or otherwise the inter-bank market of the Relevant Financial Centre, in each case plus or minus (as indicated in the applicable Final Terms) the Margin (if any),

provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions, the Rate of Interest shall be:

(1) that determined as at the last preceding Interest Determination Date on which the Rate of Interest was so determined (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Period); or

- (2) if there is no such preceding Interest Determination Date, the initial Rate of Interest or, in the case of Notes with an Interest Basis that converts from a Fixed Rate to a Floating Rate, the Fixed Rate of Interest applicable to such Notes immediately prior to conversion of the Interest Basis (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to the relevant Interest Period in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as applicable) relating to that last preceding Interest Period).

“**Reference Banks**” means, in the context of Condition 4(b)(iv)(A)(I), those banks whose offered rates were used to determine the offered quotation referred to in such Condition when such offered quotation last appeared on the Relevant Screen Page and, in the context of Condition 4(b)(iv)(A)(II), those banks whose offered quotations last appeared on the Relevant Screen Page when no fewer than three such offered quotations appeared.

(v) *Screen Rate Determination for Floating Rate Notes referencing SONIA*

- (A) Where Screen Rate Determination is specified in the applicable Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate in respect of the relevant Series of Floating Rate Notes is specified in the applicable Final Terms as being “SONIA”, the Rate of Interest for an Interest Accrual Period will, subject as provided in Condition 4(d), be Compounded Daily SONIA with respect to such Interest Accrual Period plus or minus (as indicated in the applicable Final Terms) the applicable Margin.

“**Compounded Daily SONIA**” means, with respect to an Interest Accrual Period, the rate of return of a daily compound interest investment (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) and will be calculated by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) on the Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{SONIA_{i-pLBD} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Interest Accrual Period;

“**d_o**” is the number of London Banking Days in the relevant Interest Accrual Period;

“**i**” is a series of whole numbers from one to “**d_o**”, each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Interest Accrual Period to, but excluding, the last London Banking Day in the relevant Interest Accrual Period;

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**ni**”, for any London Banking Day “**i**”, means the number of calendar days from and including such London Banking Day “**i**” up to but excluding the following London Banking Day;

“**Observation Period**” means, in respect of each Interest Accrual Period, the period from and including the date falling “**p**” London Banking Days prior to the first day of the relevant Interest Accrual Period and ending on, but excluding, the date falling “**p**” London Banking Days prior to the end of such Interest Accrual Period (or the date falling “**p**” London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**p**” means for any Interest Accrual Period, the number of London Banking Days included in the Observation Look-back Period, as specified in the applicable Final Terms, being no less than five London Business Days;

“**SONIA_{i-pLBD}**” means, in respect of any London Banking Day falling in the relevant Observation Period, the SONIA reference rate for the London Banking Day falling “**p**” London Banking Days prior to the relevant London Banking Day “**i**”; and

the “**SONIA reference rate**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Screen Page or, if the Relevant Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day).

- (B) If, subject to Condition 4(d), in respect of any London Banking Day in the relevant Observation Period, the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) determines that the applicable SONIA reference rate is not available on the Relevant Screen Page or has not otherwise been published by the relevant authorised distributors, the SONIA reference rate in respect of such London Banking Day shall be: (i) the Bank of England’s Bank Rate (the “**Bank Rate**”) prevailing at 5.00 p.m. (or, if earlier, close of business) on such London Banking Day; plus (ii) the mean of the spread of the SONIA reference rate to the Bank Rate over the previous five days on which a SONIA reference rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads).
- (C) Where the SONIA reference rate is being determined in accordance with Condition 4(b)(v)(B), in the event the Bank of England publishes guidance as to (i) how the SONIA reference rate is to be determined; or (ii) any rate that is to replace the SONIA reference rate, the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) shall, to the extent that it is reasonably practicable, follow such guidance in order to determine the SONIA reference rate for any London Banking Day “**i**” for the purpose of the relevant Series of Notes for so long as the SONIA reference rate is not available or has not been published by the authorised distributors.

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms), subject to Condition 4(d),

the Rate of Interest shall be (i) that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin, Maximum Rate of Interest and/or Minimum Rate of Interest (as the case may be) relating to that last preceding Interest Accrual Period); or (ii) if there is no such preceding Interest Determination Date, the initial Rate of Interest which would have been applicable to such Series of Notes for the first Interest Accrual Period had the Notes been in issue for a period equal in duration to the scheduled first Interest Accrual Period but ending on (and excluding) the Interest Commencement Date (including applying the Margin and any Maximum Rate of Interest or Minimum Rate of Interest applicable to the first Interest Accrual Period).

- (D) As used herein, an “**Interest Accrual Period**” means (i) each Interest Period and (ii) any other period (if any) in respect of which interest is to be calculated, being the period from (and including) the first day of such period to (but excluding) the day on which the relevant payment of interest falls due (which, if the relevant Series of Notes becomes due and payable in accordance with Condition 10 or Condition 11 (as applicable), shall be the date on which such Notes become due and payable).
- (E) If the relevant Series of Notes becomes due and payable in accordance with Condition 10 or Condition 11 (as applicable), the final Rate of Interest shall be calculated for the Interest Accrual Period to (but excluding) the date on which the Notes become so due and payable, and such Rate of Interest shall continue to apply to the Notes for so long as interest continues to accrue thereon as provided in Condition 4(e) and the Trust Deed.

(vi) *Minimum Rate of Interest and/or Maximum Rate of Interest*

If the applicable Final Terms specifies a Minimum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 4(b)(ii) is less than such Minimum Rate of Interest, the Rate of Interest for such Interest Period shall be such Minimum Rate of Interest.

If the applicable Final Terms specifies a Maximum Rate of Interest for any Interest Period, then, in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of Condition 4(b)(ii) is greater than such Maximum Rate of Interest, the Rate of Interest for such Interest Period shall be such Maximum Rate of Interest.

(vii) *Determination of Rate of Interest and calculation of Interest Amounts*

The Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) will, at or as soon as practicable after each time at which the Rate of Interest is to be determined, determine the Rate of Interest for the relevant Interest Period (or other Interest Accrual Period).

The Agent (or such other party as aforesaid) will calculate the amount of interest (the “**Interest Amount**”) payable on the Floating Rate Notes for the relevant Interest Period (or other Interest Accrual Period) by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes which are represented by a Global Note, the aggregate outstanding nominal amount of the Notes represented by such Global Note; or

(B) in the case of Floating Rate Notes in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note in definitive form is a multiple of the Calculation Amount, the Interest Amount payable in respect of such Note shall be the product of the amount (determined in the manner provided above) for the Calculation Amount and the amount by which the Calculation Amount is multiplied to reach the Specified Denomination, without any further rounding.

(viii) *Linear Interpolation*

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Agent (or such other party as aforesaid) shall determine such rate at such time and by reference to such sources as it determines appropriate.

“**Designated Maturity**” means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(ix) *Notification of Rate of Interest and Interest Amounts*

(A) Except where the Reference Rate in respect of the relevant Series of Notes is specified in the applicable Final Terms as being “SONIA”, the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) will cause the Rate of Interest and each Interest Amount for each Interest Period and the relative Interest Payment Date to be notified to the Trustee and to any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed and to be published in accordance with Condition 18 as soon as possible after their determination but in no event later than the fourth London Business Day (as defined below) thereafter. Each Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. Any such amendment or alternative arrangements will be promptly notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 18. For the purposes of this Condition 4(b)(ix), the expression “**London Business Day**” means a day (other than a Saturday or a Sunday) on which banks and foreign exchange markets are open for business in London.

(B) Where the Reference Rate in respect of the relevant Series of Floating Rate Notes is specified in the applicable Final Terms as being “SONIA”, the Agent (or such other party

responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms) will cause the Rate of Interest and each Interest Amount for each Interest Accrual Period and the relative Interest Payment Date to be notified to the Trustee and to any stock exchange or other relevant authority on which the relevant Floating Rate Notes are for the time being listed and to be published in accordance with Condition 18 as soon as possible after their determination but in no event later than the second London Banking Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the relevant Interest Accrual Period. Any such amendment or alternative arrangements will promptly be notified to each stock exchange on which the relevant Floating Rate Notes are for the time being listed and to the Noteholders in accordance with Condition 18.

(x) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(b) by the Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the applicable Final Terms, as applicable), shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Agent, the Trustee, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Agent (or such other party as aforesaid) in connection with the exercise or non-exercise by them of their powers, duties and discretions pursuant to such provisions.

(c) ***Interest on Reset Notes***

(i) *Rates of Interest and Interest Payment Dates*

Each Reset Note bears interest:

- (A) from (and including) the Interest Commencement Date specified in the applicable Final Terms to (but excluding) the First Reset Date at the rate per annum equal to the Initial Rate of Interest;
- (B) from (and including) the First Reset Date to (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the applicable Final Terms, the Maturity Date at the rate per annum equal to the First Reset Rate of Interest; and
- (C) if applicable, from (and including) the Second Reset Date to (but excluding) the first Subsequent Reset Date (if any), and each successive period from (and including) any Subsequent Reset Date to (but excluding) the next succeeding Subsequent Reset Date (if any) (each a “**Subsequent Reset Period**”) at the rate per annum equal to the relevant Subsequent Reset Rate of Interest,

(in each case rounded if necessary to the fifth decimal place, with 0.000005 being rounded upwards) payable, in each case, in arrear on the Interest Payment Date(s) in each year and on the Maturity Date so specified if that does not fall on an Interest Payment Date.

The Rate of Interest and the amount of interest (the “**Interest Amount**”) payable shall be determined by the Calculation Agent, (A) in the case of the Rate of Interest, at or as soon as practicable after each time at which the Rate of Interest is to be determined, and (B) in the case of the Interest Amount in accordance with the provisions for calculating amounts of interest in

Condition 4(a) and, for such purposes, references in the third paragraph of Condition 4(a) to “Fixed Rate Notes” shall be deemed to be to “Reset Notes” and Condition 4(a) shall be construed accordingly.

In this Condition 4(c):

“**First Margin**” means the margin specified as such in the applicable Final Terms;

“**First Reset Date**” means the date specified in the applicable Final Terms;

“**First Reset Period**” means the period from (and including) the First Reset Date until (but excluding) the Second Reset Date or, if no such Second Reset Date is specified in the applicable Final Terms, the Maturity Date;

“**First Reset Rate of Interest**” means, in respect of the First Reset Period and subject to Conditions 4(c)(ii) and (if applicable) 4(d), the rate of interest determined by the Calculation Agent on the relevant Reset Determination Date as the sum, converted from a basis equivalent to the Fixed Leg Swap Duration or the Reference Bond Yield, as the case may be, to a basis equivalent to the frequency with which scheduled interest payments are payable on the Notes during the relevant Reset Period (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it), of (A) the relevant Reset Reference Rate and (B) the First Margin;

“**Fixed Leg Swap Duration**” has the meaning specified in the applicable Final Terms;

“**Initial Rate of Interest**” has the meaning specified in the applicable Final Terms;

“**Mid-Market Swap Rate**” means, subject to Conditions 4(c)(ii) and (if applicable) 4(d), for any Reset Period the mean of the bid and offered rates for the fixed leg payable with a frequency equivalent to the Fixed Leg Swap Duration (calculated on the basis of the Day Count Fraction as specified in the applicable Final Terms as determined by the Calculation Agent) of a fixed-for-floating interest rate swap transaction in the Specified Currency which transaction (i) has a term equal to the relevant Reset Period and commencing on the relevant Reset Date, (ii) is in an amount that is representative for a single transaction in the relevant market at the relevant time with an acknowledged dealer of good credit in the swap market and (iii) has a floating leg based on the Mid-Swap Floating Leg Benchmark Rate for the Mid-Swap Maturity (calculated on the basis of the Day Count Fraction as specified in the applicable Final Terms as determined by the Calculation Agent);

“**Mid-Market Swap Rate Quotation**” means a quotation (expressed as a percentage rate per annum) for the relevant Mid-Market Swap Rate;

“**Mid-Swap Floating Leg Benchmark Rate**” means, subject to Condition 4(d), if applicable, EURIBOR if the Specified Currency is euro or LIBOR for the Specified Currency if the Specified Currency is not euro;

“**Mid-Swap Maturity**” has the meaning specified in the applicable Final Terms;

“**Mid-Swap Rate**” means, in relation to a Reset Determination Date and subject to Conditions 4(c)(ii) and (if applicable) 4(d), either:

- (I) if Single Mid-Swap Rate is specified in the applicable Final Terms, the rate for swaps in the Specified Currency:
 - (1) with a term equal to the relevant Reset Period; and

- (2) commencing on the relevant Reset Date,
which appears on the Relevant Screen Page or such replacement page on that service which displays the information; or
- (II) if Mean Mid-Swap Rate is specified in the applicable Final Terms, the arithmetic mean (expressed as a percentage rate per annum and rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the bid and offered swap rate quotations for swaps in the Specified Currency:
 - (1) with a term equal to the relevant Reset Period; and
 - (2) commencing on the relevant Reset Date,
which appear on the Relevant Screen Page or such replacement page on that service which displays the information,

in either case, as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on such Reset Determination Date, all as determined by the Calculation Agent provided, however, that if there is no such rate appearing on the Relevant Screen Page for a term equal to the relevant Reset Period, then the Mid-Swap Rate shall be determined through the use of straight-line interpolation by reference to two rates, one of which shall be determined in accordance with the above provisions, but as if the relevant Reset Period were the period of time for which rates are available next shorter than the length of the actual Reset Period and the other of which shall be determined in accordance with the above provisions, but as if the relevant Reset Period were the period of time for which rates are available next longer than the length of the actual Reset Period;

“Rate of Interest” means the Initial Rate of Interest, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest, as applicable;

“Reference Bond” means, for any Reset Period, a government security or securities issued by the state responsible for issuing the Specified Currency (which, if the Specified Currency is euro, shall be Germany) selected by the Issuer on the advice of an investment bank of international repute as having an actual or interpolated maturity comparable with the relevant Reset Period that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities denominated in the same currency as the Notes and of a comparable maturity to the relevant Reset Period;

“Reference Bond Price” means, with respect to any Reset Determination Date, (A) the arithmetic average of the Reference Government Bond Dealer Quotations for such Reset Determination Date, after excluding the highest and lowest such Reference Government Bond Dealer Quotations, or (B) if the Calculation Agent obtains fewer than four but more than one such Reference Government Bond Dealer Quotations, the arithmetic average of all such quotations, or (C) if the Calculation Agent obtains one such Reference Government Bond Dealer Quotations, the amount of such quotation, or (D) if the Calculation Agent obtains no such Reference Government Bond Dealer Quotations, the Reference Bond Price determined on the immediately preceding Reset Determination Date or, in the case of the first Reset Determination Date, as specified in the applicable Final Terms;

“Reference Bond Reset Rate Time” means the time specified in the applicable Final Terms;

“Reference Bond Yield” means the yield to maturity or interpolated yield to maturity (on the relevant day count basis) of the relevant Reference Bond;

“**Reference Government Bond Dealer**” means each of five banks (selected by the Issuer on the advice of an investment bank of international repute), or their affiliates, which are (A) primary government securities dealers, and their respective successors, or (B) market makers in pricing corporate bond issues;

“**Reference Government Bond Dealer Quotations**” means, with respect to each Reference Government Bond Dealer and the relevant Reset Determination Date, the arithmetic average, as determined by the Calculation Agent, of the bid and offered prices for the relevant Reference Bond (expressed in each case as a percentage of its nominal amount) at or around the Reference Bond Reset Rate Time on the relevant Reset Determination Date quoted in writing to the Calculation Agent by such Reference Government Bond Dealer;

“**Relevant Screen Page**” means the screen page specified in the applicable Final Terms (or any successor or replacement page displaying the relevant information);

“**Reset Business Day**” means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in any Business Centre specified in the applicable Final Terms;

“**Reset Date**” means the First Reset Date, the Second Reset Date and each Subsequent Reset Date (as applicable);

“**Reset Determination Date**” means, in respect of the First Reset Period, the second Reset Business Day prior to the First Reset Date, in respect of the first Subsequent Reset Period, the second Reset Business Day prior to the Second Reset Date and, in respect of each Subsequent Reset Period thereafter, the second Reset Business Day prior to the first day of each such Subsequent Reset Period;

“**Reset Period**” means the First Reset Period or a Subsequent Reset Period, as the case may be;

“**Reset Reference Rate**” means either (i) if Mid-Swaps is specified in the applicable Final Terms the Mid-Swap Rate, or (ii) if Reference Bond is specified in the applicable Final Terms, the Reference Bond Yield, assuming a price for such Reference Bond (expressed as a percentage of its nominal amount) equal to the relevant Reference Bond Price;

“**Second Reset Date**” means the date specified in the applicable Final Terms;

“**Subsequent Margin**” means the margin specified as such in the applicable Final Terms;

“**Subsequent Reset Date**” means the date or dates specified in the applicable Final Terms; and

“**Subsequent Reset Rate of Interest**” means, in respect of any Subsequent Reset Period and subject to Conditions 4(c)(ii) and (if applicable) 4(d), the rate of interest determined by the Calculation Agent on the relevant Reset Determination Date as the sum, converted from a basis equivalent to the Fixed Leg Swap Duration specified in the applicable Final Terms or the Reference Bond Yield, as the case may be, to a basis equivalent to the frequency with which scheduled interest payments are payable on the Notes during the relevant Reset Period (such calculation to be determined by the Issuer in conjunction with a leading financial institution selected by it), of (A) the relevant Reset Reference Rate and (B) the relevant Subsequent Margin.

(ii) *Fallbacks*

If, on any Reset Determination Date, the Relevant Screen Page is not available or the Mid-Swap Rate does not appear on the Relevant Screen Page, subject to Condition 4(d), the Calculation Agent shall request each of the Mid-Swap Reference Banks (as defined below) to provide the

Calculation Agent with its Mid-Market Swap Rate Quotation as at approximately 11.00 a.m. in the principal financial centre of the Specified Currency on the Reset Determination Date in question.

If two or more of the Mid-Swap Reference Banks provide the Calculation Agent with Mid-Market Swap Rate Quotations, the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) for the relevant Reset Period shall be the sum (converted as set out in the definition of such term above) of the arithmetic mean (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) of the relevant Mid-Market Swap Rate Quotations and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If, on any Reset Determination Date, only one of the Mid-Swap Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 4(c)(ii), the First Reset Rate of Interest or the Subsequent Reset Rate of Interest (as applicable) shall be the sum (converted as set out in the definition of such term above) of (rounded, if necessary, to the nearest 0.001 per cent. (0.0005 per cent. being rounded upwards)) the relevant Mid-Market Swap Rate Quotation and the First Margin or Subsequent Margin (as applicable), all as determined by the Calculation Agent.

If, on any Reset Determination Date, none of the Mid-Swap Reference Banks provides the Calculation Agent with a Mid-Market Swap Rate Quotation as provided in the foregoing provisions of this Condition 4(c)(ii), the First Reset Rate of Interest or the relevant Subsequent Reset Rate of Interest (as applicable) shall be determined to be the rate of interest as at the last preceding Reset Date or, in the case of the first Reset Determination Date, the First Reset Rate of Interest shall be the Initial Rate of Interest.

For the purposes of this Condition 4(c)(ii), “**Mid-Swap Reference Banks**” means the principal office in the principal financial centre of the Specified Currency of four major banks in the swap, money, securities or other market most closely connected with the relevant Mid-Swap Rate as selected by the Issuer on the advice of an investment bank of international repute.

(iii) *Notification of First Reset Rate of Interest, Subsequent Reset Rate of Interest and Interest Amount*

The Calculation Agent will cause the First Reset Rate of Interest, any Subsequent Reset Rate of Interest and, in respect of a Reset Period, the Interest Amount payable on each Interest Payment Date falling in such Reset Period to be notified to the Issuer, the Agent, the Trustee and any competent authority or stock exchange by or on which the relevant Reset Notes are for the time being listed and notice thereof to be published in accordance with Condition 18 as soon as possible after their determination but in no event later than the fourth London Business Day (as defined in Condition 4(b)(ix)(A)) thereafter.

(iv) *Determination or Calculation by an agent appointed by the Trustee*

If for any reason the Calculation Agent defaults in its obligation to determine the Rate of Interest or calculate any Interest Amount in accordance with Condition 4(c)(i), the Trustee may (subject to it being indemnified and/or secured and/or prefunded to its satisfaction) appoint an agent to do so and such determination shall be deemed to have been made by the Calculation Agent. In doing so, such agent shall apply the foregoing provisions of this Condition 4(c) with any necessary consequential amendments, to the extent that, in its opinion, it can do so, and in all other respects it shall do so in such manner as it shall deem fair and reasonable in all the circumstances. Without prejudice to the provisions of Condition 4(c)(v), the Trustee shall have no liability to any person

in connection with any determination or calculation made by any agent so appointed pursuant to this Condition 4(c)(iv).

(v) *Certificates to be final*

All certificates, communications, opinions, determinations, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4(c) by the Calculation Agent or any agent appointed by the Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Trustee, the Calculation Agent, the other Paying Agents and all Noteholders and Couponholders and (in the absence as aforesaid) no liability to the Issuer, the Noteholders or the Couponholders shall attach to the Calculation Agent or the Trustee or any agent appointed by the Trustee in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(d) *Benchmark Discontinuation*

(i) *Independent Adviser*

If a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint and consult with an Independent Adviser, as soon as reasonably practicable, with a view to the Issuer determining a Successor Rate, failing which an Alternative Rate (in accordance with Condition 4(d)(ii) and, in either case, an Adjustment Spread if any (in accordance with Condition 4(d)(iii)) and any Benchmark Amendments (in accordance with Condition 4(d)(iv)).

An Independent Adviser appointed pursuant to this Condition 4(d) shall act in good faith as an expert. In the absence of bad faith, wilful default or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Trustee, the Calculation Agent, the Paying Agents, the Noteholders or the Couponholders for any advice given to the Issuer in connection with any determination made by the Issuer, pursuant to this Condition 4(d).

If (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Issuer fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with this Condition 4(d)(i) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 4(d)(i) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 4(d)(i).

(ii) *Successor Rate or Alternative Rate*

If the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines that:

(A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 4(d)(iii)) subsequently be used in place of the Original Reference

Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(d)); or

- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 4(d)(iii)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 4(d)).

(iii) *Adjustment Spread*

If the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be).

(iv) *Benchmark Amendments*

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 4(d) and the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines (i) that amendments to these Conditions and/or the Trust Deed and/or the Agency Agreement are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the “**Benchmark Amendments**”) and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 4(d)(v), without any requirement for the consent or approval of Noteholders, at the Issuer’s expense, vary these Conditions and/or the Trust Deed and/or the Agency Agreement to give effect to such Benchmark Amendments with effect from the date specified in such notice. In addition, the Trustee shall be obliged to concur with the Issuer in effecting any Benchmark Amendments in the circumstances and as otherwise set out in Condition 4(d) without the consent of the Noteholders.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by two authorised signatories of the Issuer pursuant to Condition 4(d)(v), the Trustee shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed), provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Trustee in these Conditions or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any way.

In connection with any such variation in accordance with this Condition 4(d)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

Notwithstanding any other provision of this Condition 4(d), no Successor Rate or Alternative Rate will be adopted, nor any Adjustment Spread applied, nor will any Benchmark Amendments be made, if and to the extent that, in the determination of the Issuer, the same could reasonably be expected to prejudice the qualification of the relevant Series of Notes as Tier 2 Capital and/or

as eligible liabilities or loss absorbing capacity instruments for the purposes of the Loss Absorption Regulations.

(v) *Notices, etc.*

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 4(d) will be notified promptly by the Issuer to the Trustee, the Calculation Agent, the Paying Agents and, in accordance with Condition 18, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Trustee of the same, the Issuer shall deliver to the Trustee a certificate signed by two authorised signatories of the Issuer:

- (A) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 4(d); and
- (B) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread.

The Trustee shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of wilful default, manifest error or bad faith in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Calculation Agent, the Paying Agents, the Noteholders and Couponholders.

(vi) *Survival of Original Reference Rate*

Without prejudice to the obligations of the Issuer under Conditions 4(d)(i), (ii), (iii) and (iv), the Original Reference Rate and the fallback provisions provided for in Conditions 4(b)(iv), 4(b)(v) and 4(c)(ii), as applicable, will continue to apply unless and until a Benchmark Event has occurred.

(vii) *Definitions*

As used in this Condition 4(d):

“Adjustment Spread” means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders and Couponholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- (A) in the case of a Successor Rate, is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been made, or in the case of an Alternative Rate)

- (B) the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner determines, is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or (if the Issuer determines that no such industry standard is recognised or acknowledged)
- (C) the Issuer, in its discretion, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines to be appropriate.

“**Alternative Rate**” means an alternative benchmark or screen rate which the Issuer, following consultation with the Independent Adviser and acting in good faith and a commercially reasonable manner, determines in accordance with Condition 4(d)(ii) is customary in market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) in the same Specified Currency as the Notes;

“**Benchmark Amendments**” has the meaning given to it in Condition 4(d)(iv);

“**Benchmark Event**” means:

- (A) the Original Reference Rate ceasing to be published for a period of at least five Business Days or ceasing to exist;
- (B) a public statement by the administrator of the Original Reference Rate that it will, by a specified date within the following six months, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate);
- (C) a public statement by the supervisor of the administrator of the Original Reference Rate, that the Original Reference Rate has been or will, by a specified date within the following six months, be permanently or indefinitely discontinued;
- (D) a public statement by the supervisor of the administrator of the Original Reference Rate as a consequence of which the Original Reference Rate will be prohibited from being used either generally, or in respect of the Notes, in each case within the following six months; or
- (E) it has become unlawful for any Paying Agent, Calculation Agent, the Issuer or other party to calculate any payments due to be made to any Noteholder using the Original Reference Rate;

“**Independent Adviser**” means an independent financial institution of international repute or an independent financial adviser with appropriate expertise appointed by the Issuer at its own expense under Condition 4(d)(i);

“**Original Reference Rate**” means the originally-specified benchmark or screen rate (as applicable) used to determine the Rate of Interest (or any component part thereof) on the Notes;

“**Relevant Nominating Body**” means, in respect of a benchmark or screen rate (as applicable):

- (A) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or

- (B) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (b) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (c) a group of the aforementioned central banks or other supervisory authorities or (d) the Financial Stability Board or any part thereof; and

“**Successor Rate**” means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body.

(e) Interest Accrual

Interest (if any) will cease to accrue on each Note on the due date for redemption thereof unless, upon due presentation thereof, payment of principal is improperly withheld or refused in which event interest will continue to accrue as provided in the Trust Deed.

(f) Day Count Fractions

In this Condition 4:

“**Day Count Fraction**” means, in respect of the calculation of an amount for any period of time in accordance with the applicable Final Terms for any Fixed Rate Note, Reset Note or Floating Rate Note:

- (i) if “**Actual/Actual (ICMA)**” is specified in the applicable Final Terms:
 - (A) in the case of Notes where the number of days in the relevant period from (and including) the most recent Interest Payment Date (or, if none, the Interest Commencement Date) to (but excluding) the relevant payment date (the “**Accrual Period**”) is equal to or shorter than the Determination Period during which the Accrual Period ends, the number of days in such Accrual Period divided by the product of (1) the number of days in such Determination Period and (2) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; or
 - (B) in the case of Notes where the Accrual Period is longer than the Determination Period during which the Accrual Period ends, the sum of:
 - (I) the number of days in such Accrual Period falling in the Determination Period in which the Accrual Period begins divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates (as specified in the applicable Final Terms) that would occur in one calendar year; and
 - (II) the number of days in such Accrual Period falling in the next Determination Period divided by the product of (x) the number of days in such Determination Period and (y) the number of Determination Dates that would occur in one calendar year; and
- (ii) if “**Actual/Actual (ISDA)**” or “**Actual/Actual**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 (or, if any portion of that Interest Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Interest Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Interest Period falling in a non-leap year divided by 365);
- (iii) if “**Actual/365 (Fixed)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365;

- (iv) if “**Actual/365 (sterling)**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 365 or, in the case of an Interest Payment Date falling in a leap year, 366;
- (v) if “**Actual/360**” is specified in the applicable Final Terms, the actual number of days in the Interest Period divided by 360;
- (vi) if “**30/360**”, “**360/360**” or “**Bond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number is 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31 and D₁ is greater than 29, in which case D₂ will be 30;

- (vii) if “**30E/360**” or “**Eurobond Basis**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless such number would be 31, in which case D₂ will be 30; and

- (viii) if “**30E/360 (ISDA)**” is specified in the applicable Final Terms, the number of days in the Interest Period divided by 360, calculated on a formula basis as follows:

$$\text{Day Count Fraction} = \frac{[360 \times (Y_2 - Y_1)] + [30 \times (M_2 - M_1)] + (D_2 - D_1)}{360}$$

where:

“Y₁” is the year, expressed as a number, in which the first day of the Interest Period falls;

“Y₂” is the year, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“M₁” is the calendar month, expressed as a number, in which the first day of the Interest Period falls;

“M₂” is the calendar month, expressed as a number, in which the day immediately following the last day of the Interest Period falls;

“D₁” is the first calendar day, expressed as a number, of the Interest Period, unless (i) that day is the last day of February or (ii) such number would be 31, in which case D₁ will be 30; and

“D₂” is the calendar day, expressed as a number, immediately following the last day included in the Interest Period, unless (i) that day is the last day of February but not the Maturity Date or (ii) such number would be 31, in which case D₂ will be 30;

“**Determination Period**” means each period from (and including) a Determination Date to (but excluding) the next Determination Date (including, where either the Interest Commencement Date or the final Interest Payment Date is not a Determination Date, the period commencing on the first Determination Date prior to, and ending on the first Determination Date falling after, such date); and

“**sub-unit**” means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

5 Redemption, Purchase, Substitution and Variation

(a) *Final Redemption*

Unless previously redeemed or purchased and cancelled as provided below, each Note will be redeemed by the Issuer at its Final Redemption Amount specified in the applicable Final Terms in the relevant Specified Currency on the Maturity Date specified in the applicable Final Terms.

(b) *Redemption for Taxation Reasons*

Subject (in the case of Subordinated Notes only) to Condition 5(k) and (in the case of Senior Non-Preferred Notes only) Condition 5(l), and provided that notice is given (within the period specified in the applicable Final Terms) to the Trustee and, in accordance with Condition 18, the Noteholders (which notice shall, subject as aforesaid, be irrevocable), if, as a result of a Tax Law Change:

- (i) on the occasion of the next payment due in respect of the Notes, the Issuer will or would be required to pay Additional Amounts as defined in Condition 9 or to account to any taxing authority in the United Kingdom for any amount (other than any tax withheld or deducted from interest payable in respect of the Notes) calculated by reference to any amount payable in respect of the Notes; or
- (ii) (in the case of Senior Non-Preferred Notes and Subordinated Notes only) the Issuer would not be entitled to claim a deduction in respect of any interest payable in respect of the Notes in computing its taxation liabilities or the amount of any such deduction would be materially reduced,

and provided that the consequences of such event cannot be avoided by the Issuer taking reasonable measures available to it (each such event being referred to as a “**Tax Event**”), the Issuer may redeem at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) all (but not some only) of the Notes at their Early Redemption Amount referred to in Condition 5(i) below together, if applicable, with interest accrued to (but excluding) the date fixed for redemption. Upon the expiry of such notice the Issuer shall be bound to redeem the Notes accordingly.

Prior to the publication of any notice of early redemption pursuant to this Condition 5(b), the Issuer shall deliver to the Trustee a certificate signed by any two authorised signatories of the Issuer stating that the relevant requirement or circumstance giving rise to the right to redeem is satisfied. The Trustee shall be entitled, without liability to any person, to accept such certificate without any further inquiry as sufficient evidence of the satisfaction of the relevant conditions precedent, in which event it shall be conclusive and binding on the Trustee and the Noteholders.

(c) *Redemption at the Option of the Issuer (Issuer Call)*

Subject (in the case of Subordinated Notes only) to Condition 5(k) and (in the case of Senior Non-Preferred Notes only) Condition 5(l), if Issuer Call is specified in the applicable Final Terms, the Issuer may, having given notice (within the period specified in the applicable Final Terms) to the Trustee, the Agent and, in accordance with Condition 18, the holders of the Notes (which notice shall, subject as aforesaid, be irrevocable), redeem all or some only of the Notes then outstanding on the Optional Redemption Date(s) and at the Optional Redemption Amount(s), as specified in the applicable Final Terms, together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date(s). Upon expiry of such notice the Issuer shall be bound to redeem the Notes accordingly. In the event of a redemption of some only of the Notes, such redemption must be for an amount being the Minimum Redemption Amount or a Maximum Redemption Amount. In the case of a partial redemption of Notes, the Notes to be redeemed (“**Redeemed Notes**”) will (i) be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and (ii) in the case of Redeemed Notes represented by a Global Note, in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at their discretion), not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the “**Selection Date**”). In the case of Redeemed Notes represented by definitive Notes, a list of such Redeemed Notes will be published in accordance with Condition 18 not less than 15 days prior to the date fixed for redemption. No exchange of the relevant Global Note will be permitted during the period from and including the Selection Date to and including the date fixed for redemption pursuant to this Condition 5(c) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with Condition 18 at least 10 days prior to the Selection Date.

(d) *Redemption at the Option of the Holders (Investor Put)*

This Condition 5(d) does not apply to Subordinated Notes.

If Investor Put is specified in the applicable Final Terms, upon the holder of this Senior Preferred Note or Senior Non-Preferred Note (as applicable) giving notice to the Issuer, in accordance with Condition 18, (within the period of notice specified in the applicable Final Terms (which notice shall be irrevocable)), the Issuer will, upon the expiry of such notice, redeem in whole (but not in part) such Senior Preferred Note or Senior Non-Preferred Note (as applicable) on the Optional Redemption Date and at the Optional Redemption Amount as specified in the applicable Final Terms, together, if applicable, with interest accrued to (but excluding) the relevant Optional Redemption Date.

If this Senior Preferred Note or Senior Non-Preferred Note (as applicable) is in definitive form and held outside Euroclear and Clearstream, Luxembourg, to exercise the right to require redemption of this Senior Preferred Note or Senior Non-Preferred Note (as applicable) the holder of this Senior Preferred Note or Senior Non-Preferred Note (as applicable) must deliver such Senior Preferred Note or Senior Non-Preferred Note (as applicable), on any Business Day (as defined in Condition 4(b)(i)) falling within the notice period at the specified office of any Paying Agent, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent (a “**Put Notice**”) and in which the holder must specify a bank account (or, if payment is by cheque, an address) to which payment is to be made under this Condition 5(d). If this Senior Preferred Note or Senior Non-Preferred Note (as applicable) is represented by a Global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of this Senior Preferred Note or Senior Non-Preferred Note (as applicable) the holder of this Senior Preferred Note or Senior Non-Preferred Note (as applicable) must, within the notice period, give notice to the Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depositary or common safekeeper, as the case may be, for them to the Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time.

(e) *Regulatory Event Redemption of Subordinated Notes*

This Condition 5(e) applies to Subordinated Notes only.

Subject to Condition 5(k), the Issuer may, in its sole discretion, if a Regulatory Event has occurred and is continuing, having given notice (within the period specified in the applicable Final Terms) to the Trustee, the Agent and, in accordance with Condition 18, the Noteholders (which notice shall, subject as aforesaid, be irrevocable and shall specify the date fixed for redemption), redeem at any time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) all (but not some only) of the Subordinated Notes at their Early Redemption Amount referred to in Condition 5(i) together, if applicable, with interest accrued to (but excluding) the date fixed for redemption.

Prior to the publication of any notice of early redemption pursuant to this Condition 5(e), the Issuer shall deliver to the Trustee a certificate signed by any two authorised signatories of the Issuer confirming that a Regulatory Event has occurred and is continuing. The Trustee shall be entitled, without liability to any person, to accept such certificate without any further inquiry as sufficient evidence of the satisfaction of the relevant conditions precedent, in which event it shall (in the absence of wilful default, manifest error or bad faith, and without prejudice to the Trustee’s ability to rely on such certificate as aforesaid) be conclusive and binding on the Trustee and the Noteholders. Upon the expiry of such notice the Issuer shall be bound to redeem the Subordinated Notes accordingly.

(f) *Redemption following a Loss Absorption Disqualification Event*

This Condition 5(f) applies in respect of all Series of Senior Non-Preferred Notes except for any Series where “*Senior Non-Preferred Notes: Loss Absorption Disqualification Event Redemption*” is expressly specified to be “Not Applicable” in the applicable Final Terms.

If a Loss Absorption Disqualification Event has occurred, then the Issuer may, in its sole discretion, subject to compliance with Condition 5(l), and having given not less than 15 nor more than 30 days’ notice to the Trustee, the Agent and, in accordance with Condition 18, the Noteholders (which notice shall, subject as aforesaid, be irrevocable and shall specify the date fixed for redemption), redeem at any

time (if this Note is not a Floating Rate Note) or on any Interest Payment Date (if this Note is a Floating Rate Note) all, but not some only, of the Senior Non-Preferred Notes at their Early Redemption Amount referred to in Condition 5(i), together, if applicable, with interest accrued to (but excluding) the date fixed for redemption.

Prior to the publication of any notice of early redemption pursuant to this Condition 5(f), the Issuer shall deliver to the Trustee a certificate signed by any two authorised signatories of the Issuer confirming that a Loss Absorption Disqualification Event has occurred and is continuing. The Trustee shall be entitled, without liability to any person, to accept such certificate without any further inquiry as sufficient evidence of the satisfaction of the relevant conditions precedent, in which event it shall (in the absence of wilful default, manifest error or bad faith, and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be conclusive and binding on the Trustee and the Senior Non-Preferred Noteholders. Upon the expiry of such notice, the Issuer shall be bound to redeem the Senior Non-Preferred Notes accordingly.

As used herein,

A “**Loss Absorption Disqualification Event**” shall be deemed to have occurred in respect of a Series of Senior Non-Preferred Notes if, as a result of any amendment to, or change in, any Loss Absorption Regulations, or any change in the application or official interpretation of any Loss Absorption Regulations, in any such case becoming effective after the Issue Date of the first Tranche of such Series of Senior Non-Preferred Notes, either:

- (i) if “*Loss Absorption Disqualification Event: Full Exclusion*” is specified in the applicable Final Terms, the entire principal amount of such Series of Senior Non-Preferred Notes; or
- (ii) if “*Loss Absorption Disqualification Event: Full or Partial Exclusion*” is specified in the applicable Final Terms, the entire principal amount of such Series of Senior Non-Preferred Notes or any part thereof,

is or (in the opinion of the Issuer or the relevant Supervisory Authority) is likely to be excluded from the Issuer's minimum requirements (whether on an individual or consolidated basis) for (A) own funds and eligible liabilities and/or (B) loss absorbing capacity instruments, in each case as such minimum requirements are applicable to the Issuer (whether on an individual or consolidated basis) and determined in accordance with, and pursuant to, the relevant Loss Absorption Regulations; provided that a Loss Absorption Disqualification Event shall not occur where the exclusion of the Senior Non-Preferred Notes from the relevant minimum requirement(s) is due to the remaining maturity of such Senior Non-Preferred Notes being less than any period prescribed by any applicable eligibility criteria for such minimum requirements under the relevant Loss Absorption Regulations effective with respect to the Issuer on the Issue Date of such Series of Senior Non-Preferred Notes; and

“**Loss Absorption Regulations**” means, at any time, the laws, regulations, requirements, guidelines, rules, standards and policies relating to minimum requirements for own funds and eligible liabilities and/or loss absorbing capacity instruments of the United Kingdom (including, without limitation, any provisions of the Insolvency Act 1986, as amended from time to time), any relevant Supervisory Authority and/or of the European Parliament or of the Council of the European Union then in effect in the United Kingdom and applicable to the Issuer (whether on an individual or consolidated basis), including, without limitation to the generality of the foregoing, any applicable delegated or implementing acts (such as regulatory technical standards) adopted by the European Commission and any regulations, requirements, guidelines, rules, standards and policies relating to minimum requirements for own funds and eligible liabilities and/or loss absorbing capacity instruments adopted

by any relevant Supervisory Authority from time to time (whether such regulations, requirements, guidelines, rules, standards or policies are applied generally or specifically to the Issuer).

(g) Purchases

Subject (in the case of Subordinated Notes only) to Condition 5(k) and (in the case of Senior Non-Preferred Notes) Condition 5(l), the Issuer or any of its Subsidiaries may at any time purchase or otherwise acquire Notes (provided that, in the case of definitive Notes, all unmatured Coupons appertaining thereto are attached thereto or surrendered therewith) in the open market either by tender or private agreement or otherwise, without restriction as to price.

(h) Late Payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to Condition 5(a), (b), (c), (d), (e) or (f) or upon its becoming due and repayable as provided in Condition 10 (if this Note is a Senior Preferred Note or an Unrestricted Default Senior Non-Preferred Note) or Condition 11 (if this Note is a Subordinated Note or a Restricted Default Senior Non-Preferred Note) is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 5(i)(ii) as though the references therein to the date fixed for redemption or the date upon which such Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Agent and notice to that effect has been given to the Noteholders in accordance with Condition 18 or individually.

(i) Early Redemption Amounts

For the purposes of Conditions 5(b), (e) and (f) and Condition 10 (if this Note is a Senior Preferred Note or an Unrestricted Default Senior Non-Preferred Note) or Condition 11 (if this Note is a Subordinated Note or a Restricted Default Senior Non-Preferred Note):

- (i) each Note (other than a Zero Coupon Note) will be redeemed at its Early Redemption Amount; or
- (ii) each Zero Coupon Note, will be redeemed at an amount (the “**Amortised Face Amount**”) calculated in accordance with the following formula:

$$\text{Early Redemption Amount} = \text{RP} \times (1 + \text{AY})^y$$

where:

RP means the Reference Price;

AV means the Accrual Yield, expressed as a decimal; and

y is the Day Count Fraction specified in the applicable Final Terms which will be either (i) 30/360 (in which case the numerator will be equal to the number of days (calculated on the basis of a 360-day year consisting of 12 months of 30 days each) from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (ii) Actual/360 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for

redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 360) or (iii) Actual/365 (in which case the numerator will be equal to the actual number of days from (and including) the Issue Date of the first Tranche of the Notes to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable and the denominator will be 365).

(j) Cancellation

All Notes which are (i) redeemed in full or (ii) purchased by or on behalf of the Issuer or any Subsidiary of the Issuer (except purchases made in the ordinary course of a business of a dealer in securities) will forthwith be cancelled (together with, in the case of definitive Notes, all unmatured Coupons attached thereto or surrendered therewith) and such Notes may not be re-issued or resold.

(k) Preconditions to Redemption and Purchase of Subordinated Notes

This Condition 5(k) applies to Subordinated Notes only.

Any redemption or purchase of Subordinated Notes in accordance with Condition 5(b), (c), (e) or (g) is subject to:

- (i) the Issuer having obtained Regulatory Approval therefor;
- (ii) either: (i) the Issuer having replaced the Subordinated Notes with own funds instruments of equal or higher quality at terms that are sustainable for the income capacity of the Issuer; or (ii) the Issuer having demonstrated to the satisfaction of the Supervisory Authority that the own funds of the Issuer would, following such redemption or repurchase, exceed its minimum capital requirements (including any capital buffer requirements) by a margin that the Supervisory Authority considers necessary at such time; and
- (iii) in the case of any redemption prior to the fifth anniversary of the Issue Date, (i) in the case of redemption upon a Tax Event, the Issuer having demonstrated to the satisfaction of the Supervisory Authority that the change in tax treatment is material and was not reasonably foreseeable as at the Issue Date, or (ii) in the case of redemption upon the occurrence of a Regulatory Event, the Issuer having demonstrated to the satisfaction of the Supervisory Authority that the relevant change in the regulatory classification of the Subordinated Notes was not reasonably foreseeable as at the Issue Date.

Notwithstanding the foregoing, if, at the time of any redemption or purchase, the prevailing Regulatory Capital Requirements permit a repayment or purchase only after compliance with one or more additional or alternative preconditions to those set out above in this Condition 5(k), the Issuer shall comply (in addition or in the alternative, as the case may be) with such additional and/or alternative precondition(s).

(l) Pre-condition to Redemption, Purchase, Substitution or Variation of Senior Non-Preferred Notes

This Condition 5(l) applies to Senior Non-Preferred Notes only.

Any redemption, purchase, substitution or variation of Senior Non-Preferred Notes in accordance with Condition 5(b), (c), (d), (f), (g) or (m) is subject to:

- (i) the Issuer having obtained Regulatory Approval therefor (if and to the extent required by the Supervisory Authority or the Loss Absorption Regulations at such time); and

- (ii) compliance with any other pre-conditions to, or requirements applicable to, such redemption, purchase, substitution or variation as may be required by the relevant Supervisory Authority or the Loss Absorption Regulations at such time.

(m) *Substitution and Variation of Senior Non-Preferred Notes*

This Condition 5(m) applies to each Series of Senior Non-Preferred Notes unless “*Senior Non-Preferred Notes: Substitution and Variation*” is expressly specified to be “Not Applicable” in the applicable Final Terms.

Upon the occurrence of a Loss Absorption Disqualification Event in respect of a Series of Senior Non-Preferred Notes, the Issuer (in its sole discretion but subject to Condition 5(l)), having given notice of not more than 30 days nor less than 15 days prior to the date of substitution or variation (as the case may be) to the Trustee and, in accordance with Condition 18, the Noteholders (which notice shall be irrevocable and shall specify the date fixed for substitution or variation, as applicable) may, without any requirement for the consent or approval of the Noteholders or Couponholders, either substitute all (but not some only) of the Senior Non-Preferred Notes of such Series for, or vary the terms of the Senior Non-Preferred Notes of such Series so that they remain or, as appropriate, become, Loss Absorption Compliant Notes. Upon the expiry of the notice referred to above, the Issuer shall either substitute or, as the case may be, vary the terms of the relevant Senior Non-Preferred Notes and, subject as set out below, the Trustee shall agree to such substitution or variation.

In connection with any substitution or variation in accordance with this Condition 5(m), the Issuer shall comply with the rules of any stock exchange on which the relevant Senior Non-Preferred Notes are for the time being listed or admitted to trading.

Any substitution or variation in accordance with this provision is subject to the following conditions:

- (i) the Issuer complying with Condition 5(l);
- (ii) such substitution or variation not resulting in any event or circumstance which at that time gives the Issuer a redemption right in respect of the resulting Loss Absorption Compliant Notes; and
- (iii) prior to the publication of any notice of substitution or variation, the Issuer having delivered to the Trustee a certificate signed by two authorised signatories of the Issuer stating that the Loss Absorption Disqualification Event giving rise to the right to substitute or vary the Senior Non-Preferred Notes has occurred as at the date of the certificate and that the conditions set out in Conditions 5(m)(i) and (ii) have been satisfied, and the Trustee shall be entitled to accept and rely on such certificate without liability to any person and without any further inquiry as sufficient evidence thereof, in which event it shall (in the absence of wilful default, manifest error or bad faith, and without prejudice to the Trustee’s ability to rely on such certificate as aforesaid) be conclusive and binding on the Trustee and all Noteholders and Couponholders.

The Trustee shall, subject to the Issuer’s compliance with Conditions 5(m)(i), 5(m)(ii) and 5(m)(iii) and the provision of the certificate signed by two authorised signatories of the Issuer as referred to in the definition of Loss Absorption Compliant Notes, and at the expense and cost of the Issuer, use reasonable endeavours to assist the Issuer in any substitution or variation of the relevant Senior Non-Preferred Notes in accordance with this provision, except that the Trustee shall not be obliged to assist in any such substitution or variation if either such substitution or variation itself or the terms of the proposed Loss Absorption Compliant Notes would, in the Trustee’s opinion, impose more onerous obligations upon it or expose the Trustee to any additional duties, responsibilities or liabilities in any respect or reduce or amend the protective provisions afforded to the Trustee in these Conditions or the Trust Deed (including, for the avoidance of doubt, any supplemental trust deed) in any respect.

In connection with any such substitution or variation, the Trustee may rely without liability to any Noteholders or Couponholders on a report, confirmation, certificate or any advice of any accountants, financial advisers, financial institutions or any other experts, whether or not addressed to it and whether their liability in relation thereto is limited (by its terms or by any engagement letter relating thereto entered into by the Trustee or in any other manner) by reference to a monetary cap, methodology or otherwise. The Trustee may accept and shall be entitled to rely on any such report, confirmation, certificate or advice and such report, confirmation, certificate or advice shall (in the absence of wilful default, manifest error or bad faith, and without prejudice to the Trustee's ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee and the Noteholders and Couponholders.

(n) Definitions

As used in these Conditions:

“EEA regulated market” means a market as defined by Article 4.1(21) of Directive 2014/65/EU of the European Parliament and of the Council on markets in financial instruments, as amended;

“Loss Absorption Compliant Notes” means securities that comply with the following (which compliance has been certified to the Trustee in a certificate signed by two authorised signatories of the Issuer and delivered to the Trustee prior to the relevant substitution or variation):

- (A) such securities are issued by the Issuer or any wholly-owned direct or indirect subsidiary of the Issuer with a guarantee of such obligations by the Issuer;
- (B) such securities and any relative coupons rank (or, if guaranteed by the Issuer, benefit from a guarantee that ranks) equally with the ranking of the relevant Senior Non-Preferred Notes;
- (C) such securities have terms not materially less favourable to Noteholders and Couponholders than the terms of the relevant Senior Non-Preferred Notes and relative Coupons (as reasonably determined by the Issuer in consultation with an independent adviser of recognised standing);
- (D) (without prejudice to paragraph (C) above) such securities: (1) contain terms such that they comply with the then applicable Loss Absorption Regulations in order to be eligible to qualify in full towards the Issuer's minimum requirements (on an individual or consolidated basis) for own funds and eligible liabilities and/or loss absorbing capacity instruments; (2) bear the same rate of interest from time to time applying to the relevant Senior Non-Preferred Notes and preserve the same interest payment dates; (3) do not contain terms providing for deferral of payments of interest and/or principal; (4) preserve the obligations (including the obligations arising from the exercise of any right of a Noteholder) of the Issuer as to redemption of the relevant Senior Non-Preferred Notes, including (without limitation) as to timing of, and amounts payable upon, such redemption; (5) do not contain terms providing for loss absorption through principal write-down or conversion to common equity tier 1 instruments; and (6) preserve any existing rights to any accrued and unpaid interest and any other amounts payable under the relevant Senior Non-Preferred Notes and relative Coupons which has accrued to Noteholders or Couponholders and not been paid;
- (E) such securities are listed on the same stock exchange or market as the relevant Senior Non-Preferred Notes or the London Stock Exchange or any EEA regulated market or any market in an Organisation for Economic Co-operation and Development (OECD) member state selected by the Issuer; and
- (F) where the relevant Senior Non-Preferred Notes which have been substituted or varied had a published rating solicited by the Issuer from one or more Rating Agencies immediately prior to

their substitution or variation, such securities benefit from (or will, as announced, or otherwise confirmed in writing, by each such relevant Rating Agency, benefit from) an equal or higher published rating from each such Rating Agency as that which applied to the relevant Senior Non-Preferred Notes immediately prior to their substitution or variation;

“**Rating Agency**” means any of S&P Global Ratings Europe Limited, Moody’s Investors Service Limited and Fitch Ratings Ltd. and each of their respective affiliates or successors;

“**Regulatory Approval**” means, at any time, such approval, consent, prior permission or the provision of non-objection from, or notification required within prescribed periods to, the Supervisory Authority, or such waiver of the then prevailing Regulatory Capital Requirements and/or Loss Absorption Regulation from the Supervisory Authority, as is required (if any) under the then prevailing Regulatory Capital Requirements and/or Loss Absorption Regulations, as the case may be, at such time;

A “**Regulatory Event**” is deemed to have occurred in respect of a Series of Subordinated Notes if there is a change (which has occurred or which the Supervisory Authority considers to be sufficiently certain) in the regulatory classification of such Series of Subordinated Notes which becomes effective after the date of issue of the first Tranche of such Series of Subordinated Notes and that results, or would be likely to result, in:

- (i) if “*Regulatory Event (Subordinated Notes only): Full Exclusion*” is specified in the applicable Final Terms, the entire principal amount of such Series of Subordinated Notes being excluded from the Tier 2 Capital of the Issuer (whether on an individual or consolidated basis); or
- (ii) if “*Regulatory Event (Subordinated Notes only): Full or Partial Exclusion*” is specified in the applicable Final Terms, the entire principal amount of such Series of Subordinated Notes or any part thereof being excluded from the Tier 2 Capital of the Issuer (whether on an individual or consolidated basis); and

“**Tax Law Change**” means an introduction or change, or change in official interpretation or application, of any laws, regulations, pronouncements, judicial decisions, standards or guidelines which change becomes effective on or after the date of issue of the first Tranche of the relevant Notes.

6 Payments

(a) *Method of Payment*

Subject as provided below:

- (i) payments in a Specified Currency other than euro will be made by credit or transfer to an account in the relevant Specified Currency maintained by the payee with, or, at the option of the payee, by a cheque in such Specified Currency drawn on, a bank in the principal financial centre of the country of such Specified Currency (which, if the Specified Currency is Australian dollars, shall be Sydney and, if the Specified Currency is New Zealand dollars, shall be Auckland); and
- (ii) payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque.

Payments will be subject in all cases to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 9.

(b) *Presentation of Definitive Notes and Coupons*

Subject as provided below, payments of principal and interest (if any) in respect of definitive Notes (if issued) will be made against presentation and surrender of definitive Notes or Coupons, as the case may be, at any specified office of any Paying Agent.

Payments of principal and interest (if any) in respect of Notes represented by any Global Note will (subject as provided below) be made in the manner specified above in relation to definitive Notes and otherwise in the manner specified in the relevant Global Note against presentation or surrender, as the case may be, of such Global Note at the specified office of any Paying Agent. A record of each payment made on such Global Note, distinguishing between any payment of principal and any payment of interest, will be made on such Global Note by such Paying Agent and such record shall be prima facie evidence that the payment in question has been made.

The holder of the relevant Global Note (or, as provided in the Trust Deed, the Trustee) shall be the only person entitled to receive payments in respect of Notes represented by such Global Note and the Issuer will be discharged by payment to, or to the order of, the holder of such Global Note (or the Trustee, as the case may be) in respect of each amount so paid. Each of the persons shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular nominal amount of Notes represented by such Global Note must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for his share of each payment so made by the Issuer to, or to the order of, the holder of the relevant Global Note (or the Trustee, as the case may be). No person other than the holder of the relevant Global Note (or, as provided in the Trust Deed, the Trustee) shall have any claim against the Issuer in respect of any payments due on that Global Note.

Notwithstanding the foregoing, payments of interest in U.S. Dollars will only be made at the specified office of any Paying Agent in the United States (which expression, as used herein, means the United States of America (including the States and District of Columbia, its territories, its possessions and other areas subject to its jurisdiction) if (a) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment at such specified offices outside the United States of the full amount of interest on the Notes in the manner provided above when due, (b) payment of the full amount of such interest at such specified offices outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions and (c) such payment is then permitted under United States law without involving, in the opinion of the Issuer, adverse tax consequences to the Issuer.

Fixed Rate Notes in definitive form should be presented for payment together with all unmatured Coupons appertaining thereto (which expression shall include Coupons falling to be issued on exchange of matured Talons), failing which an amount equal to the face value of any missing unmatured Coupon (or, in the case of payment not being made in full, the same proportion of the amount of such missing unmatured Coupon as the sum so paid bears to the total amount due) will be deducted from the amount due for payment. Each amount of principal so deducted will be paid in the manner mentioned above against surrender of the relevant missing Coupon at any time before the expiry of ten years after the relevant date (as defined in Condition 9) in respect of such principal (whether or not such Coupon would otherwise have become void under Condition 12) or, if later, five years from the date on which such Coupon would otherwise have become due.

Upon any Fixed Rate Note becoming due and repayable prior to its Maturity Date, all unmatured Talons (if any) appertaining thereto will become void and no further Coupons will be issued in respect thereof.

Upon the due date for redemption of any Floating Rate Note, Reset Note, Subordinated Note or Senior Non-Preferred Note which is also a Fixed Rate Note in definitive form, all unmatured Coupons and Talons (if any) relating to such Note (whether or not attached) shall become void and no payment or, as the case may be, exchange for further Coupons shall be made in respect thereof.

(c) *Payment Day*

If any date for payment of any amount in respect of any Note or Coupon is not a Payment Day (as defined below), then the holder thereof shall not be entitled to payment of the relevant amount due until the next following Payment Day and shall not be entitled to any interest or other sum in respect of any such delay. In this Condition 6(c) (unless otherwise specified in the applicable Final Terms), “**Payment Day**” means any day which (subject to Condition 12) is:

- (i) a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in:
 - (A) in the case of Notes in definitive form only, the relevant place of presentation;
 - (B) each Additional Financial Centre (other than TARGET2 System) specified in the applicable Final Terms;
- (ii) if TARGET2 System is specified as an Additional Financial Centre in the applicable Final Terms, a day on which the TARGET2 System is open; and
- (iii) either (A) in relation to any sum payable in a Specified Currency other than euro, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the relevant Specified Currency (which if the Specified Currency is Australian dollars or New Zealand dollars shall be Sydney and Auckland, respectively) or (B) in relation to any sum payable in euro, a day on which the TARGET2 System is open.

If the due date for redemption of any interest bearing Note in definitive form is not a due date for the payment of interest relating thereto, interest accrued in respect of such interest bearing Note from (and including) the last preceding due date for the payment of interest (or from (and including) the Interest Commencement Date, as the case may be) will be paid only against surrender of such interest bearing Note.

(d) *Interpretation of Principal and Interest*

Any reference in these Terms and Conditions to principal in respect of the Notes shall be deemed to include, as applicable:

- (i) any additional amounts which may be payable with respect to principal under Condition 9 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed;
- (ii) the Final Redemption Amount of the Notes;
- (iii) the Early Redemption Amount of the Notes;
- (iv) the Optional Redemption Amount(s) (if any) of the Notes; and
- (v) any premium and any other amounts which may be payable under or in respect of the Notes.

Any reference in these Terms and Conditions to interest in respect of the Notes shall be deemed to include, as applicable, any additional amounts which may be payable with respect to interest under Condition 9 or pursuant to any undertakings given in addition thereto or in substitution therefor pursuant to the Trust Deed.

7 Exchange of Talons

On and after the Interest Payment Date on which the final Coupon comprised in any Coupon sheet matures, the Talon (if any) forming part of such Coupon sheet may be surrendered at the specified office of the Agent or any other Paying Agent in exchange for a further Coupon sheet including (if such further Coupon sheet does not include Coupons to (and including) the final date for the payment of interest due in respect of the Note to which it appertains) a further Talon, subject to the provisions of Condition 12. Each Talon shall, for the purposes of these Terms and Conditions, be deemed to mature on the Interest Payment Date on which the final Coupon comprised in the relative Coupon sheet matures.

8 Agent and Paying Agents

The names of the initial Agent and the other initial Paying Agents and their initial specified offices are set out below. If any additional Paying Agents are appointed in connection with any Series, the names of such Paying Agents will be specified in Part B of the applicable Final Terms. The Issuer will procure that so long as any Floating Rate Note remains outstanding there shall at all times be an Agent for the purposes of such Notes. In the event of the appointed office of any such bank being unable or unwilling to continue to act as the Agent, or failing duly to determine the Rate of Interest or to calculate the Interest Amounts for any Interest Period, the Issuer shall appoint the London office of such other bank as may be approved by the Trustee to act as such in its place. The Agent may not resign its duties or be removed from office without a successor having been appointed as aforesaid. The Issuer may, with the prior approval of the Trustee, vary or terminate the appointment of any Paying Agent and/or appoint additional or other Paying Agents and/or approve any change in the specified office through which any Paying Agent acts provided that it will, so long as any of the Notes is outstanding, maintain (i) a Paying Agent (which may be the Agent) having a specified office in a city approved by the Trustee in continental Europe other than the jurisdiction in which the Issuer is incorporated and (ii) so long as any of the Notes are listed on any stock exchange (or any other relevant authority), a Paying Agent (which may be the Agent) having a specified office in each location required by the rules and regulations of the relevant stock exchange (or any other relevant authority).

In addition, the Issuer shall forthwith appoint a Paying Agent having a specified office in New York City in the circumstances described in the fourth paragraph of Condition 6(b). Notice of any such variation, termination, appointment or change will be given by the Issuer to the Noteholders in accordance with Condition 18.

9 Taxation

All payments of principal and interest (if any) in respect of the Notes and Coupons by or on behalf of the Issuer will be made without withholding of, or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatsoever nature imposed or levied by the United Kingdom or any political sub-division thereof or by any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Issuer will (a) in the case of all Senior Preferred Notes and each Series of Senior Non-Preferred Notes unless the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, in respect of payments of interest (if any) or principal, or (b) in the case of all Subordinated Notes and each Series of Senior Non-Preferred Notes for which the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, in respect of payments of interest (if any)

only, pay such additional amounts (“**Additional Amounts**”) as may be necessary in order that the net amounts receivable by the Noteholders and Couponholders after such withholding or deduction shall equal the respective amounts of (in the case of Notes falling within (a) above only) principal and (in the case of any Notes) interest (if any) which would have been receivable in respect of the Notes or Coupons (as the case may be) in the absence of such withholding or deduction, except that no such Additional Amounts shall be payable with respect to any Note or Coupon:

- (a) presented for payment by or on behalf of a holder who: (a) is able to avoid such withholding or deduction by satisfying any statutory requirements or by making a declaration of non-residence or other claim for exemption to the relevant tax authority; or (b) is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the United Kingdom otherwise than merely by the holding of such Note or Coupon;
- (b) presented for payment in the United Kingdom; or
- (c) presented for payment more than 30 days after the relevant date except to the extent that the holder thereof would have been entitled to such additional amounts on presenting the same for payment on the last day of such period of 30 days.

For this purpose, the “**relevant date**” means the date on which the payment in respect of the Note or Coupon first becomes due and payable but, if the full amount of the moneys payable on such date has not been received by the Agent or the Trustee on or prior to such date, the “**relevant date**” means the date on which, such moneys having been so received, notice to that effect shall have been given to the Noteholders in accordance with Condition 18.

For the avoidance of doubt, if a Note is a Subordinated Note or a Senior Non-Preferred Note for which the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Gross-up of principal*” as “Not Applicable”, the Issuer will not pay any Additional Amounts in respect of principal of such Note.

Notwithstanding any other provision of these Conditions, any amounts to be paid on the Notes and Coupons by or on behalf of the Issuer will be paid net of any deduction or withholding imposed or required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the “**Code**”), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code (or any regulations thereunder or official interpretations thereof) or an intergovernmental agreement between the United States and another jurisdiction facilitating the implementation thereof (or any fiscal or regulatory legislation, rules or practices implementing such an intergovernmental agreement) (any such withholding or deduction, a “**FATCA Withholding**”). Neither the Issuer nor any other person will be required to pay any additional amounts in respect of FATCA Withholding.

10 Events of Default and Enforcement relating to Senior Preferred Notes and Unrestricted Default Senior Non-Preferred Notes

This Condition 10 only applies if this Note is (a) a Senior Preferred Note or (b) a Senior Non-Preferred Note for which the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Restricted Events of Default*” as being “Not Applicable” (an “**Unrestricted Default Senior Non-Preferred Note**”), and references in this Condition 10 to the Notes shall be construed accordingly.

The Trustee at its discretion may, and if so requested in writing by the holders of not less than 25 per cent. in principal amount of the Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject in each case to being indemnified and/or secured and/or prefunded to its satisfaction), (but, in the case of the happening of any of the events mentioned in Conditions 10(b) to (g) (inclusive), only if the Trustee shall have certified that, in its opinion, such event is materially prejudicial to the interests of the

Noteholders) give notice to the Issuer that the Notes are, and they shall accordingly immediately become, due and repayable at their Early Redemption Amount (as described in Condition 5(i)), together with accrued interest (if any) as provided in the Trust Deed, if any of the following events (each an “**Event of Default**”) occurs:

- (a) there is default for 14 days or more in respect of the payment of principal or interest in respect of the Notes or any of them in each case when and as the same ought to be paid;
- (b) there is default by the Issuer in the performance or observance of any covenant, condition or provision contained in the Trust Deed or in the Notes or Coupons and on its part to be performed or observed (other than the covenant to pay the principal and interest in respect of any of the Notes) and (except where the Trustee determines that such default is not capable of remedy when no such notice or continuation as is hereinafter mentioned shall be required) such default continues for the period of 30 days (or such longer period as the Trustee may permit) next following the service by the Trustee on the Issuer of notice requiring the same to be remedied; or
- (c)
 - (i) if any other present or future indebtedness of the Issuer or any Principal Subsidiary (as defined below) becomes due and payable prior to its stated maturity by reason of a default;
 - (ii) if any such indebtedness is not paid when due or (as the case may be) within any applicable grace period therefor as originally provided;
 - (iii) if the Issuer or any Principal Subsidiary fails to pay when due or (as the case may be) within any applicable grace period therefor as originally provided any amount payable by it under any present or future guarantee (other than any guarantee given in the ordinary course of its businesses) in respect of any indebtedness; or
 - (iv) if any mortgage, charge, pledge, lien or other encumbrance present or future securing any such indebtedness or guarantee as aforesaid and created or assumed by the Issuer or any Principal Subsidiary becomes enforceable and the holder thereof takes any steps to enforce the same,provided, however, that the aggregate principal amount of any such indebtedness shall at the time exceed £10,000,000 (or its equivalent in any other currency or currencies);
- (d) a distress or execution or other legal process is levied or enforced or sued out upon or against the whole or any substantial part of the property, assets or revenues of the Issuer or any Principal Subsidiary and is not discharged or stayed within 30 days of having been so levied, enforced or sued out;
- (e) save for the occurrence of any of the following events in the case of the Issuer in connection with an amalgamation pursuant to Section 93 of the Act, a transfer of all of the Issuer’s engagements pursuant to Section 94 of the Act or a transfer of its business pursuant to Section 97 of the Act, the Issuer or any Principal Subsidiary becomes insolvent or stops or threatens to stop payment of or is unable to pay its debts as they mature or applies for or consents to or suffers the appointment of a liquidator or an administrative or other receiver or an administrator of itself or the whole or any substantial part of its undertaking, property, assets or revenues or takes any proceedings under any law for a readjustment or deferment of its obligations or any part thereof or makes or enters into a general assignment or an arrangement or composition with or for the benefit of its creditors or, save as aforesaid or for the purposes of a reconstruction, union, transfer, merger or amalgamation effected with the consent of the Trustee or with the approval of an Extraordinary Resolution of the Noteholders, ceases or threatens to cease to carry on its business or any substantial part of its business;
- (f) save:

- (i) in the case of the Issuer, as a result of an amalgamation pursuant to Section 93 of the Act, a transfer of all of the Issuer’s engagements pursuant to Section 94 of the Act or a transfer of its business pursuant to Section 97 of the Act;
- (ii) in the case of a Principal Subsidiary, for a solvent winding up of such Principal Subsidiary pursuant to which the assets thereof attributable directly or indirectly to the Issuer are distributable to any one or more of the issuer and its other Subsidiaries; or
- (iii) in any case, for the purposes of a reconstruction, union, transfer, merger or amalgamation effected with the consent of the Trustee or with the approval of an Extraordinary Resolution of the Noteholders,

an order is made or an effective resolution is passed for the winding up or dissolution of the Issuer or any Principal Subsidiary or the authorisation or registration of the Issuer is or is proposed to be cancelled, suspended or revoked, or anything analogous or similar to any of the foregoing occurs; or

- (g) the Issuer ceases to be a building society for the purposes of the Act or the Issuer transfers its assets or engagements save:
 - (i) as a result of an amalgamation pursuant to Section 93 of the Act, a transfer of all of the Issuer’s engagements pursuant to Section 94 of the Act or a transfer of its business pursuant to Section 97 of the Act; or
 - (ii) for the purposes of a reconstruction, union, transfer, merger or amalgamation effected with the consent of the Trustee or with the approval of an Extraordinary Resolution of the Noteholders; or
 - (iii) as a result of an arrangement whereunder the Issuer shall cease to be a building society for the purposes of the Act the terms of which arrangement have been approved by an Extraordinary Resolution of the Noteholders.

“**Principal Subsidiary**” means a Subsidiary whose total assets (attributable to the Issuer) represent 10 per cent. or more of the consolidated total assets of the Issuer and the Subsidiaries taken as a whole (all as more particularly described in the Trust Deed). A report by the Auditors (as defined in the Trust Deed) that in their opinion a Subsidiary is or is not or was or was not at any particular time a Principal Subsidiary shall, in the absence of manifest error, be conclusive and binding on all parties.

The Trustee may at its discretion and without further notice take such proceedings as it may think fit to enforce the obligations of the Issuer under the Trust Deed and the Notes and Coupons, but it shall not be bound to take any such proceedings unless (i) it shall have been so directed by an Extraordinary Resolution of the Noteholders or so requested in writing by holders of at least 25 per cent. in nominal amount of the Notes outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder or Couponholder shall be entitled to proceed directly against the Issuer unless the Trustee, having become bound so to do, fails to do so within a reasonable period and such failure is continuing.

11 Events of Default and Enforcement relating only to Subordinated Notes and Restricted Default Senior Non-Preferred Notes

This Condition 11 only applies if this Note is (a) a Subordinated Note or (b) a Senior Non-Preferred Note unless the applicable Final Terms expressly specifies “*Senior Non-Preferred Notes: Restricted Events of Default*” as

being “Not Applicable” (a “**Restricted Default Senior Non-Preferred Note**”), and references in this Condition 11 to Notes shall be construed accordingly.

- (a) In the event of a default being made for a period of seven days or more in payment of principal in respect of the Notes or any of them or for 14 days or more in payment of any interest in respect of the Notes or any of them, in each case as and when the same ought to be paid, the Trustee may, in order to enforce the obligations of the Issuer under the Trust Deed, the Notes and Coupons, at its discretion without further notice, institute proceedings for the winding up of the Issuer in England (but not elsewhere), but may take no further action in respect of such default (other than as provided at Condition 11(c)).
- (b) The Trustee may institute such proceedings against the Issuer as it may think fit to enforce any obligation, condition or provision binding on the Issuer under the Trust Deed or the Notes (other than any obligation for the payment of any principal or interest in respect of the Notes or Coupons) provided that the Issuer shall not by virtue of any such proceedings be obliged to pay any sum or sums representing principal or interest in respect of the Notes or Coupons sooner than the same would otherwise have been payable by it.
- (c) In the event of the commencement of the winding up of the Issuer or the commencement of the dissolution of the Issuer (except in any such case an Excluded Dissolution), the Trustee at its discretion may, and if so requested in writing by the holders of at least 25 per cent. in principal amount of the Notes then outstanding or so directed by an Extraordinary Resolution of the Noteholders shall (subject to being indemnified to its satisfaction), give notice to the Issuer that the Notes are due and repayable immediately (and the Notes shall thereby become so due and repayable) at their Early Redemption Amount (as described in Condition 5(i)) together with accrued interest (if any) as provided in the Trust Deed.
- (d) The Trustee shall not be bound to take any of the actions referred to above to enforce the obligations of the Issuer under the Trust Deed, unless (i) it shall have been so directed by an Extraordinary Resolution or so requested in writing by Noteholders holding at least 25 per cent. in principal amount of the Notes outstanding and (ii) it shall have been indemnified and/or secured and/or prefunded to its satisfaction. No Noteholder or Couponholder may proceed directly against the Issuer unless the Trustee, having become bound to proceed, fails to do so within a reasonable period and such failure is continuing.

12 Prescription

Notes and Coupons shall become void unless presented for payment within 10 years (in the case of Notes) and five years (in the case of Coupons), in each case from the relevant date (as defined in Condition 9) therefor, subject to the provisions of Condition 6. There shall not be included in any Coupon sheet issued on exchange of a Talon any Coupon the claim for payment in respect of which would be void pursuant to this Condition 12 or Condition 6 or any Talon which would be void pursuant to Condition 6.

13 Meetings of Noteholders, Modification and Waiver

The Trust Deed contains provisions for convening meetings of Noteholders to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Terms and Conditions or the provisions of the Trust Deed subject, in the case of modifications with respect to Subordinated Notes and Coupons, to Regulatory Approval (as defined in Condition 5(n)) and to Condition 5(k) and, in the case of modifications with respect to Senior Non-Preferred Notes and Coupons, to Regulatory Approval and to Condition 5(m). The quorum at any such meeting for passing an Extraordinary Resolution will be one or more persons holding or representing a clear majority of the nominal amount of the Notes for the time being outstanding, or at any adjourned meeting one or more persons being or representing Noteholders whatever the nominal amount of the Notes for the time being outstanding so held or represented, except that, at any meeting,

the business of which includes the modification of certain of these Terms and Conditions or of certain of the provisions of the Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be one or more persons holding or representing not less than two-thirds, or at any adjourned such meeting not less than one-third, of the nominal amount of the Notes for the time being outstanding.

The Trust Deed provides that (i) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed by a majority consisting of not less than three-fourths of the votes cast on such resolution, (ii) a resolution in writing signed by or on behalf of the holders of not less than three-fourths in nominal amount of the Notes for the time being outstanding or (iii) consent given by way of electronic consents through the relevant clearing system(s) (in a form satisfactory to the Trustee) by or on behalf of the holders of not less than three-fourths in nominal amount of the Notes for the time being outstanding, shall, in each case, be effective as an Extraordinary Resolution of the Noteholders. An Extraordinary Resolution passed at any meeting of Noteholders will be binding on all Noteholders, whether or not they are present at the meeting, and on all Couponholders.

The Trust Deed provides that the Trustee may agree, without the consent of the Noteholders or Couponholders, to any modification (subject as provided above) of, or to any waiver or authorisation of any breach or proposed breach of, any of the terms and conditions of the Notes or any of the provisions of the Trust Deed which, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders or to any modification thereof which is of a formal, minor or technical nature or which is made to correct a manifest error. Any such modification, waiver or authorisation shall be binding on the Noteholders and Couponholders and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 18.

In addition, the Trustee shall be obliged to concur with the Issuer in effecting any Benchmark Amendments in the circumstances and as otherwise set out in Condition 4(d) without the consent of the Noteholders.

The Trustee shall be obliged to concur with the Issuer in effecting any substitution or variation of the Senior Non-Preferred Notes as set out in Condition 5(m) without the consent of the Noteholders or Couponholders.

In connection with the exercise by it of any of its trusts, powers or discretions (including, but without limitation, any modification, waiver, authorisation or substitution), the Trustee shall have regard to the interests of the Noteholders as a class and, in particular, but without limitation, shall not have regard to the consequences of such exercise for individual Noteholders or Couponholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder or Couponholder be entitled to claim, from the Issuer or any other person any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders or Couponholders except to the extent already provided for in Condition 9 and/or any undertaking given in addition to, or in substitution for, Condition 9 pursuant to the Trust Deed.

14 Substitution

- (a) Subject as provided in the Trust Deed, the Trustee, if it is satisfied that so to do would not be materially prejudicial to the interests of the Noteholders, may agree, without the consent of the Noteholders or Couponholders, to the substitution of any Successor in Business of the Issuer (as defined in the Trust Deed) or of a Subsidiary of the Issuer or any such Successor in Business, not being in any such case a building society formed by the amalgamation of the Issuer and one or more other building societies pursuant to Section 93 of the Act or a building society to which the Issuer has transferred its engagements pursuant to Section 94 of the Act or the successor in accordance with Section 97 or other applicable provisions of the Act, in place of the Issuer as principal debtor under the Trust Deed, the Notes and Coupons, provided (in the case of the substitution of any company which is a Subsidiary of the Issuer or

such Successor in Business) that the obligations of the Subsidiary in respect of the Trust Deed, the Notes and Coupons shall be unconditionally and irrevocably guaranteed by the Issuer or such Successor in Business in such form as the Trustee may require and provided further that (in the case of Subordinated Notes and Senior Non-Preferred Notes) the obligations of such Successor in Business or Subsidiary of the Issuer or of any such Successor in Business and any such guarantee shall rank on a basis considered by the Trustee to be equivalent to that in respect of the Issuer's obligations in respect of the relevant Notes and Coupons.

- (b) If the Issuer shall amalgamate with one or more other building societies pursuant to Section 93 of the Act or transfer its engagements to another building society pursuant to Section 94 of the Act or propose to transfer the whole of its business to a successor in accordance with Section 97 and other applicable provisions of the Act the successor will upon such transfer, pursuant to such provisions, forthwith automatically be substituted in place of the Issuer as principal debtor under the Trust Deed, the Notes and Coupons without any prior approval thereof being required from the Noteholders, Couponholders or the Trustee provided that in the case of Subordinated Notes and Senior Non-Preferred Notes where there is a proposed transfer in accordance with Section 97 and other such applicable provisions:
- (i) either (1) the Issuer satisfies the Trustee that the successor will be an authorised person for the purposes of the FSMA (or any statutory modification or re-enactment thereof) or (2) if such evidence is not so delivered, procure that such transfer is approved by an Extraordinary Resolution of the Noteholders;
 - (ii) in connection with such transfer, any variation or supplement to the Conditions must not be one which would or might cause any of the financial resources derived by the Issuer from the issue of the Notes to which the Trust Deed relates and which comprise Tier 2 Capital to be excluded from the financial resources considered appropriate by the Supervisory Authority for the purposes of paragraph 4(1) of Schedule 6 to the FSMA;
 - (iii) the circumstances in which such variation or supplement may take place are limited to dealing with matters arising out of the procedure by which the transfer takes place and the constitution of the transferee, which variation or supplement shall be effected by the execution of a trust deed supplemental to the Trust Deed and shall bind any successor as fully as if the successor had been named in the Trust Deed as principal debtor in place of the Issuer. A memorandum of any such supplemental trust deed shall be endorsed by the Trustee on the Trust Deed and by the Issuer on the duplicate of the Trust Deed; and
 - (iv) no variation or supplement to the terms of the Trust Deed or of these Conditions shall be made which would or might cause:
 - (A) any qualifying own funds or capital resources of the Issuer for the purposes of the Regulatory Capital Requirements prevailing at that time to be excluded from such own funds or capital resources; or
 - (B) any liabilities of the Issuer which, for the purposes of the Loss Absorption Regulations prevailing at that time, qualify towards the Issuer's minimum requirements for own funds and eligible liabilities and/or loss absorbing capacity instruments to be excluded from such minimum requirements for own funds and eligible liabilities and/or loss absorbing capacity instruments.
- (c) Any substitution referred to in Conditions 14(a) and (b) shall be binding on the Noteholders and the Couponholders and, unless the Trustee agrees otherwise, shall be notified to the Noteholders by the Issuer as soon as practicable thereafter in accordance with Condition 18.

15 Further Issues

The Issuer is at liberty from time to time without the consent of the Noteholders or Couponholders to create and issue further notes ranking *pari passu* in all respects (or in all respects save for the date for, and the amount of, the first payment of interest thereon) with the outstanding Notes and so that the same shall be consolidated and form a single series with the outstanding Notes.

16 Replacement of Notes, Coupons and Talons

If a Note (including any Global Note), Coupon or Talon is mutilated, defaced, destroyed, stolen or lost it may be replaced at the specified office of the Agent in London, or any other place approved by the Trustee of which notice shall have been published in accordance with Condition 18, on payment of such costs as may be incurred therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

17 Indemnification

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility in certain circumstances including provisions relieving it from instituting proceedings to enforce repayment unless indemnified to its satisfaction.

18 Notices

All notices regarding the Notes will be valid if published in the *Financial Times* or any other daily newspaper in the United Kingdom approved by the Trustee or, if this is not possible, in one other English language daily newspaper approved by the Trustee with general circulation in Europe (including the United Kingdom). The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange for any other relevant authority) on which the Notes are for the time being listed or admitted to trading including publication on the website of the relevant stock exchange or relevant authority if required by those rules. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication.

Until such time as any definitive Notes are issued, there may, so long as any Global Note is held in its entirety on behalf of Euroclear and/or Clearstream, Luxembourg, be substituted for such publication as aforesaid the delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the Noteholders on the second day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg, as appropriate.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together with the relative Note or Notes, with the Agent. Whilst any of the Notes are represented by a Global Note, such notice may be given by any Noteholder to the Agent via Euroclear and/or Clearstream, Luxembourg, as the case may be, in such manner as the Agent and Euroclear and/or Clearstream, Luxembourg, as the case may be, may approve for this purpose.

19 Contracts (Rights of Third Parties) Act 1999

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

20 Governing Law

The Trust Deed, the Notes, the Coupons, the Talons and any non-contractual obligations arising out of or in connection with the Trust Deed, the Notes, the Coupons and the Talons are governed by, and shall be construed in accordance with, English law.

USE OF PROCEEDS

The net proceeds from each issue of Notes will be used by the Issuer for the general funding purposes of its business.

YORKSHIRE BUILDING SOCIETY

Introduction

Yorkshire Building Society's principal office is at Yorkshire House, Yorkshire Drive, Bradford, West Yorkshire BD5 8LJ (telephone number: 01274 740740). The Society and its subsidiaries (the "**Group**") was, in terms of total assets, at 30 June 2018 the third largest building society in the United Kingdom with total assets of £42.3 billion (source: Interim Group Accounts 2018).

The Society was formed in 1884 as The Bradford Self-Help Permanent Building Society. It was incorporated in England in 1885 under the Building Societies Act 1874. In 1975 it merged with the Huddersfield Building Society (incorporated in 1864) to become the Huddersfield and Bradford Building Society. The present name was adopted following a further merger with the West Yorkshire Building Society in 1982. The engagements of Haywards Heath Building Society were transferred to the Society on 31 December 1992. On 31 December 2001 the Gainsborough Building Society merged with the Society. The engagements of Barnsley Building Society were transferred to the Society on 31 December 2008, on 1 April 2010 the engagements of Chelsea Building Society were transferred to the Society and on 1 November 2011, the engagements of Norwich and Peterborough Building Society were transferred to the Society, in each case under section 94 of the Building Societies Act 1986.

On 31 October 2011, the Society acquired the mortgages and savings business of Egg Banking plc, comprising a £2.1 billion savings book and a £0.4 billion mortgage book.

Except as otherwise stated, financial information contained herein is either (i) extracted from the audited consolidated annual accounts of the Society and its subsidiaries or the unaudited consolidated interim financial statement of the Society and its subsidiaries or (ii) calculated using financial information extracted from such annual accounts.

Constitution

The Society is regulated by the Financial Conduct Authority and the Prudential Regulation Authority and operates in accordance with the Building Societies Act and the Society's memorandum (the "**Memorandum**") and rules (the "**Rules**"). It is an authorised building society within the meaning of the Building Societies Act and is registered under the FSMA, Registered Number 66B.

The Society, as a building society, is a mutual organisation and, unlike a company incorporated under the Companies Act 1985 or the Companies Act 2006, does not have equity shareholders in the usual sense. A share in the Society is not the same as a share in a company and voting power is not weighted according to the number or value of shares held. No individual member is entitled to more than one vote on any resolution proposed at a general meeting. Holders of investment shares may withdraw funds from their share accounts subject to the rules of the Society and the terms upon which their shares are issued. Depositors with and lenders to the Society are not members and accordingly have no voting rights.

A building society may, subject to the approval of its members (by a requisite shareholders' resolution of investing members and a borrowing members' resolution) and confirmation by the relevant regulatory authority, transfer its business to a specially formed public company limited by shares incorporated in the United Kingdom or an EEA company which has power to offer its shares or debentures to the public in a procedure commonly referred to as "conversion" or to an existing successor company which is a public company limited by shares incorporated in the United Kingdom or an EEA company with power to offer its shares or debentures to the public in a procedure commonly referred to as a "takeover".

The Mutual Societies Transfer Order modifies section 97 of the Building Societies Act to permit a building society to transfer the whole of its business to a relevant subsidiary of a building society, friendly society or registered society within the meaning of the Co-operative and Community Benefit Societies Act 2014 incorporated in the United Kingdom or other EEA mutual society (as defined in that legislation).

The Society is committed to its existing status as a mutual building society run for the benefit of its current and future members. During 1998 the Society announced the establishment of a charitable foundation. Since the date of its establishment, new members of the Society have to agree to assign to the foundation their rights to any windfall benefits arising from a conversion to plc status during the period of five years from commencement of their membership. Members retain their full rights to vote on any conversion resolution during the five year assignment period.

The affairs of the Society are conducted and managed by a board of directors who are elected by members of the Society and who serve in accordance with the rules of the Society. The board is responsible to the members for the proper conduct of the affairs of the Society and appoints and supervises the senior executives of the Society who are responsible to the board for the day-to-day management of the Society. Eligibility to vote at general meetings is governed by the Building Societies Act and the rules of the Society.

Board of Directors

The directors of the Society and their responsibilities within the Society, their business occupations outside the Society (if any), their other directorships, their dates of birth and the dates that they were appointed as directors, as of the date hereof, are as set out below:

Directors	Date of birth	Date of appointment as a Director	Business Occupation	Other Directorships
John Robert Heaps, LLB	8 July 1953	20 November 2014	Chairman	The CityUK Limited The Garden Bridge Trust
Neeta Avnash Kaur Atkar, BSc	11 November 1965	25 April 2017	Non-executive Director	British Business Bank plc British Business Bank Financial Services Ltd British Business Finance Ltd National Financial Services Skills Academy Nomura Bank International plc Nomura Europe Holdings plc Nomura Financial Products Europe Nomura International plc
Alison Elizabeth Hutchinson, CBE, BSc	5 February 1967	4 February 2015	Charity Chief Executive	DFS Furniture plc Liverpool Victoria Friendly Society Ltd Your Penny Ltd
Gordon Roland Ireland, BSc, FCA....	17 May 1953	1 September 2015	Non-executive Director	Aspen Insurance Holdings Ltd. Aspen Insurance UK Ltd Iccaria Insurance ICC Ltd.
Alasdair Bruce Lenman, MA, ACMA	25 December 1969	4 December 2017	Chief Finance Officer and Executive Director	None
Mark Andrew Pain, BSc, FCA	15 June 1961	1 August 2013	Non-executive Director	Empiric Student Property plc London Square Developments (Holdings) Limited LSQ Management Ltd London Square Limited
Guy Paul Cuthbert Parsons, BA	31 July 1963	1 May 2013	Company Director	EasyHotel plc EasyHotel UK Ltd.

Directors	Date of birth	Date of appointment as a Director	Business Occupation	Other Directorships
Michael Charles Regnier, MENG, MBA.....	30 September 1971	3 June 2014	Chief Executive Officer and Executive Director	BCS Loans & Mortgages Ltd
Stephen Cameron White, BComm	4 April 1971	24 February 2016	Chief Operating Officer and Executive Director	Accord Mortgages Ltd YBS Properties (Edinburgh) Ltd Yorkshire Key Services Ltd

The business address of the Society's Directors is at Yorkshire House, Yorkshire Drive, Bradford, West Yorkshire BD5 8LJ.

Management

Whilst the Society's board of directors is responsible for strategy and policy, implementation of policy and day-to-day management is delegated to the following senior executives:

M. C. Regnier, MENG, MBA	<i>Chief Executive Officer</i>
C. Canning	<i>Chief Customer Officer</i>
A.B. Lenman, MA, ACMA	<i>Chief Financial Officer and Executive Director</i>
D. Morris, BA (Hons), MA	<i>Chief Commercial Officer</i>
R.S.Wells, FCIB	<i>Chief Risk Officer</i>
S.C.White, BComm	<i>Chief Operating Officer and Executive Director</i>
G. Willmott, MA, BPhil	<i>Chief Strategy and Digital Officer</i>

The business address of the Society's senior executives is at Yorkshire House, Yorkshire Drive, Bradford, West Yorkshire BD5 8LJ.

There exists no potential conflicts of interest between (i) any duties owed to the Society by any member of the board of directors or any of the senior executives listed above and (ii) their private interests and/or other duties, other than as set out below.

The Society has an investment in Arkose Funding Limited. In 2014, a loan of £4.0m to Arkose Funding Limited was fully impaired.

There have been no material changes to related parties and the associated related party transactions since the 2017 year end.

Business and Strategy of the Society

The Group vision is to be the most trusted provider of financial services in the United Kingdom. The vision is underpinned by 4 strategic priorities: to attract and retain the best talent; to deliver a market-leading customer experience; to deliver sustainable financial performance and to deliver easy and simple products, processes and systems for all channels and brands.

Financial management of the Group is aimed at achieving a balance between delivering value and service to its members whilst maintaining financial strength for the long term. This means that products are priced to deliver long term value to members whilst generating sufficient profits to maintain the Group's strong capital position since retained profits are the Group's primary source of capital.

The Group's strategy is reflected in its business model, focused on the provision of retail financial services in the United Kingdom. The primary markets in which the Society operates are retail deposit taking, residential mortgage lending (both direct and intermediary via its wholly owned subsidiary, Accord Mortgages Limited), buy to let lending and the sale of related general insurance and protection through third party product providers.

The other purposes and powers of the Society are specified in the Memorandum.

International Financial Reporting Standards

With effect from 1 January 2005 the Group has been required to prepare its financial statements in accordance with International Financial Reporting Standards as adopted by the EU ("IFRS"). Previously the Group had prepared its financial statements in accordance with United Kingdom Generally Accepted Accounting Principles.

Group Income

The Total Interest Receivable for the half-year ended 30 June 2018 amounted to £520.7 million. The Net Interest Income was £237.6 million, Net Fee and Commission Income was £4.1 million and Other Income and charges was £7.3 million giving a total of £249.0 million. The operating profit before tax was £88.6 million.

Group Lending can be summarised as follows:

	Half-year ended 30 June	Year ended 31 December	
	2018	2017	2016
		<i>£'000</i>	
Average balance outstanding.....	35,262,772	34,582,251	33,712,469
Interest earned.....	446,589	957,580	1,050,772
Annualised average yield (%).....	2.6	2.8	3.1

The Group's gross lending for the six months ended 30 June 2018 was £4.0 billion and its net lending was £0.4 billion.

Mortgage Losses

The following table shows for the two years ended 31 December 2016 and 31 December 2017 and the six months ended 30 June 2018 charges for impairment of loans and advances to customers for the period as a percentage of mortgage balances net of impairment provisions:

	Annualised (release)/ charge for provisions for losses on loans and advances to customers as a percentage of mortgage balances	Mortgages Balances £'000
Year ended 31 December 2016	0.0003	34,103,286
Year ended 31 December 2017	(0.028)	35,061,216
Period ended 30 June 2018	0.0034	35,464,337

Liquidity

Building societies are required to hold a proportion of their assets in a readily realisable form. At 30 June 2018 the Group held liquid assets of £5,994.6 million, being 15.4 per cent. of total shares and borrowings, and a liquidity coverage ratio of 150 per cent.

The types of investment in which building societies may invest funds are laid down in rules and guidance issued by the United Kingdom regulatory authorities.

At the end of June 2018, December 2017 and December 2016 the gross and free capital ratios of the Society for the purposes of the Building Societies (Accounts and Related Provisions) Regulations 1998 were as follows:

	Half-year ended 30 June	Year ended 31 December	
	2018	2017	2016
Gross capital as a percentage of shares and borrowings ..	7.9	7.7	6.9
Free capital as a percentage of shares and borrowings.....	7.5	7.4	6.5

Gross capital represents the Group's total equity attributable to members (£2,468.6 million as at 30 June 2018) plus Tier 1 capital of £6.3 million and the existing subordinated debt of £594.8 million. Free capital represents the gross capital less the book value of fixed assets plus the collective impairment provision.

The Common Equity Tier 1 ratio is a key capital measure. The Common Equity Tier 1 ratio increased from 15.8 per cent. at 31 December 2017 to 16.1 per cent. on 30 June 2018 and is above the regulatory minimum.

Other Financial Information

The financial measures presented by the Issuer in this section are not defined in accordance with IFRS accounting standards. However, the Issuer believes that these measures provide useful supplementary

information to both investors and the Issuer's management, as they facilitate the evaluation of the Issuer's performance. It is to be noted that, since not all companies calculate financial measurements in the same manner, these are not always comparable to measurements used by other companies (even if similarly labelled). Accordingly, these financial measures should not be seen as a substitute for measures defined according to IFRS. The list below presents alternative performance measures, along with their reconciliation to the extent that such information is not defined according to IFRS and not included in the Issuer's financial statements incorporated by reference into this Prospectus.

Other Financial Information

Financial Measure	Year ended 31 December		Half-year ended 30 June	Definition	Rationale for inclusion
	2016	2017	2018		
Core Operating Profit (£m)	128	160	86	Core operating profit measures underlying performance by excluding non-core items, both positive and negative, such as timing differences that reverse over time (e.g. fair value adjustments) or items of a one-off nature (e.g. asset sales).	Measures underlying performance.
Net Interest Margin (%)	1.22	1.23	1.13	This ratio calculates the net interest income as a percentage of mean total assets on an annualised basis.	Measure of the interest margin being a key indicator of margin performance.
Liquidity (%)	12.8	15.7	15.4	An amount as defined by the Building Societies (Accounts and Related Provisions) Regulations 1998. This comprises cash in hand, balances with the Bank of England, debt securities (including Government investment securities (gilts)), loans to credit institutions and other liquid assets, expressed as a percentage of Shares, Deposits and Liabilities (SDLs).	Measure of readily available liquidity.
Cost to Income Ratio (%)	67.2	63.4	63.5	A ratio that represents management expenses as a percentage of total income.	Measure of the efficiency of the business.

Core Operating Profit is derived as follows:

	Year ended 31 December		Half-year ended 30 June
	2016	2017	2018
	(£m)		
Statutory profit before tax	152	166	89
<i>Reverse out:</i>			
FSCS levy ⁽¹⁾	5	2	(2)
Non-core investments ⁽²⁾	(1)	(6)	—
Net gains/losses from fair value volatility on financial instruments ⁽³⁾	(1)	(7)	(2)
Mergers – adjustments to balances acquired ⁽⁴⁾	(3)	(4)	(2)
Other non-core items ⁽⁵⁾	(24)	9	3
Core operating profit	128	160	86

Notes:

- (1) The Issuer's share of the overall cost of funding failed institutions through this scheme.
- (2) Gains/losses on the Issuer's outstanding structured credit portfolio.
- (3) Reflects changes in market rates on some assets and liabilities. These are mostly timing differences and will reverse in time.
- (4) The release of fair value adjustment made on merger for the provision of expected lifetime losses.
- (5) Charge of £3m for restructuring costs expected to be incurred as a result of organisational changes announced in 2017.

Net Interest margin is derived as follows:

	(£m)		
Total Interest Receivable	520.7		
Total Interest Payable	(283.1)		
		237.6	
<i>Net Interest Receivable expressed as a percentage of mean assets:</i>			
Assets c/f	42,282.0		
Assets b/f	42,047.2		
Mean		42,164.6	
Net interest margin (annualised)			1.13

Liquidity is derived as follows:

	<i>(£m)</i>	
Cash in Hand & Balances with the Bank of England.....	4,229.4	
Loans and Advances to Credit Institutions.....	265.2	
Debt Securities	1,500.0	
	<hr/>	
Total Liquid Assets	5,994.6	
 <i>as a percentage of SDLs:</i>		
Shares.....	28,751.7	
Amounts Owed to Credit Institutions.....	5,342.0	
Other Deposits.....	428.0	
Debt Securities in Issue.....	4,427.5	
	<hr/>	
Total SDLs	38,949.2	
 Liquidity ratio		 15.4

Cost/income ratio is derived as follows:

	<i>(£m)</i>	
Management expenses	158.0	
 <i>as a percentage of total income:</i>		
Net interest receivable.....	237.6	
Gains/losses arising on realisation	4.6	
Gains/losses on fair value volatility	1.5	
Fees and commission receivable.....	15.0	
Fees and commission payable.....	(10.9)	
Other operating income.....	1.2	
	<hr/>	
Total income.....	249.0	
 Cost/income ratio		 63.5

Funding Activities

Savings from the personal sector are the primary source of funds for the building society industry. However, since 1981 societies have been permitted to raise funds from the wholesale money markets, principally in the form of certificates of deposit, time deposits, loans from banks and note issues.

The proportion of shares and borrowings not in the form of shares held by individuals at 30 June 2018 was 26.2 per cent. compared with the statutory limit of 50 per cent.

The statutory limits are as laid down under the Building Societies Act 1986 (as amended by the Building Societies Act 1997 and secondary legislation) and ensure that the principal purpose of a building society is that of making loans which are secured on residential property and are funded substantially by its members.

The wholesale funding of the Group at 30 June 2018, 31 December 2017 and 31 December 2016 was:

	Half-year ended 30 June	Year ended 31 December	
	2018	2017	2016
		<i>(£m)</i>	
Amounts owed to credit institutions.....	5,342.0	4,451.6	3,120.8
Debt securities in issuance	4,427.5	4,933.3	4,361.4
Other Deposits.....	92.7	91.1	5.4
	<u>9,862.2</u>	<u>9,476.0</u>	<u>7,487.6</u>

The retail funding of the Group at 30 June 2018, 31 December 2017 and 31 December 2016 was:

	Half-year ended 30 June	Year ended 31 December	
	2018	2017	2016
		<i>(£m)</i>	
Shares.....	28,751.7	28,938.0	28,693.2
Deposits.....	335.3	329.1	429.3
	<u>29,087.0</u>	<u>29,267.1</u>	<u>29,122.5</u>

The Rules of the Society provide that the board of Directors may limit the amount which may be withdrawn from the Society in respect of any shares. Higher rates of interest are generally paid for larger investments in tiered or fixed rate accounts especially where there are restrictions against early withdrawal. Investing shareholders and borrowers automatically become members of the Society and such membership ceases on withdrawal in full of funds by investing shareholders or redemption of all loans by borrowers. Depositors do not become members of the Society on making deposits.

TAXATION

United Kingdom Taxation

The following is a summary of the Issuer's understanding of certain limited aspects of United Kingdom taxation under current United Kingdom tax law as applied in England and Wales, and HM Revenue and Customs' practice (which may not be binding on HM Revenue and Customs), although account is taken of the provisions of the current Finance (No. 3) Bill, assuming it is enacted in the form of the version ordered to be printed on 11 December 2018. They do not necessarily apply where the income is deemed for tax purposes to be the income of any other person. They relate only to the position of persons who hold their Notes and Coupons as investments (regardless of whether the holder also carries on a trade, profession or vocation through a permanent establishment, branch or agency to which the Notes are attributable) and are the absolute beneficial owners thereof. In particular, Noteholders holding their Notes via a depositary receipt system or clearance service should note that they may not always be the beneficial owners thereof. Certain classes of persons such as dealers, certain professional investors, or persons connected with the Issuer may be subject to special rules and this summary does not apply to such Noteholders. The summary assumes that there will be no substitution of the issuer of the Notes and does not consider the tax consequences of any such substitution.

The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who are in any doubt as to their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

(A) Payments of interest on the Notes

The following summary assumes that no Subordinated Notes will be issued prior to 1 January 2019 and that the current Finance (No. 3) Bill is enacted in the form of the version ordered to be printed on 11 December 2018.

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 ("ITA 2007"). The London Stock Exchange is a recognised stock exchange. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part 6 of the Financial Services and Markets Act 2000) and admitted to trading on the London Stock Exchange. Provided, therefore, that the Notes carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Notes will be payable without deduction of or withholding on account of United Kingdom tax.

In other cases, if the Notes are capable of being listed on a "recognised stock exchange" but are not so listed at the time the interest on the Notes becomes payable an amount must generally be withheld from such payments on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

If Notes are issued at a discount to their principal amount, any such discount element should not generally constitute interest and so should not be subject to any United Kingdom withholding tax. If Notes are redeemed at a premium to their principal amount (as opposed to being issued at a discount)

then, depending on the circumstances, such a premium may constitute a payment of interest for United Kingdom tax purposes and hence, subject to the exemptions described above, be subject to United Kingdom withholding tax. In these circumstances an amount must generally be withheld from payments of interest on the Notes at the basic rate (currently 20 per cent.).

(B) Further United Kingdom Income Tax Issues

Interest on the Notes is expected to have a United Kingdom source for United Kingdom tax purposes and, as such, may be subject to income tax by direct assessment even where paid without withholding or deduction.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident for tax purposes in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a “**foreign financial institution**” (as defined by FATCA) may be required to withhold on certain payments it makes (“**foreign passthru payments**”) to persons that fail to meet certain certification, reporting or related requirements. The Issuer believes that it is a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (“**IGAs**”), which modify the way in which FATCA applies in their jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the Issuer). However, if additional Notes (as described under Condition 15) that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all Notes, including the Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

The Dealers have in an amended and restated Programme Agreement (as further amended and/or supplemented and/or restated from time to time, the “**Programme Agreement**”) dated 18 December 2018 agreed with the Issuer a basis upon which they or any of them may from time to time agree to purchase Notes. Any such agreement for any particular purchase by a Dealer will extend to those matters stated under “*Terms and Conditions of the Notes*” and “*Form of the Notes*” above. The Issuer may pay the Dealers commissions from time to time in connection with the sale of any Notes. In the Programme Agreement the Issuer has agreed to reimburse and indemnify the Dealers for certain of their expenses and liabilities in connection with the establishment of the Programme and the issue of the Notes. The Dealers are entitled to be released and discharged from their obligations in relation to any agreement to issue and purchase Notes under the Programme Agreement in certain circumstances prior to payment to the Issuer.

(a) United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of Regulation S under the Securities Act (“**Regulation S**”). Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Programme Agreement, it will not offer, sell or deliver Notes (i) as part of their distribution at any time and (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, as determined and certified by the Agent to such Dealer, within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act. Each Dealer has further agreed, and each further Dealer appointed under the Programme will be required to agree, that it will send to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury Regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and U.S. Treasury Regulations promulgated thereunder. The applicable Final Terms will identify whether TEFRA D rules apply or whether TEFRA is not applicable.

(b) Prohibition of sales to EEA Retail Investors

Unless the Final Terms in respect of any Notes specifies “Prohibition of Sales to EEA Retail Investors” as “Not Applicable”, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the

offering contemplated by this Prospectus as completed by the Final Terms in relation thereto to any retail investor in the European Economic Area. For the purposes of this provision:

- (a) the expression “**retail investor**” means a person who is one (or more) of the following:
 - (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “**MiFID II**”); or
 - (ii) a customer within the meaning of Directive 2002/92/EC (as amended or superseded, the “**Insurance Mediation Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; and
- (b) the expression “**offer**” includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

(c) United Kingdom

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer were not an authorised person, apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

(d) Japan

The Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Act No. 25 of 1948, as amended; the “**FIEA**”). Accordingly, each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that it has not offered or sold, and will not offer or sell, any Notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (as defined under Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended)), or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the FIEA and any other applicable laws, regulations and ministerial guidelines of Japan.

(e) Singapore

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that this Prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered or sold any Notes or caused the Notes to be made the subject of an invitation for subscription or purchase and will not offer or sell any Notes or cause the Notes to be made the subject of an invitation for subscription or purchase, and has not circulated or distributed, nor will it circulate or distribute, this Prospectus or any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes, whether directly or indirectly, to any person in Singapore other than (i) to an institutional investor (as defined in Section 4A of the Securities and Futures Act (Chapter 289) of Singapore, as

modified or amended from time to time (the “SFA”)) pursuant to Section 274 of the SFA, (ii) to a relevant person (as defined in Section 275(2) of the SFA) pursuant to Section 275(1) of the SFA, or any person pursuant to Section 275(1A) of the SFA, and in accordance with the conditions specified in Section 275 of the SFA, or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where Notes are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

- (a) a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or
- (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

securities or securities-based derivatives contracts (each term as defined in Section 2(1) of the SFA) of that corporation or the beneficiaries’ rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the Notes pursuant to an offer made under Section 275 of the SFA except:

- i. to an institutional investor or to a relevant person, or to any person arising from an offer referred to in Section 275(1A) or Section 276(4)(i)(B) of the SFA;
- ii. where no consideration is or will be given for the transfer;
- iii. where the transfer is by operation of law; or
- iv. as specified in Section 276(7) of the SFA .

In connection with Section 309B of the SFA and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), unless otherwise specified before an offer of Notes, the Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

(f) General

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that it will (to the best of its knowledge and belief having made all reasonable enquiries) comply with all applicable securities laws and regulations in force in any jurisdiction in which it purchases, offers, sells or delivers Notes or possesses or distributes this Prospectus and will obtain any consent, approval or permission required by it for the purchase, offer, sale or delivery by it of Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such purchases, offers, sales or deliveries and neither the Issuer nor any of the other Dealers shall have any responsibility therefor. Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption thereunder, or assumes any responsibility for facilitating such sale.

With regard to each Tranche, the relevant Dealer(s) will be required to comply with such other selling restrictions as the Issuer and the relevant Dealer(s) shall agree as a term of issuance and purchase.

GENERAL INFORMATION

Listing

It is expected that each Tranche of Notes which is to be admitted to the Official List and to trading on the London Stock Exchange's Regulated Market will be admitted separately as and when issued, subject only to the issue of a Global Note or Notes initially representing the Notes of such Tranche. Application has been made to the UK Listing Authority for Notes issued under the Programme to be admitted to the Official List and to the London Stock Exchange for such Notes to be admitted to trading on the London Stock Exchange's Regulated Market. The listing of the Programme in respect of Notes is expected to be granted on or about 20 December 2018.

Authorisation

The establishment of the Programme was authorised by a resolution of the Board of Directors of the Issuer passed on 20 April 1993. The increase in the aggregate outstanding amount of the Programme to £750,000,000 was authorised by a resolution of the Board of Directors of the Issuer passed on 26 July 1994. The further increase in the aggregate outstanding amount to £1,000,000,000 was authorised by a resolution of the Board of Directors passed on 24 September 1996. The further increase in the aggregate outstanding amount to £1,500,000,000 was authorised by a resolution of the Board of Directors passed on 22 September 1998. The further increase in the aggregate outstanding amount to £3,000,000,000 was authorised by a resolution of the Board of Directors passed on 20 March 2001. The further increase in the aggregate outstanding amount to £5,000,000,000 was authorised by a resolution of the Board of Directors passed on 22 March 2005. The current update of the Programme and the issue of Notes has been duly authorised by a written resolution of a management committee of the Board of Directors dated 14 December 2018.

Clearing Systems

The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and ISIN allocated by Euroclear and Clearstream, Luxembourg in respect of each Tranche of Notes will be specified in the applicable Final Terms. Transactions will normally be effected for settlement not earlier than two days after the date of the transaction. If the Notes are to clear through an additional or alternative clearing system the appropriate information will be specified in the applicable Final Terms.

The address of Euroclear is Euroclear Bank SA/NV, 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, S.A., 42 Avenue JF Kennedy, L-1855 Luxembourg.

Conditions for determining price

The price and amount of Notes to be issued under the Programme will be determined by the Issuer and the relevant Dealer at the time of issue in accordance with prevailing market conditions.

Auditors

The consolidated accounts of the Issuer for the financial years ended 31 December 2016 and 31 December 2017 have been audited, without qualification, in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board, by Deloitte LLP of 1 City Square, Leeds LS1 2AL. The auditors of the Issuer have no material interest in the Issuer.

Significant or Material Change

There has been no significant change in the financial or trading position of the Issuer and its subsidiaries since 30 June 2018 and no material adverse change in the financial position or prospects of the Issuer and its subsidiaries since 31 December 2017.

Litigation

There are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) which may have or have had during the previous 12 months a significant effect on the Issuer's financial position or profitability or that of the Issuer and its subsidiaries taken as a whole.

Documents Available

From the date hereof throughout the duration of the Programme, and while any Notes remain outstanding, copies of the following documents will, when published, be available at the registered chief office of the Issuer and from the specified office in London of the Agent:

- (i) the Memorandum and the Rules of the Issuer and the Act;
- (ii) the audited consolidated annual accounts of the Issuer and its subsidiaries for each of the years ended 31 December 2016 and 2017, together with the audit reports prepared in connection therewith;
- (iii) the unaudited consolidated interim financial statements of the Issuer and its subsidiaries for the six months ended 30 June 2018;
- (iv) the Trust Deed (which contains the forms of the Temporary and Permanent Global Notes, and the definitive Notes, the Talons and the Coupons) and the Agency Agreement and all amendments and supplements thereto and restatements thereof;
- (v) this Prospectus; and
- (vi) any future prospectuses, offering circulars, information memoranda and supplements (including Final Terms) to this Prospectus and any other documents incorporated herein or therein by reference.

Certificates and Reports of the Auditors

Any certificate or report of the auditors of the Issuer or any other person called for by or provided to the Trustee (whether or not addressed to the Trustee) in accordance with or for the purposes of the Trust Deed may be relied upon by the Trustee as sufficient evidence of the facts stated therein whether or not such certificate or report and/or any engagement letter or other document entered into by the Trustee in connection therewith contains a monetary or other limit on the liability of such auditors or such other person in respect thereof. However, the Trustee will have no recourse to the auditors in respect of such certificates or reports unless the auditors have agreed to address such certificates or reports to the Trustees.

Dealers transacting with the Issuer

Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuer and its affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not

limited to) entering into hedging strategies on behalf of the Issuer and its affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer's affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.
